Emergency Numbers

Police, Fire, Ambulance, First Aid

If you need first aid supplies or assistance, you can call an ambulance at 511 or take a short walk to the **Sandy Crest Medical Clinic**. The clinic is located at Sandy Crest, Sunset Crest, Holetown, and their medical staff can be reached at **+1 (246) 419-4911**.

Power & Internet Outage

Uh oh, power or internet outage? No worries, we've got you covered! We can find out what's going on and how long it should take to get back up and running. And let's be real, **99%** of the time it's just a temporary, area-wide outage. Time to pour a rum punch and enjoy the island life!

For updates on service issues in Barbados, check out these websites:

- For power outages in Holetown: The BL&PC posts notices about area-wide outages and estimated restoration times [on their Facebook page](#). We'll be checking it too, because let's face it, calling their call centre is a snooze fest.
- For internet outages: Flow Barbados shares updates [on their Instagram](#) and Facebook pages. This is where we check for estimated restoration times. This rarely happens and usually only after torrential downpours (also rare).

Remember, if you have any concerns or questions, don't hesitate to reach out to us. We're here to make sure your stay is smooth sailing.

The Ground Rules

The Ground Rules

Dear beach lovers,

If you've booked your stay through **AirBnb**, congratulations! We kindly ask that you take a moment to read and follow [AirBnb's Ground Rules for Guests](#) as you're bound to those rules. Additionally, we have a few house rules of our own at Sea Salt that we ask you to abide by during your stay with us.

Firstly, we want to remind you that we're not just robots behind a screen. We're a friendly local couple with a toddler who live up the road from you, so if you need anything, please don't hesitate to reach out to us. We'll be there before you can mix a rum punch (or within a reasonable time frame).

We kindly ask that you treat our space with respect during your stay. This includes keeping the space clean, reporting any damage, and disposing of trash properly. We want to avoid any unwanted guests like ants or other critters, and we don't want to make our housekeeper cry either. Please respect our check-in/out times, refrain from smoking indoors, and keep noise levels down after 9pm. We don't want any complaints from our neighbors about "crazy tourists" next door.

We have a strict no-party policy and ask that you do not invite any unregistered guests onto the property. This is important for many reasons, including the fact that your insurance is void as soon as someone crosses our front gate. If you're looking for great places to meet new and old friends, please don't hesitate to ask us.

If anything is bothering you during your stay, please let us know. We'll do our best to resolve any issues that may arise. If an accident occurs, please report it to us immediately so that we can clean it up or fix it before it becomes permanent damage.

Lastly, we kindly ask that you refrain from leaving trash on the floors or between mattresses. We have plenty of trash bins available for your use. Additionally, please do not feed any stray cats or monkeys in the gardens. If you'd like to help out stray animals in Barbados, please contact www.arkanimalwelfarebarbados.com.

Thank you for taking the time to read through our house rules. We hope you have a wonderful stay with us!

Weekly Linen Refresh

Weekly Linen Refresh

Our linen service will swing by **once a week** to keep your sheets and towels fresh! Now, we do want to clarify that this isn't a full-on cleaning visit. If you're feeling particularly tidy and want to do your own cleaning, you'll find all the supplies you need under your kitchen sink. But if you'd rather leave the cleaning to us, just send us a request below to purchase additional cleaning visits during your stay.

Rent a Car

Hey there, beach bums! We've got a hot tip for you - our guests have been known to score a **10% discount** from **Go Rent a Car** or **Stoutes** by mentioning that they're staying with **The Johnsons at Sea Salt Studios**. But remember, kindness is currency on this island - these guys can retract their offer if our guests come across as entitled. You'll have to phone them and ask nicely. There's no guarantee that cars will be available, and pricing can vary depending on the season. What to Pack for Barbados

Things To Bring

First, What Not to Bring

Before we recommend what to bring, we should mention what you shouldn't bring:

- **Camouflage or "camo"** clothing items or gear are illegal in Barbados and locals will be quick to point this out!
- **Avoid packing black clothing** (and hats, and sunglasses) which attract mosquitos, especially at dawn and dusk. If you must, then we suggest bringing lots of mosquito repellent to wear with black colours.

