

HKSECURE

ECO 5MP IP

Bullet Camera

HKLS5IPABC-SE

Description:

Smart Surveillance. Economical Protection. Outdoor Ready.

The HKLS5IPABC-SE is a cost-effective, high-performance ECO Series IP Bullet Camera from HK Secure, designed for outdoor surveillance with advanced motion detection and real-time video monitoring. Equipped with a 5MP lens, H.265 encoding, and dual IR motion technology, this camera ensures sharp video quality and efficient data usage.

This model is ideal for homes, shops, schools, and small businesses looking for professional-grade security at a budget-friendly price. With plug & play setup, PoE support, and inbuilt audio, installation is fast, and monitoring is hassle-free.

Specifications:

- 5MP High-Resolution Video
- H.265 Compression Technology
- Dual IR Motion Detection
- Plug & Play Installation
- Power over Ethernet (PoE) Enabled
- Inbuilt Microphone
- Real-Time Preview
- Durable Plastic Housing
