 Press release

## Average of at least 16 children killed or injured in Ukraine every week as escalation of war nears 1,000 days

Children and families face third winter in harsh conditions as attacks intensify

18 November 2024

Nine children were killed over the weekend when Putin, emboldened by our descent into utter chaos, launched a missile attack that struck a playground, killing nine children.

Republicans are so ready to demand Democrats say the names of victims of violence perpetrated by illegal aliens "invading" this country!

Let's have some of the top Republicans do the same to just a few of the thousands of children murdered by the Russians who are illegal aliens in Ukraine.

When will making America great again include teaching people that killing children is wrong?

**There are thousands of innocent people killed every day.**

**Say their names!**

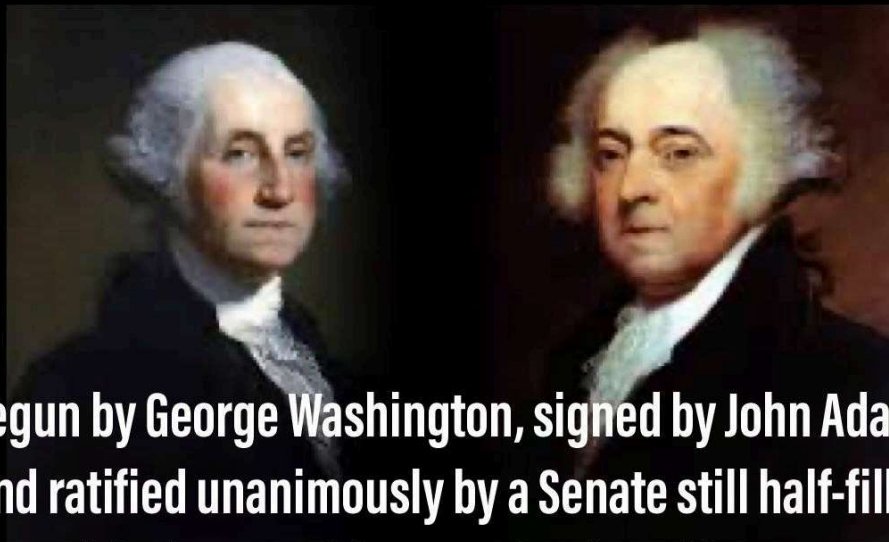

Still no word.

The administration is so inept that they cannot pick up the phone and talk to the same people they arranged the transfers to in the first place?

Are they afraid he is already hospitalized, or possibly even dead?

# The 1797 Treaty of Tripoli

Begun by George Washington, signed by John Adams and ratified unanimously by a Senate still half-filled with signers of the Constitution, this treaty announced firmly and flatly to the world that **"the Government of the United States of America is not, in any sense, founded on the Christian religion."**