What to Pack for Barbados

- Turkish-style beach towels that pack small
 - See our section on [Beach Towels](#).
- US dollars! Accepted everywhere **except on city buses**
 - *Note: All change will be returned to you in Barbados dollars*
 - See our section on [Tipping in Barbados](#) and [Which Currency is Best](#)
- Photocopy of passport with your return flight number to take advantage of duty-free prices in Holetown (see our section about [Retail Shops & Duty-Free](#))
- **Compact umbrellas** for brief rain showers (especially June to November)
 - *Consider a few compact disposable water ponchos as well*
- Your favorite ground (drip) coffee or tea (these are **very** expensive here)
- Delicate soap for hand washing the sea salt off your beautiful swimwear (we provide racks or hooks for drying)
- Make-up wipes to protect our towels from permanent damage
- Antibiotic creams and Band-Aids to treat minor scrapes and blisters
- Mosquito repellent **with deet** (especially June to November)
 - See [Packing for Storm Season](#)
- Mosquito relief ointment (certain people react more to bites)
- Over-the-counter medications (like Advil or Tylenol)
- Un-tinted Sunscreens of various strengths
- Sunburn remedies or after sun gels (we recommend [Sudocrem](#) for sunburns)
- Waterproof phone case for swimming with turtles
 - *Swim with turtles on a [Cool Runnings Catamaran Cruise](#)*
- UK power adapters and extension chord for phone chargers to reach the bed
- **Insulated travel cups to keep your drinks cold** (thank us later)
- A data roaming plan for access to WIFI around the island (most establishments offer free WIFI, but *not the beaches*)
- Quality feminine hygiene products (variety is limited and oddly old-fashioned *cardboard* over here)
- A sleep aid if you'll be jet lagged ([this sleep gummy is our favourite](#)).

You can expect to pay up to **300%** more things in Barbados. The only cheap things are made or produced locally, such as rum!

Remove your trash regularly!

Remove your trash regularly!

During your stay, you're responsible for removing your trash as often as required to **prevent flies, lingering odours and other unpleasantries** (every couple of days). The exterior trash bins are located **at the edge of the driveway** and we've left you extra bags under the kitchen sink. Your empty bottles should be rinsed out, gathered in bags and placed neatly (unbroken) beside the exterior garbage bins.

Remember, odour and pest removal isn't covered during your stay, and insects can breed very quickly in the Barbados humidity. Don't let your trash accumulate, remove it regularly. Ask us if you need additional bags during your stay.

If you're concerned with keeping the space free of smells and critters, schedule a paid cleaning visit every couple of days by clicking below:

Holetown Supermarkets

Massy Supermarket

The local [Massy Supermarket](#) is located a short walk from your accommodation, off the main highway, in the heart of Holetown.

It's the most modern and beautiful supermarket on the island, great for small items which you'll need during your stay and with many Waitrose brand products. You'll also find a convenient pharmacy section with health and beauty products for your stay.

Additional details about this place are available in the digital version of this guide.

Health Food Store

For health food products, we recommend stopping by [Body Restoration](#) in Holetown, behind the Rubis gas/petrol station, next to the large Massy Supermarket. Here, you'll find a lot of keto-friendly and gluten-free snacks and products great for the beach or meal preparation.

Additional details about this place are available in the digital version of this guide.

Food & Wine Delivery

A note about deliveries...

There are many conveniences on the island but it's always best to plan ahead if you think you'll be ordering food in, or wanting better wines delivered for your stay. We recommend creating your accounts with these vendors ahead of arrival to maximize your beach time.

Please note that we only accept deliveries of [Trident Wines](#) or (frozen) [Clifton Fine Meats](#) on your behalf, since these can be received during office hours, stored properly and then placed in your refrigerator or accommodation on the morning of your arrival (or while you're at the beach).

We receive zero commission from the vendors we recommend. Their prices are fair, and we personally use them on a regular basis.

Sandy Lane Beach (West Coast, 750m)

This is a beautiful white sand beach but please note, **it's a bit of a hike and no loungers available**. For those seeking access to beach front restaurants and bars, head to **Holetown Beach** or **Paynes Bay**.

Additional details about this place are available in the digital version of this guide.

