HK-4PTZ-256-4GSL-D

Description:

360° Surveillance. Smart Tracking. All-Time Color Clarity.

The HK-4PTZ-256-4GSL-D is a compact yet powerful 4G-enabled Dual Lens PTZ Camera by HK Secure, designed for advanced, wireless security monitoring with real-time mobility. With its pan-tilt functionality, dual intelligent lenses, and full-color night vision, this mini powerhouse covers every angle while ensuring crystal-clear visibility—day or night.

Built for both indoor and outdoor use, this camera offers 4MP resolution, motion tracking, cloud/SD card storage, and mobile app connectivity, all in a compact form. Whether you need security for your home, store, office, or farm, this plug-and-play camera offers hassle-free installation and real-time protection—even in areas without Wi-Fi.
