## BOOK REVIEW

"First, I want to say thank you- a huge thank you, to be honest. I recently started working with my somatic therapist on reconnecting with my body, sensuality, and sexuality as an injury I sustained 2.5 years ago had a huge impact and led me down a path of deep healing from my experiences of abuse as a child. But I've been scared and holding back, which has impacted me, my relationship with my partner, and- as you say- so many parts of my life. Your book has brought me back to me. And for that, I simply don't have the words to thank you enough. Your book has made a difference to one person already. I feel so blessed. Serendipity, indeed. As I write this, I'm sitting here in my sexiest underwear- that I haven't worn for the past three years- and I feel alive, and vibrant, and so excited to explore me more from the pleasurelit perspective."

## BOOK REVIEW

"I think of pleasure in so many aspects of my life now - lots of work to do, but the awareness is helpful. I also realised that I do hold my breath when I oo so I've made a conscious effort not to do that and it has made a difference. Being back in the gym and beginning to feel strong is making me appreciate my body so much more- I even spent a few minutes consciously loving myself in the bathroom mirror the other day. That's never been something I have found easy to do due to past trauma, but doing it The Pleasurelit Way made it so much more accessible than "just look in the mirror and tell yourself you love yourself." That has been so hard for me- but being playful and fun is much easier and natural for me. So, thank you for all the knowledge and awareness you have brought through your book!"

## BOOK REVIEW

"I was sitting on the couch editing the other day and my 14yo daughter came and sat next to me. When she does this, she often reads over my shoulder to see what I'm doing. I was working on a section that referred to self pleasure, and my initial instinct was to cover/close my laptop. Now, she is my baby, and I forget she's growing up, but it was a good moment of awareness for me and I caught myself before I acted, then explained to her what your book is about. She was very open to the conversation and we ended up having a great chat. What a beautiful opportunity to normalise pleasure and exploration with a younger person! And a moment for me to catch some of my conditioning and recognise it for what it was, then choose another path. So good!"