Paynes Bay Beach (West Coast, 2km)

Catch a yellow bus heading South (marked **B'Town**) for this one and ask to stop at **Paynes Bay Beach**. Busses only accept BBD and current fare is BBD3/ adult. Beautiful long sandy beach. West Coast Taxi

West Coast Taxi Service

All taxi arrangements are made **directly by guests**. Here's the company we recommend, but it's probably easier to flag a taxi along the coastal road or in the parking lots of Sunset Crest Plaza, Just Grilling or Massy Supermarket.

West Coast Taxi Company

Arrange a taxi by sending a **Whatsapp** message to the local West Coast Taxi Company. Their preferred method of contact is Whatsapp, click here to [launch your message](#).

If this seems too slow or complicated, please walk to the parking lots mentioned above where you'll typically find several taxis waiting for fares.

Negote a Fair Rate

Always negotiate a price ahead of your ride. A good frame of reference is that it's typically **US60/BBD120** from Holetown to the airport (**26km**).

Taxis accept both US dollars and Barbados dollars.

Getting Around in Barbados

Airport Taxi

It's not necessary to plan your transportation ahead of arrival. Taxis are readily available at the airport on arrival in Barbados. A fair taxi rate from the airport to our accommodations is approximately **US\$50/BBD100** which could increase during winter season based on demand. This is just a guideline.

Remember to have your taxi directions handy for your driver. **Taxis here don't use GPS** so a street number and address isn't sufficient to guide your driver. Please see [Checking In](#) for old-fashioned directions to quote to your driver.

Walking around

Holetown is a very safe area to walk around during the day or to stroll around in the evening. In fact, most of our guests choose to explore the area by foot and where necessary, by bus or taxi.

The locals really value your visit to the island, which we rely upon as the country's main industry. In fact, you'll find locals are more than happy to point you in the right direction around Holetown.

Use the **Map** section to view an interactive list of our favorite beaches, restaurants and shops in Holetown, and a handy reference of where you're staying.

Taking the bus

It's quite easy to get around Barbados by public transport as there is a well established public transportation with several bus stops within steps of your accommodation, on the main highway in Holetown. Look for yellow buses with marked destinations.

The standard bus fare in Barbados is **BDS\$3.50**. This is the equivalent of US\$1.75, but use local currency; **no foreign coins are accepted** on the Transport Board buses.

Beach Towels

Beach Towels

Guests should pack or purchase their own beach towels for outdoor use. If you forget to bring your towels, there are plenty of options within a five-minute walk. *Our bathroom towels can't leave the apartment.*

Borrow from our Office

Guests can sign out beach towels from our office. However, it's best to bring or purchase your own, as our towels are imported and more expensive to replace if lost or damaged.

Purchase from Shops

US\$12.50 (BBD\$25) and up

You can purchase beach towels from the many local duty-free shops within walking distance from the studios.

- [Cave Shephard Duty-Free Gifts](#) (170m)
- [The Chattel Village Ganzee Duty-Free Shop](#) (400m)
- [Limegrove Lifestyle Centre](#) (850m)

Bring a **copy of your passport** and your return flight number for duty-free pricing in most shops around Holetown.

Purchase from our office

US20/BBD40

We sometimes carry the towels pictured above for sale in our office. These have been washed/sterilized and packaged so they're ready for use. Send us a note if you'd like to purchase these towels.

Borrow From Our Office

Beach towels are costly to replace. If available, guests can sign out one beach towel each by agreeing to its replacement value if lost or damaged during the stay. Please contact us for this option. The replacement value of our house beach towels is **US30** each, much higher than purchasing an option above.

Beach Club Towel Rule

Guests using our [Beach Club Membership](#) must bring a beach towel **long enough to cover the entire sun lounger (7 feet)**. This policy is to protect the loungers from sunscreen damage.

About the Beach Club Membership

Beach Club Membership

About the Beach Club Membership

Your stay with us includes **complimentary access** to our Beach Club Membership. The Beach Club is a beautiful ocean-front pool with lounge chairs, changing rooms, exterior shower and beach and boardwalk access. Take a minute to review our special walk-through video above and read the important information below to ensure your smooth access to the Club.

