

HKSECURE 5MP IP Bullet Camera

HKLS5IPABC-S

Description:

Rugged, Reliable & Ready for Outdoor Surveillance

Engineered for clarity. Designed for protection.

The HKLS5IPABC-S from HK Secure is a high-definition 5MP IP bullet camera built for robust outdoor security. With an IP66-rated weatherproof housing, this camera delivers sharp video footage even in harsh conditions. It features dual IR motion mode, allowing enhanced night vision, and supports H.265 encoding, ensuring bandwidth efficiency without compromising video quality.

Ideal for commercial premises, gated communities, warehouses, and parking lots, this camera is plug & play ready, PoE enabled, and includes inbuilt audio—offering complete surveillance with minimal setup.

Specifications:

- 5MP High-Resolution Imaging
- IP66 Waterproof Housing
- Dual IR Motion Mode (Night Color)
- Plug & Play Setup
- Power over Ethernet (PoE) Support
- Inbuilt Audio Monitoring
- Real-Time Video Preview
- Metal Body Construction
