

THE GREENSHED FLOWER STUDIO

WEDDINGS WITH THE GREENSHED FLOWER STUDIO

WELCOME TO THE GREENSHED FLOWER STUDIO

Our flower studio offers luxury floral design for your wedding.

Our natural style is relaxed, romantic and a little bit wild, but whatever your vision – even if you need a little help working out what that is – we’re here to start the creative conversation and transform that into something wickedly beautiful.

From bouquets and buttonholes to arches and floral clouds (and anything inbetween!) the sky truly is the limit.

With a focus on sustainability we try to source our flowers as locally to Dundee as possible. We can’t wait to work with you!

MEET OUR FOUNDER

Helen is our founder and creative extraordinaire! She manages all things Greenshed - from client meetings, social media, all creative design and the behind the scenes stuff.

With a background in art & design and a passion for beautiful blooms, she’s developed her craft over many years and has a reputation as one of the very best in the game.

Her favourite flowers are sunflowers! But as a florist she prefers wisper wildflowers - things like nigella, cosmos and larkspur.

Helen, how can I start to say thank you? You're a star! The flowers were beyond my dreams. You made my wedding into a fairytale. Thank you!

GREENSHED TOP TIPS FOR CHOOSING YOUR FLORIST

GO WITH YOUR GUT

Choosing your wedding suppliers is a deeply personal thing - and like most things in life, what's right for someone else might not be your thing. Ultimately I think you have to go with your gut. If you feel excited by that supplier's work and the chat feels right, then that's going to work wonders for helping you feel relaxed in the lead up to your wedding and on the day itself. Hopefully that means choosing me!

WORK OUT YOUR BUDGET

Talking about money can feel tricky but having a wee think about what you feel comfortable spending is essential.

Our pricing is open and honest and every wedding is different. Our job is to work with you to create your dream flowers, whatever your budget. With this in mind we don't have a minimum spend or set price package – each wedding design and quote is unique to the couple. Remember that big arrangements like arches or clouds, or fiddly things like corsages reflect the time required to make them.

Rest assured, whatever your budget, I'll help you figure out how to make the very best of it. I will work with you to maximise what you'll get for your money and suggest ways to make your flowers go further.

We know that you might get several different quotes from different florists. If you have any questions or concerns around pricing please do ask – I'd always rather have a chat about it all.

SHARE YOUR IDEAS WITH US - BUT DON'T WORRY IF YOU'RE FEELING LOST

If you've seen something that you love, tell me! I love it when couples have a pinterest or moodboard ready made, or send me images they have saved. It helps me to understand the things you like and how I can incorporate that.

But if you are feeling a bit lost then don't worry – it's my job to help you figure it all out. Similarly knowing what you don't want is sometimes as good as knowing what you do!

Everything Helen made for us was amazing, and I felt relaxed from the very first meeting. I can't thank her enough for making the process so easy and for making our day so beautiful!

WORKING WITH THE SEASONS

As a society we have increased awareness of food miles these days, but I think a lot of people don't know that the majority of flowers travel huge distances to get to the UK. For example, most roses are grown in Kenya, Colombia or Ecuador! This obviously results in a higher carbon footprint, but it also means that flowers have been cut for longer before they get here.

There are times of year when working with imported flowers is unavoidable, but I try to work with local, seasonal flowers as much as I can and the majority of my flowers come from British suppliers, and in particular Forfar and Fife. I also forage for local foliage (my partner is a farmer which is super helpful as I have access to trees aplenty!).

Working with seasonal flowers reduces the environmental impact and means fresher flowers, but also means that every wedding will be completely unique as we move through the year.

...BUT I'D LIKE TO INCLUDE MY FAVE FLOWERS!

Of course! I'll always ask you if there are any particular flowers that you'd like to include or if there are any blooms that hold special significance for you. If I can source it, I'll make sure it's there.

Sometimes it's really not possible if you're looking for something that is particularly seasonal - such as peonies, which you can only get in late spring. If there's ever a time where I can't source your faves I'll suggest alternatives that will give you the same vibe

CAN I HAVE DRIED OR ARTIFICIAL FLOWERS?

We love dried flowers at The Greenshed! We always use them mixed in with our fresh florals anyway, but if you're keen to have purely dried or artificial flowers then we can absolutely do that. This can be particularly good if you have bad allergies or want to keep your flowers forever and ever.

We trusted Helen's creative mind and she absolutely blew us away! The flowers were a real highlight of the day and an absolute talking point between our guests. We couldn't recommend her enough.

BOOKING WITH THE GREENSHED

Our approach to clients reflects our creative process – especially as it might be a wee while between our initial consultation and the wedding itself. Your ideas and inspiration might change in this time, and we will help them bloom into something really magical.

STEP ONE: ENQUIRY, CONSULTATION AND QUOTES

After you complete the enquiry form on our website, we'll be in touch to let you know if we are free on your date. Then we'll meet to discuss your ideas, hopes and dreams – a more in depth chat. If you need help working out what is right for you and your venue, then we will supply inspiration as well.

From here we'll pull together a quote, itemised so you can see exactly where your budget is going.

STEP TWO: DEPOSIT AND CONTRACT

Once we've got the quote right for you, we ask for a twenty percent non-refundable deposit. This secures your date and price.

STEP THREE: THE CONVERSATION CONTINUES

We'll continue to share ideas and inspiration – as much or as little as you like. If you wonder if something will work, get in touch and we'll work it out. The journey between booking and the wedding itself is flexible and creative!

STEP FOUR: FINAL MEETING AND BALANCE DUE

About six weeks before the wedding we'll meet again to go over everything and discuss final details and logistics of the day. The full balance is due at this time.

STEP FIVE: IT'S SHOWTIME!

Depending on your set up I'll deliver and install your flowers on the day of the wedding, or the day before for larger events (or if the logistics just work better that way!). I can usually lend a wee hand setting up other bits and pieces too so that you can relax and enjoy your day!

Helen was a joy and I am so happy she did our wedding flowers. She created such a beautiful environment with the colours and happiness they brought.

We can't wait to work with you -