The Beach Club is a private, members-only club. As members, we have permission to extend our privileges to you, the guests in our home. We expect guests to be courteous to staff and follow the rules at all times. *Your complimentary membership will be revoked if we receive any complaints from the Club.*

Beach Club Access Card and Towel Policy

Please read this carefully before heading out to the Beach Club. Make sure you have your access card and 7' beach towels.

An access card is needed to open the gate to the private Beach Club. Your access card is **attached to the master key chain** in your room. Please **leave it attached** as guests sometimes leave the island with the card in their wallet. The replacement fee for a club card is immediate, and **US\$100**.

Pack an oversized beach towel for each guest. The club requires that loungers be **fully covered with towels** (skin can't touch the lounger). Towels can be purchased in our office (pre-washed) or from the Chatel Village or Duty Free Shop, starting at US\$12.50 (BBD25).

Location and Hours

The Beach Club is open **seven days a week** and on most holidays, from **8am** up to **6pm**. The club can close earlier during slow season (June to November). Check the Club Bulletin Board at the entrance for current hours and upcoming closures. *We extend our membership to our guests **free of charge**; therefore, no refunds for closures.*

The Beach Club is located a short walk away. The club is attached to **Paul Owens at the Beach House** (a nice restaurant). From the outside, the Beach Club has two blue doors with card access (see our video above for a demonstration of how to open the gate). That's because this is a private club not open to the public. If there's an issue with your card, knock on the gates or enter through the restaurant. Glitches happen, please be patient and notify us technical issues.

Restaurant and Bar

The [Paul Owens](#) restaurant may offer poolside food and beverage service at their discretion. Hours vary based on the season, but they're typically open after 12pm. Please check their website for a full menu, prices and current hours.

Indoor and Outdoor Showers

The Club has beautiful and clean indoor shower facilities and an outdoor shower. Please use these facilities to rinse off sand prior to returning to your room. Removal of sand isn't included in our cleaning fee, so let's do our best to keep it outside.

Rules to Follow at the Club

- No lifeguard on duty, swim at your own risk.
- No diving allowed.
- Towels must cover the entire lounger.
- No floaties allowed in the pool for users over age 6.
- Shower before entering the pool.
- Always swim with a buddy.

Terms of Use

By using our **complimentary** Beach Club Membership, you release us, your hosts, of any responsibility related to your experience of Club facilities, including the loss, damage or theft of your property.

The Club can close for renovations or by government order at any time. The membership is provided free of charge. There are no refunds for partial or full closures of the Club, as these are outside of our control.

For concerns regarding the Beach Club facilities, please visit their office beside the pool. For questions regarding the restaurant, please contact Paul Owens at the Beach House.

Oistins Friday Night Fish Fry

On Friday night particularly, the big thing to do is go to the fish fry at Oistins Bay Gardens. The food is the main draw - excellent fish, (tuna, swordfish, marlin, mahi-mahi, flying fish), lobster, chicken and more served in an extremely informal setting. You can get your fish grilled or fried depending on which vendor you choose from. It's all cooked on the spot in front of you.

A plate of fish (and there's plenty fish on it) and a beer will cost you about BBD30/USD15.

Arrange a taxi to take you to Oistins in the parking lot of the local [Massy Supermarket](#). You can expect to pay around BBD60/USD30 for a ride to the fish fry.

We suggest splitting the rides with fellow guests since most visitors spend Friday nights here!

Scuba Diving Academy

The nearest scuba diving academy we recommend is [High Tides Water Sports](#) which is a 25-minute walking distance from our apartments at Coral Reef Club Hotel. This is where our friends learn to scuba dive on their trips to Barbados.

Which Currency is Best

BBD vs. USD

The best currency to take to Barbados is the **Bajan dollar** (BBD). American dollars are accepted almost everywhere (except for the city bus) and your change will be always be returned in Bajan dollars.

\$1 Bajan dollar equals \$0.50 United States Dollar.

You can withdraw Bajan dollars from any of the local ATM machines, though we recommend First Caribbean Bank, a few meters from your door.

