

## **HKSECURE** **4G/5G Smart** **Dome Camera**

**HKLS3MD-4G**

### **Description:**

Smart Dome Surveillance. Wireless Freedom. 24/7 Peace of Mind.

The HKLS3MD-4G is a powerful and compact 3MP Dome Camera from HK Secure, built for modern security needs with 4G/5G SIM card support. Whether installed in homes, shops, godowns, or remote sites, this camera ensures real-time audio-video recording, dual-light color night vision, and intelligent motion alerts—even where Wi-Fi or broadband is not available.

With support for SD cards up to 128GB, cloud storage, and a dedicated mobile app, you get full control of your surveillance anytime, from anywhere. Its 2-way audio intercom with built-in speaker and mic ensures active communication, while H.265+ compression reduces storage usage without sacrificing video clarity.

### **Specifications:**

- Mobile App Access
- 3MP HD Audio-Video Recording
- Expandable Storage
- Dual Light Color Vision
- Intelligent Motion Detection
- Two-Way Audio Intercom
- H.265+ Smart Compression
- All-Weather Durable Design
