EVENT OVERVIEW

BCT Expo 2026 is Southeast Asia's premier exhibition and conference dedicated to the building, construction, and mining industries. Held under the theme "Empowering Net Zero in Construction & Mining," the event serves as a leading business platform where industry professionals can connect, exchange knowledge, discover the latest technologies, and establish strategic partnerships. Bringing together project owners, contractors, engineers, architects, developers, and key decision-makers from Thailand and across Southeast Asia, BCT Expo provides an ideal environment for business networking and industry collaboration.

The three-day exhibition will feature over 150 leading brands showcasing the latest innovations in construction machinery, construction and mining equipment, building materials, construction technology, artificial intelligence (AI), robotics, smart construction solutions, and sustainability innovations. Visitors will also gain valuable insights through a comprehensive lineup of free conferences, technical workshops, and special industry pavilions, including the Department of Primary Industries and Mines (DPIM) Exhibition Pavilion, the Industrial Lighting Innovation Pavilion from Zhejiang Province, Engineering Workshops by the Council of Engineers Thailand, Sustainability and Carbon Management Sessions by PTT, and Workplace Hazard Inspection and Prevention Workshops. With participation from more than 4,000 industry professionals across Southeast Asia, BCT Expo 2026 offers an exceptional opportunity to explore emerging trends, enhance technical knowledge, and build lasting business relationships.

WHAT TO EXPECT

01

INDUSTRY NETWORKING OPPORTUNITIES

Connect with project owners, contractors, engineers, architects, developers, and decision-makers from across Southeast Asia to build strategic partnerships and explore collaboration opportunities.

02

TECHNOLOGY & INNOVATION SHOWCASE

Experience the latest advancements in construction machinery, mining equipment, AI, robotics, smart construction solutions, and sustainable building technologies from 150+ global brands.

03

BUSINESS MATCHING & ENGAGEMENT

Engage in meaningful B2B interactions, explore potential partnerships, and identify new business leads within the regional construction and mining ecosystem.

04

TECHNOLOGY & INNOVATION SHOWCASE

Attend free conferences, engineering workshops, and expert talks covering industry trends, sustainability practices, carbon management, and construction safety.