Tipping Culture in Barbados

How to Tip in Barbados

A **service charge** of between 10-15 percent is typically added to your bill at restaurants. Any additional tipping is at your discretion and should reflect the quality of the service you received. Tipping is always appreciated and the standard rate of tipping in Barbados is around 10%.

How to Save on Food

How to Save on Food

Research and Set a Budget

The best way to save on restaurants and the supermarket is to do a bit of **planning ahead** of your stay in Barbados.

1. Check restaurant menus and prices online (see [Dinner Restaurants](#))
2. Check our local supermarket's website for an idea of prices ([Massy Holetown](#))
 - Consider making a practice shopping card for an idea of prices

Avoid the Tipping Trap

A **Service Charge** (gratuity) of 10% or more is added to most restaurant and bar bills so please look for this charge and tip accordingly. It will **never be mentioned** to you that a tip has been included on your bill but it will appear under **Service Charge**.

Buy Local Food and Drinks

- Buy from roadside produce stands
 - *Coconut water, local fruit and vegetables are cheaper roadside*
- Drink local beer and rum during your stay (the rest is imported and expensive)
 - *We recommend Depute Beer and Mount Gay Rum*

Shop Where Locals Shop

- Local residents shop at [Jordan's](#) (4km) or [Cost-U-Less](#) (6km)
 - *Massy Holetown is convenient but expensive*

Eat Where Locals Eat

- *Try street food (white vans parked roadside) van for the most authentic Bajan food at affordable prices (we recommend sandwiches or "cutters", as we call them)*

Make Meals and Snacks at Home

- Enjoy some meals and snacks at home
 - *The average English Breakfast costs BBD40(US20)*
- Pack a beach cooler with drinks and snacks
 - *Sign out a cooler from our office for a small cleaning fee*
- Pack some coffee and/or tea and a travel mug
 - These are 300% more at our supermarkets
 - The few good coffee shops are very expensive
- Buy local bread rather than imported name-brand breads
 - The difference in price can be up to US10
- Pack some nut butter
 - A small jar of almond butter is US12 at our local supermarket

Traps to Avoid in Barbados

Avoid Tourist Prices

Negotiate Fares with Taxis

Negotiate a fair fare with taxis ahead of your journey. As a great point of reference, a taxi from Holetown to Grantley Adams is about BBD120 for a 25km journey. Check the distance online and try and negotiate a rate of about BBD5 per kilometer (for example, from Holetown to Speightstown would be about BBD30).

Souvenir Shops

Whether you're in Holetown or at Grantley Adams Airport, we recommend avoiding souvenir shops with overpriced products that are often made in China. When shopping these stores, make sure the item is made in Barbados and see if it's cheaper to purchase it directly from the vendor (for example, [EarthWorks pottery](#)). The best place to purchase authentic souvenirs made in

Barbados is at [Piece of Barbados](#), steps from our studios and a short walk from our cottages. Here, you can guarantee items were indeed handmade in Barbados.

Beach Vendors (Towels, Necklaces, Trinkets, etc.)

Don't fall for beach vendors who claim to have "hand made" items that are actually mass-manufactured for souvenir shops such as little bracelets. We especially recommend avoiding "massages" on the beach or purchasing beers from men with coolers. Again, the best place to purchase authentic souvenirs made in Barbados is at [Piece of Barbados](#), steps from our studios and a short walk from our cottages. Here, you can guarantee items were indeed handmade in Barbados.

Wildlife on Property

Mosquitos

The neighbourhood is regularly fogged for mosquitos. Here's what you can do to stay comfortable during your stay:

- Bring premium repellents;
- Bring Tea Tree Oil or other after-bite;
- Close windows at 4pm or before dinner.

Mosquitos are attracted to black clothing, black shoes and black keyboards.

The Green Lizard

Chances are you will see lizards on your walls. That is ground-floor living in Barbados. These tiny creatures are important to our ecosystem. They eat mosquitos so we welcome their presence and never kill them. In fact, they are known on the island as a sign of fertility. Respect the lizard!

The Green Monkeys

We have large mango trees on our properties which means you'll likely see monkeys during your stay with us. Please watch and photograph from a respectful distance of at least ten (10) feet. While they're not known to be dangerous, it's best not to interfere with their commute.

