MORE THAN CLEAN BY VISION

Vision's More Than Clean linen programme, offers a complete range of antimicrobial treated textiles.

For over two years, Vision has been trialling and testing an innovative antimicrobial technology, which is added to pillows and duvets at the point of manufacture. The product efficacy has now been tested for the commercial environment, lasting for more than fifty washes, along with ISO 9001: 2008 accreditation, Oeko-Tex® Standard 100 certified (Classes I, II, III, IV), Biocidal Products Regulation (BPR) approval and independently tested by SGS, Aston University and the University of Leicester.

Bed and bath linen which have this effective and long-lasting antimicrobial technology applied have been proven to help protect against the spread of Coronavirus, killing more than 80% than untreated textiles and has up to 99.99% efficacy against harmful pathogens including E-coli, Legionella, Aspergillus, Niger (mould), Odour-Causing Bacteria, Listeria, MRSA, and Salmonella.

All Vision filled bed linen is now produced with the antimicrobial treatment applied. This can also be applied to any of Vision's flat bed linen and bath linen.

Our Brands

We deliver the right product into the right environment, specialising in bed, bath, spa and table linen to some of the world's leading organisations.

We're a united, global businesses bringing together more than 200 years of manufacturing with sourcing, supplying and distribution in order to offer a total textile solution.

Our diverse portfolio of differentiated brands will help you identify the right product for the right environment, whatever your needs.

The textile brand behind the biggest names in the hospitality, laundry, retail and public sector markets.

Taking its name from the roman numerical for “five”, aligning to five star plus hotels and presenting Vision’s finest quality of linens.

Offering the most innovative and ecological products, helping textile services and the laundry industry achieve their own ecological goals.

Our Essentials range consists of great value linen and hospitality items you can’t do without.

Kiddywinks exists to offer the latest in bedding ranges designed specifically for children and their needs, providing both confidence and simplicity.

A close-up, vertical photograph of a white duck with a bright orange beak, standing in water. The duck is facing right, and its head is turned slightly. The background is blurred, showing green foliage and a body of water. The image is oriented vertically, matching the portrait orientation of the page.

Our commitment and dedication is outlined by the many awards, commendations and accreditations we have received.
