My Lover is Mine and I am His

Love Letter

Love Letter

The Bible can be viewed as God's love letter to humanity. Specifically, *The Song of Solomon* can often be viewed as Jesus's love letter to His Bride.

This PDF which you can either print out or use on your device to write on is an encouragement for you to personally write a love letter to the Lord.

God's Letter to You:

I would like to encourage you to write a letter addressed to you from God.

Imagine that God was to write you a personal love letter- what do you think it would say. Write it out from God's point of view addressed to yourself.

Try thinking about the words of love that God would say about you.

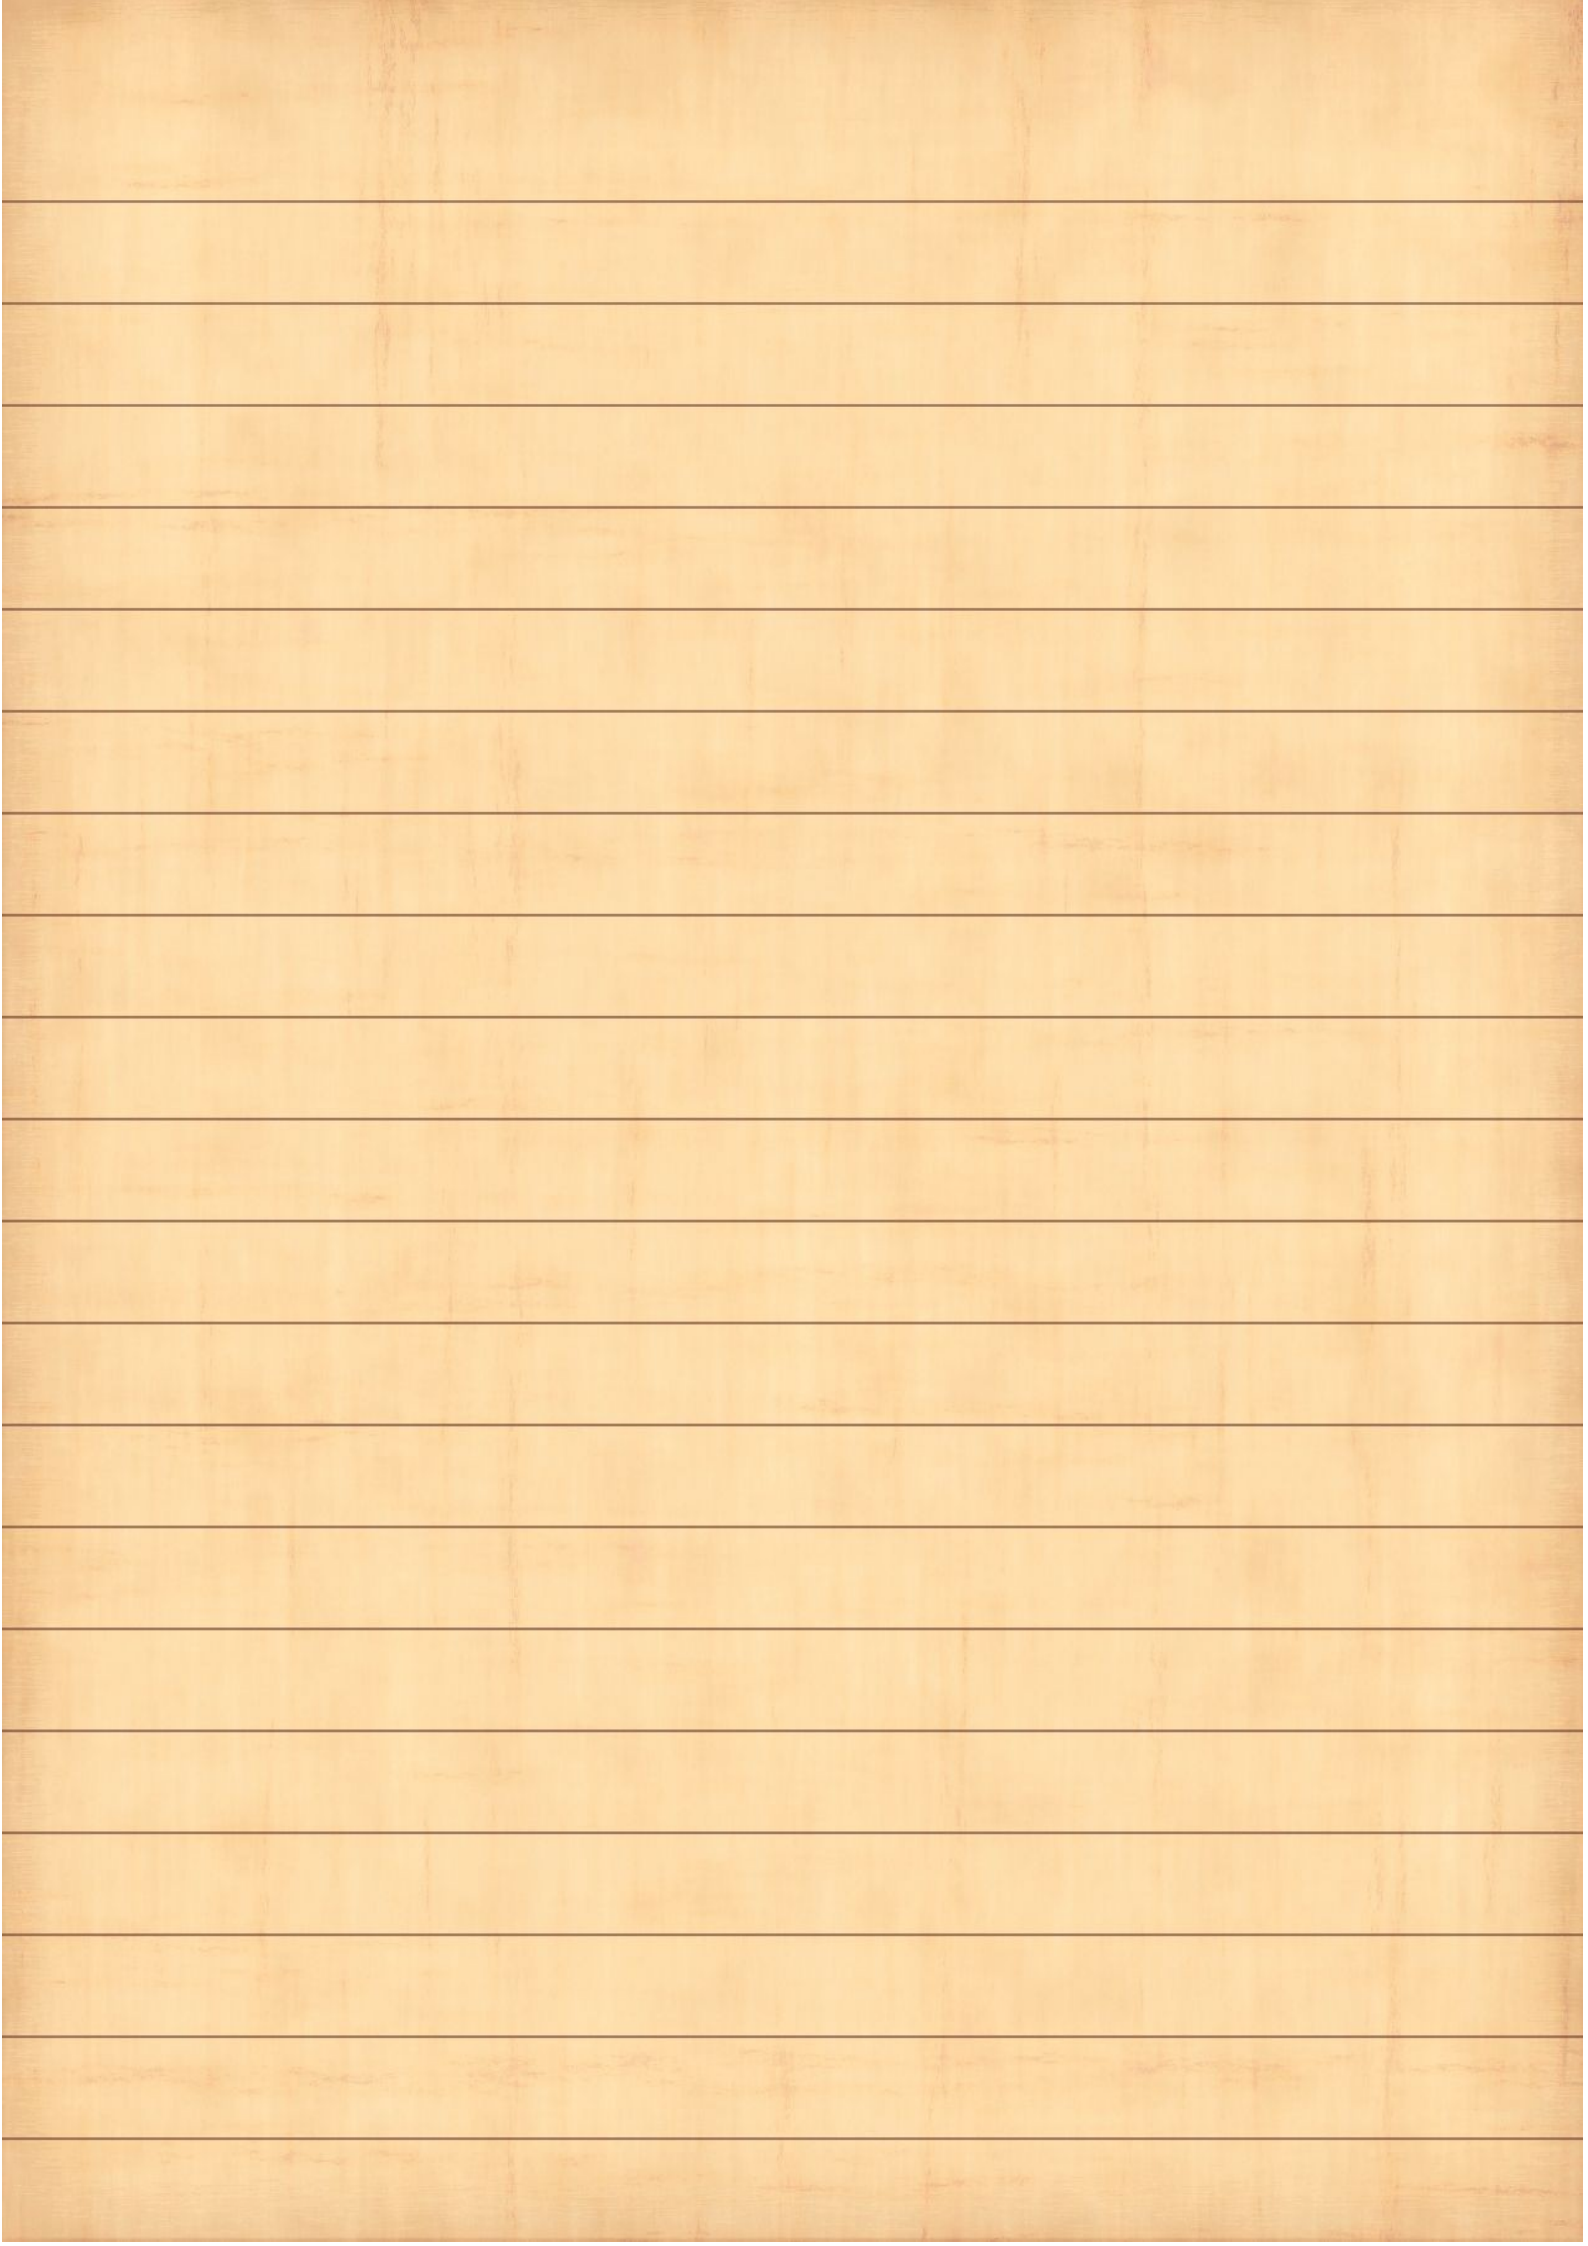

You may like to include current issues and situations in your life. Maybe you could reference the answers to prayer and blessings that God has given you.