The Tree Frog

In the evening, you'll hear some very loud "crickets". These are actually very tiny **tree frogs**, measuring about one centimeter and unique to the island. In fact, some of our guests report the sound of a "**car alarm**" if these frogs get into their space. It's all part of island life and will soon become tropical white noise. Contact us if you need complimentary **ear plugs**.

About James and Roxanne

About Our Team

About James and Roxanne

We're the couple at the core of your experience and pull all of the strings that make it happen. That means employing a small team of passionate locals to help us craft this unique holiday experience. Here's a little about us.

James was born in Barbados but attended boarding school in England. Following that, he had a scholarship at [East Tennessee State University](#) where he also graduated with a B.A. in Marketing. James travels the world representing Barbados in golf championships and is known as the best golfer on the island. He's also known as the nicest guy around so you're in safe hands with us! James has many ties on the island so chances are if you meet a local they'll have some kind of connection to him or the Johnsons in general.

Roxanne is French Canadian and an award-winning pastry chef and social worker. Her cakes were featured in dozens of magazines and on television, including Elle, Real Simple, Fashion Magazine and Property Brothers (twice!) She's also earned awards for her community work with at-risk youth including the Heart and Spirit Award, Ontario Service Award and Etobicoke Children's Centre award.

Roxanne met James on one of her trips to Barbados to visit her sister who lives on the island with her husband and children. A mutual friend set them up on a "blind date" and it was a perfect match. The same friend, a local realtor, later sold them the site of **Sea Salt Studios** (small world).

When Roxanne first moved to the island to be with James, she couldn't work legally so James gave her a property to AirBnb. They were both new to hosting and that was four years ago. The one property grew into nine that are now branded, [Sea Salt Studios & Cottages](#).

Roxanne and James live beside a golf course a couple minutes up the road from Sea Salt Studios & Cottages. If you're staying longer than a week you'll likely run into them (or even get an invitation for a drink at their Caribbean

house). They have a toddler, Ralphie, named after his late grandfather, Ralph "Bruggadung" Johnson, a local legend known for his generosity, sports and sailing initiatives on the island. They also have two rescue dogs, Birdie and Bullet, who are often featured on [Sea Salt's Instagram Stories](#).

Our Team

We employ a very small team of passionate locals and have spent two years building up their skills and experience. Through that process, they've become family to us and often become local friends to our guests. You may come across our team members while staying with us. If anyone makes your stay extra special, please mention it in your review so we can reward them!

BBQ/Grill Access

Our studios have a **Gas Grill** and a **Charcoal Grill** available for use during your stay located in the guest gazebo at the back of the property.

What to Grill

The brand new **Clifton Market** in [Limegrove](#) (which is like the *Wholefoods* of Barbados) sells the highest quality meats and proteins on the island (vegan choices too). We're also located very close to [Paynes Bay](#) fish market where locals go to get *fresh caught fish*. *Note that you'll need foil to grill fish (ask us for samples ahead of time)*.

How to Reserve The Grill

[Send us a note](#) at least one business day ahead of time. A small **gratuity** applies for Anthony who will ensure it's ready for you and *scrub and sanitise* it afterwards (health and safety protocol). The gratuity is **BBD10** unless you also need a tutorial; in which case, we ask that you tip him **BBD20** for both the cleaning and tutorial.

Pre-Order Wines

Order Wines

This has been very popular in 2023!

If you're a wine lover, consider ordering your wines in advance. Barbados is a **rum** and **beer** drinking culture so you won't find **good wines** at the local supermarket or gas station. [Trident Wines](#) has a lovely catalogue of fine wines and deliver for free over a certain amount (this is where we order wines for our personal needs).

www.tridentwines.com

This is arranged directly between you and Trident Wines (we don't accept any deliveries that aren't paid in full, and they accept payment over WhatsApp.) Please use the name of **the guest on the reservation** so we can identify who the box belongs to, and use our **office address** for delivery regardless of which studio or cottage you're staying in:

What to Expect

When is Storm Season?

Low Season (June to early November)

Guests can expect hot sunny days and tropical rain showers in the summer months, especially during the **storm season** which typically runs June to November. This doesn't make it a bad time to come; in fact, many guests appreciate the quiet and low prices.

