

Mike B.

Eligible: ASct BOABC-L1B,P AT.AIBC PL.Eng-Structural

Greetings! 15 years across architecture, engineering, & local government has been the genesis of my very own corporation, Delta Building Design. Our mission statement is to serve the Fraser Valley as a reputable, convenient resource. My diverse experience offers clients a single, integrated source for all of their design needs. I am a proud husband, dad, & coach. My interest in engineering is trumped only by my passion for soccer; "wir schwören Stein und Bein auf die Elf vom Niederrhein!"
