Festival Highlights

The **Almere International Film Festival (AIFF)** is an initiative of the **My Name Is Climate Foundation (MNIC)** and celebrates the art of cinema by showcasing diverse filmmaking talent from around the globe. Our festival brings together filmmakers, audiences, and industry professionals to explore and appreciate the power of storytelling through film. Held annually in Almere, this vibrant event features screenings, panel discussions, and networking opportunities, allowing filmmakers to connect and collaborate. We are committed to promoting both established and emerging voices in the film industry, ensuring that every unique perspective is represented. AIFF fosters a welcoming environment for filmmakers and enthusiasts alike.

Our festival strives to create an engaging platform where creativity thrives and new ideas flourish. With various film categories, including documentaries, shorts, and feature films, there is something for everyone. We also host workshops and masterclasses led by industry experts, providing valuable insights for aspiring filmmakers. By supporting local talent and celebrating international contributions, we aim to enrich the cultural landscape of Almere and beyond. The festival not only promotes films but also encourages dialogue and collaboration, making it a vital hub for sharing experiences and igniting passion for cinema.

About My Name Is Climate

My Name is Climate Film Festival (MNICFF) Awards 2025 is an IMDb-qualified film festival held annually in the UK, dedicated to fostering positive climate change globally. We believe in the transformative potential of film to raise awareness and inspire action towards climate goals. At MNICFF, our mission is to offer independent filmmakers a distinctive platform to showcase their work and receive the recognition they deserve. We champion creative freedom, allowing filmmakers to express their unique visions without the constraints of commercial pressures. MNICFF aims to replicate this initiative in Almere, one of the youngest cities in the Netherlands.

This proposal seeks detailed funding and support to bring the AIFF vision to life. Despite being a relatively small nation in terms of media production, the Netherlands is ready to host a significant International Film Festival. Our country leads in Climate and Environmental initiatives, with numerous wind farms and solar panels. An event like this is crucial and is expected to inspire more individuals towards green energy, sustainability, and nature conservation.

In collaboration with MY NAME IS CLIMATE, we are establishing a platform for filmmakers, producers, and other stakeholders, providing them with access to advice, guidance, and collaboration opportunities.

Film Professionals Platform

MNIC will be a platform for film professionals and enthusiasts alike to exchange ideas and collaborate on innovative projects. By hosting workshops, panel discussions, and networking events, we aim to foster a vibrant environment where participants can learn from industry leaders and share their own experiences. This dynamic exchange of knowledge not only nurtures individual growth but also elevates the collective understanding of global cinema.

Our festival will also focus on empowering underrepresented voices, ensuring that diverse stories are given the spotlight they deserve. Through curated screenings and interactive sessions, we hope to inspire a new generation of filmmakers and audiences to appreciate the rich tapestry of global narratives.

Furthermore, we are committed to implementing sustainability practices across all aspects of the festival- and film making, from eco-friendly venues to digital programs that reduce our carbon footprint. By prioritizing environmental responsibility, we strive to set a standard for how cultural events can contribute positively to our planet.

Ultimately, MNIC seeks to build lasting connections, both locally and globally, creating a legacy of cultural exchange and mutual respect that extends far beyond the festival itself.

Our Mission

Promoting global cinematic experiences

Our goal is to highlight global cinema while promoting engagement within the local community, celebrating a variety of narratives and artistic expressions throughout the festival.

- Enhanced Community Involvement
- Strengthened Sustainability Initiatives
- Raised Awareness
- Fortified Community Connections
- Development of Policies
- Boosted Tourism through Better Visibility and Reputation
- Job Opportunities
- Educational Prospects
- Cultural Enrichment
- Improved Policy Formulation

Vision

We envision a festival that brings together filmmakers and audiences, creating an **inclusive platform** for storytelling that transcends cultural boundaries and inspires creativity.

An Impression

The Team

Our team consists of passionate film professionals and climate activists , each bringing unique expertise and perspectives to our mission. We are dedicated to creating impactful narratives that inspire change and foster a deeper understanding of climate issues through the art of film. With diverse backgrounds and a shared commitment to sustainability, our team collaborates to produce thought-provoking content, host engaging events, and support filmmakers who aim to make a difference. Together, we strive to harness the power of storytelling to educate, motivate, and empower audiences worldwide.

Location

AIFF 2025 will be held in Culture House Almere Buiten. It is a vibrant community hub located in the heart of Almere Buiten. This dynamic space serves as a gathering place for residents to engage in a variety of cultural, educational, and artistic activities. With its modern architecture and welcoming atmosphere, the Culture House offers an array of programs and events that cater to all ages and interests. From art exhibitions and theater performances to workshops and language classes, there is always something inspiring happening here. The center aims to foster a sense of community, encouraging creativity and collaboration among its visitors, and enhancing the cultural landscape of Almere Buiten.

The venue is currently undergoing a major renovation which is to be expected to finish in October 2025. I will feature three cinema rooms, each equipped with state-of-the-art technology to provide an immersive movie-going experience. These new additions will allow the Culture House to host film festivals, special screenings, and community movie nights, further diversifying its offerings and attracting film enthusiasts from all over the area.

In addition to the cinema rooms, the renovation includes the creation of a versatile performance space with adaptable seating arrangements and advanced lighting and sound systems. This will accommodate a broad spectrum of events, from intimate concerts and theatrical productions to community forums and lectures.

As the renovations progress, the Culture House remains committed to its mission of enriching the community's cultural life, with plans to introduce even more innovative programs and partnerships that reflect the diverse interests and talents of Almere Buiten's residents.

Thanks to the film festival FUIFF AWARDS UNITED KINGDOM for awarding our film Mountain Wagtail the Audience Award! For appreciating our work. Thanks to all the organizers, selectors and jury of the festival. Communication with the festival is organized at the proper level. I wish the festival continued success. Sincerely, director of the film "Mountain Wagtail" Begaly Nargozu.

Dale Foster

The cast and crew of "Finding Revelation, Alabama" were thrilled to be selected for FUIFF. So glad to see the Interfaith programming. Not many festivals offer this category. Good communication from the festival organizers who did a nice job of promoting the event.
