# An Evening with Fred Trump III

Book Author and Nephew of Donald J. Trump, to  
Share His 25 Year Old Disabled Son's Journey!

*What would you think if your Uncle Donald said to you, "your Son doesn't recognize you, let him die, and move down to Florida," when Uncle Donald was asked to replenish a medical account set aside for your Son's medical care?*

*The medical fund was only necessary, because the same Uncle Donald cutout his Brother Fred III's family (Mary and Fred III) of their inheritance from Fred Senior!*

*Find out that and more with Q&A after the interview with Fred Trump III.*
