2025

One of the 'Big Ideas' that came out of our discussions this year was this submission regarding **Anaheim PD's Community team(s)** participating in neighborhood walks.

First Stop:
Continuous fence damage coming from the river trail on the north side of the park behind the baseball field

This is an **EXCELLENT** time to make sure the **Anaheim Anytime app** is on your phone.

Pioneer Park Neighborhood Watch

~Yes please!

As we walked ...
Our officers pointed out at least three big ideas

- Lighting
The more, the better. The brighter, the better
We know how it is: You come home, go inside and hope to be finished with the day. You may not be thinking about going outside until morning. Some of this are knocking it out of the park! Some of us could do better.
- Signs
Make sure the bad guys see them sooner rather than later.
Bring security signs (real or imagined) closer to the sidewalk. Instead of by the front door. We want whoever's looking, to keep it moving.
- Cameras
Don't be shy about your use of cameras. It's actually encouraged.

It's also an excellent time to be the **sneaky wheels** that report these repeated openings as often as possible.
