Market Advantage

Serving the Heart of Eastern Indonesia

Golden Multi Indotama Logistic Cold Storage (GMI) is strategically located within Surabaya, which allows it to have a broad reach to surrounding cities. The company's location is situated among key areas such as Gresik, Mojokerto, Sidoarjo, Ngoro, and Pasuruan. This strategic placement underscores the company's ability to operate as a central cold hub for the region. Located in the middle of the industrial center of Surabaya, meeting point for transportation from several locations.

Toll Road

Located near Waru–Juanda Toll Road.
Provides quick access to Juanda International Airport (± 20 – 30 minutes).
Highly efficient for land logistics and air cargo connections.

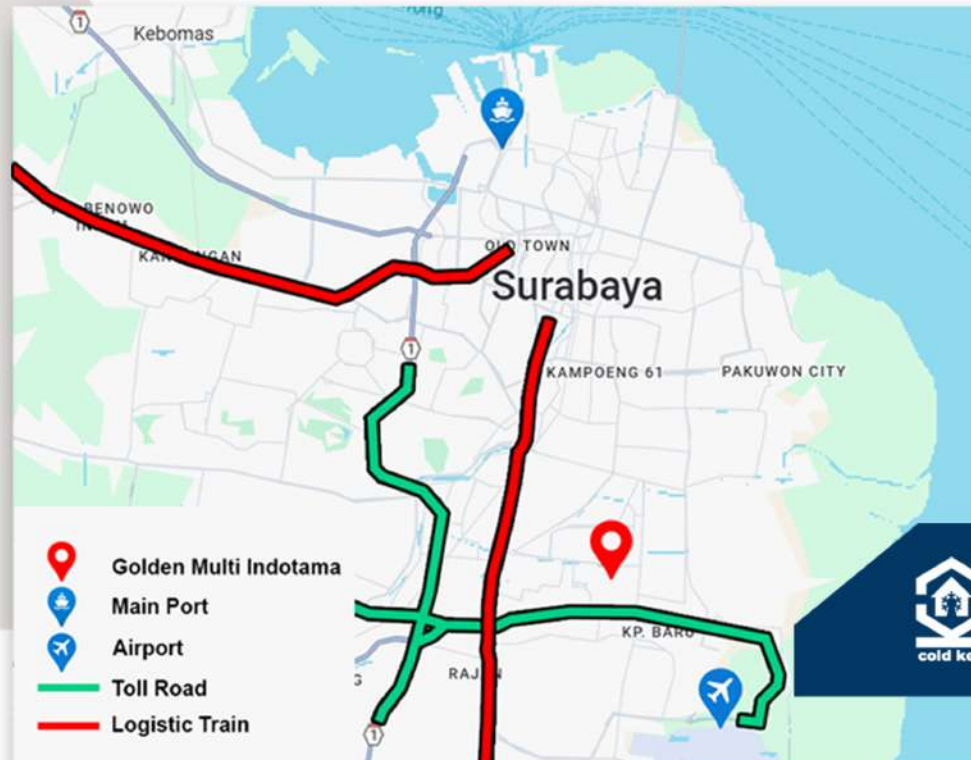

Juanda International Airport

Only ± 20 – 30 minutes travel time
Ideal for both domestic and international air shipments
Supports fast-moving industries that rely on air logistics

Main Ports

Close to Tanjung Perak Port (± 40 minutes)
Easy access to Teluk Lamong Port for modern and efficient logistics distribution
Strategic for import–export activities via sea routes