Leave aside any negative feelings or issues of condemnation/judgment.

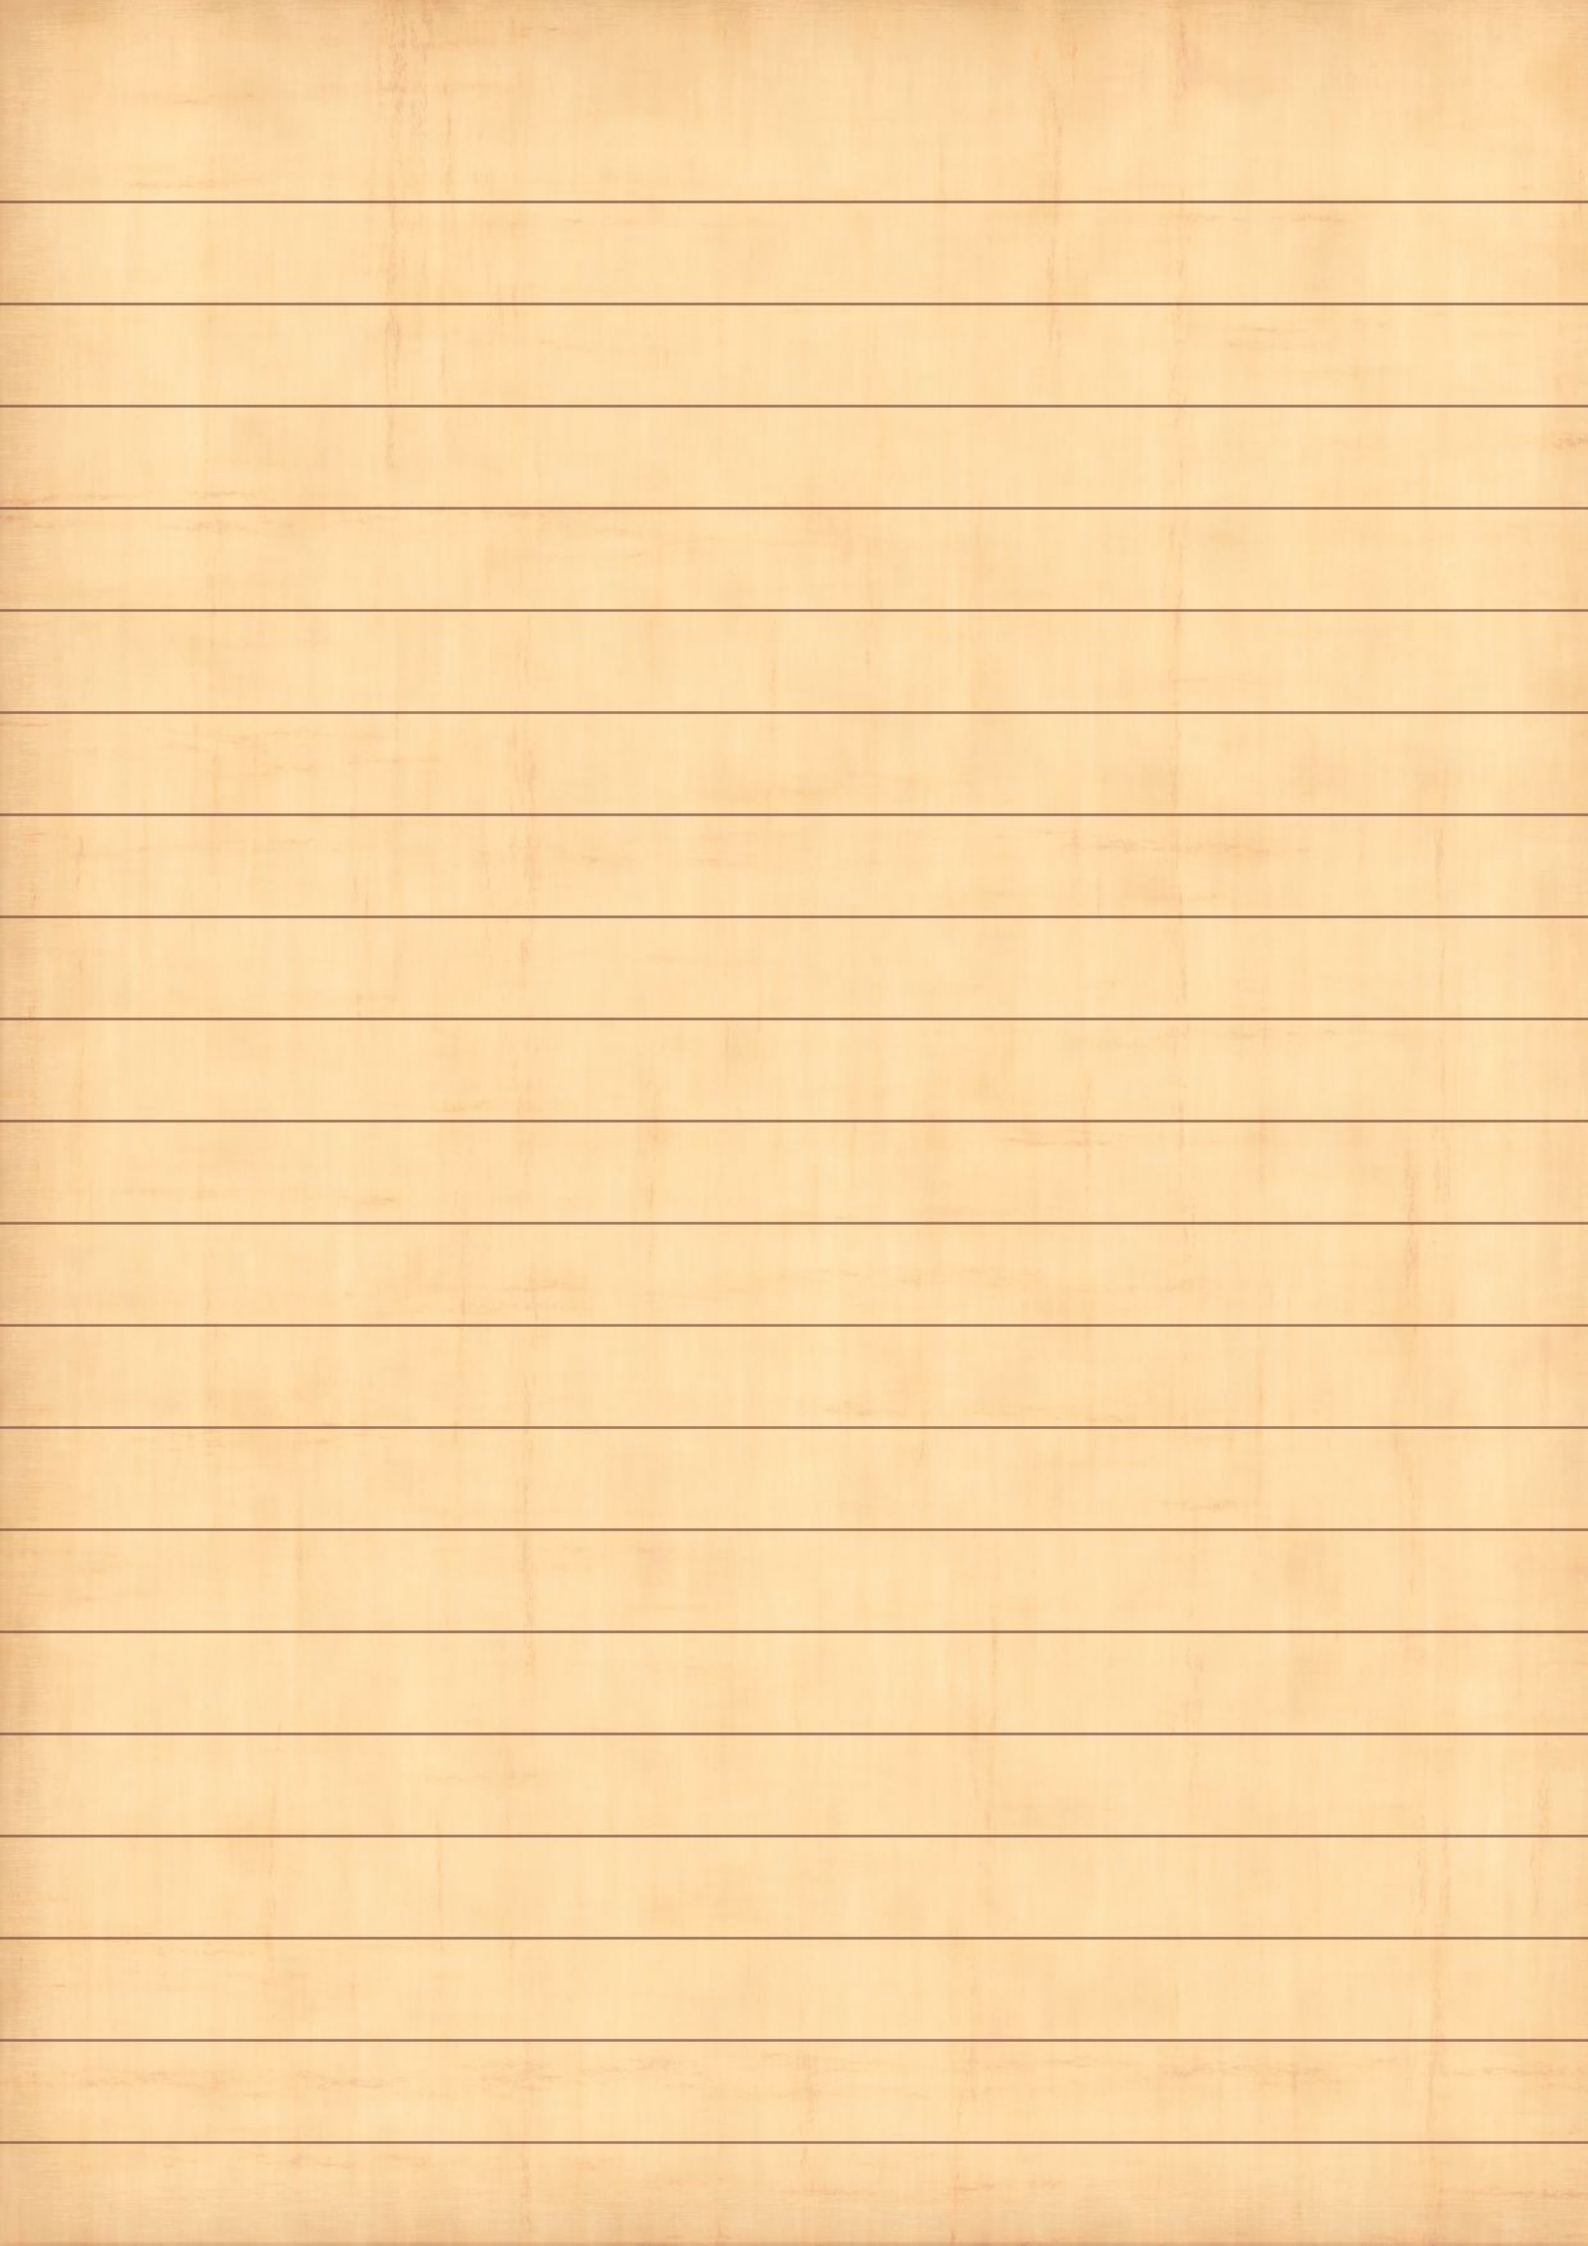

This is a letter of how much God loves you, of how much you mean to Him.

The PDF will leave ample space if you need it.
