

ABOUT US

We, at Rolling Pix, began our journey in the corporate world around 14 years back. A name associated with many multinational companies, like CAIRN India, ONGC, INDIAN OIL, GAIL and several others -- we now proudly stand on the top of the ladder to help you strengthen and communicate your brand's story succinctly.

Our purpose is to breath life into your vision with powerful storytelling through our varied repertoire of work which includes Vivid Images, Corporate Films, Video Logs (Vlogs), Social Films, and much more.