Storm Season in Barbados (June to November)

Most storms occur from August to late October. If you're visiting Barbados during the storm season the odds are still excellent that you'll have a storm-free vacation. Due to our geographical location outside of the hurricane belt, Barbados typically experiences tropical depressions or storms which then gain strength and become hurricanes as they travel up the belt.

What to Expect During Storm Season

- Closures of some businesses for renovations;
- Intermittent closures of our Beach Club for repairs;
- Hot and humid weather (over 30°C / 86°F);
- Some overcast periods during the day;
- Scattered showers mixed with sunny periods;
- Short power outages during rainstorms;
- Heavier presence of mosquitos and flies.

Generally the least expensive time to visit Barbados and our apartments due to these real possibilities.

Packing for Storm Season

How to Pack for Storm Season

- Compact umbrellas and water ponchos;
- Plenty of mosquito repellent with deet;
 - *Note: black and darker clothing and shoes attract mosquitos*
- Portable cell phone power bank in case of power outage;
- Loose, light and breathable clothing.

Mosquito Management

Mosquito Management at our Villa and Cottage

Our villa and cottage feature open-air designs with French doors. During storm season, guests will need to pack **plenty of mosquito repellent**. As islanders, we start our mornings and evenings by spraying our legs, and guests must know that this is simply **#islandlife**. The presence of mosquitos is not unique to the home, to Holetown, to the West coast, it is a **Caribbean-wide reality during storm season**.

To prevent mosquitos and flies:

- Spray yourself in the morning and early evening;
- Keep your bedroom door and windows closed at all times;
- Avoid dark-colored clothing, hats and masks;
- Do not leave wet dishes or water in the sink.

You can expect mosquitos to strike under restaurant tables and inside rental cars or buses, it's best to carry a mosquito repellent with you at all times.

Power and Water Outages

Power and Wi-Fi outages are part of island life during storm season. Prices are lower during storm season to account for these occasional inconveniences.

Luckily, due to the heavy volume of visitors in Holetown, this area is usually prioritized by the Barbados Light and Power Company; therefore, your power will be restored before others on the island.

During an outage, you won't have access to WIFI and in some cases, running water. In these cases, here's what to do:

- Activate the LED lantern or candles;
- If you have phone data and power, follow [Barbados Light and Power Company](#) for updates;
- Keep refrigerator door closed. If outage lasts more than four hours, we'll try and arrange a cooler and ice for your perishables.

COVID Cancellations & Travel Insurance

COVID-19 & Travel Insurance

What's the COVID-19 status in Barbados?

Restrictions have been lifted in Barbados. However, for up-to-date information on COVID-19 restrictions in Barbados, follow the [Barbados Government Information Service](#) on Facebook and [Instagram](#). During the pandemic, you'll want to follow them closely both before arrival and during your stay as we know things can change.

Will I Get a Refund If I Can't Travel Due to Covid?

Covid-related cancellations are no longer covered by AirBnb and our direct booking website, as the foreseeable risk is too great. Please purchase travel insurance with Covid-19 coverage.

Purchase Travel Insurance

Please consider purchasing travel insurance for your stay as this will be your fallback should you suffer any travel disruptions. We recommend [World Nomads™](#) for global travelers, or [Staysure™](#) for UK residents.

What's Your Cancellation Policy?

Cancellation Policy

Our policy is strict and travel insurance is the only way to protect yourself against costly trip interruptions. Our cancellation policy ensures we can reserve our place for you while declining all other opportunities.

The cancellation policy ensures we'll both take the booking seriously.

Can I Change My Dates To Later?

A change of dates is *sometimes* possible if it's to arrive **a day or two earlier, or later**, if the dates are available. A change of dates to another week, month or year is a cancellation.

Netflix & FireStick™

Entertainment Options

All of our televisions are programmed with guest **Netflix** accounts named after each studio or cottage. Please select your studio or cottage and refrain from logging out as it would cause an inconvenience to our next guests (*or, they'll be using your account!*)

There's no Caribbean Cable TV in our modern studios and cottages. [Surfside](#) and [Zacchios](#) are the best places in Holetown to watch live streaming sports events. For [Local News Barbados](#), please visit that section of our guide.
