

HKSECURE ECO 5MP IP Dome Camera

HKLS5IPADC-SE

Description:

Reliable Monitoring. Smart Design. Affordable Security.

The HKLS5IPADC-SE is an advanced yet cost-effective 5MP IP Dome Camera from HK Secure's ECO series, ideal for indoor and semi-outdoor security applications. Featuring crystal-clear 5MP resolution, H.265 video compression, and dual IR motion sensing, this camera ensures sharp surveillance in both bright and low-light environments.

Its compact dome design, plug-and-play setup, and PoE support make it perfect for easy deployment in homes, offices, stores, and commercial spaces. Plus, the addition of inbuilt audio allows you to monitor not just what's happening—but what's being said.

Specifications:

- 5MP High-Resolution Video
- H.265 Compression Technology
- Dual IR Motion Detection
- Plug & Play Installation
- Power over Ethernet (PoE) Enabled
- Inbuilt Microphone
- Real-Time Preview
- Durable Plastic Housing
