I, along with millions of Democrats, saw our elected officials running around like the proverbial chicken... You were an absolute and complete embarrassment.

Since you seem to be completely lost as to how to handle the USAID debacle, I sincerely hope you take this not so much as a suggestion but as an order from your constituents.

1. Stop running around the capitol for your 30 seconds on TV, some very very embarrassing. Republicans were laughing at you.
2. Get on Twitter (formerly X) and start a Space.
3. Introduce yourself, show your office, maybe staff...
4. Talk about how the USAID program helped countries. Show pictures that touch the heart. Show Ivanka and Melania's work.
5. Talk about the impact on our farmers, billions forever lost.
6. Have Hakeem Jeffries host the first one, have him call out Mike Johnson and ask him for details on the USAID fraud. Karoline's numbers "may" be wasteful, but not only were they from the State Department, no fraud has been shown.
7. Set schedules to host at least one every day. There are enough of you to flood Twitter with your message.
8. Offer Republicans a chance to meet with you live and discuss... They will chicken out of course. Remind them they are bought and paid for by Elon.

The headline came from here: <https://www.kcci.com/article/usa-id-trump-cuts-iowa-agriculture-impacts-trade/63696477> - I am sure you can find a lot more.

Have any of you reached out to the Democratic headquarters in Iowa and the other red states affected? Has anyone started sending the message that they were lied to, betrayed again by Washington, demanding answers how the farmers will have to be helped? Demand they contact their reps for answers.

Most likely you are going to wait for the Sunday shows that none of the Republican base watches. They are too glued to Fox News.

Why don't we compare how rich and snobbish the Fox reporters are, show their wealth compared to the poor. As an inspiration, watch this video.

The song was my first try using Suno.com, an AI creation. The video portion I put together; I think the overlay sends a very powerful message.

Please feel free to download and share independently from me. I want no accreditation. Put out the message of it is the American people over the rich.

A real American Patriot.

The 1797 Treaty of Tripoli

Begun by George Washington, signed by John Adams and ratified unanimously by a Senate still half-filled with signers of the Constitution, this treaty announced firmly and flatly to the world that **"the Government of the United States of America is not, in any sense, founded on the Christian religion."**
