

## **HKSECURE** **WiFi Smart** **Bullet Camera**

**HK-3BP-256-WF**

### **Description:**

**Wireless Security. Powerful Performance. Intelligent Protection.**

The HK-3BP-256-WF is a feature-packed WiFi-enabled Smart Bullet Camera from HK Secure, built for next-generation surveillance with 3MP HD recording, dual-light color vision, and AI-powered human detection. Designed for hassle-free wireless monitoring, this camera is ideal for homes, shops, warehouses, and offices—offering round-the-clock protection with real-time remote access.

With support for SD cards up to 128GB, cloud storage, two-way audio intercom, and H.265+ video compression, this camera is engineered for efficient and intelligent monitoring without the need for complex wiring.

### **Specifications:**

- WiFi Connectivity + Mobile App Support
- 3MP HD Audio-Video Recording
- Storage Flexibility
- Dual Light Color Night Vision
- AI-Based Human Detection Alerts
- Two-Way Audio Intercom
- H.265+ Smart Video Compression
- Weather-Resistant Design
