Four years ago, many law enforcement officers tried to protect the Capitol from a mob incited by tRumps lies about the election being stolen. While we all extend our thanks that Democracy held that day, tRump promises nothing but retribution for his perceived enemies. On this day Magatards now want to make in a national holiday, a party.

You can take that, fold it up with sharp corners, and well...

On [TMHM](#) I have created a page labeled HEROES!

I have compiled stories of

- Aquilino Gonell
- Daniel Hodges
- Eugene Goodman
- Harry Dunn
- Michael Fanone.

While some of the minor details may be made up, the stories of their heroism are as true and accurate as possible. In order to keep certain individuals from screaming that the stories are not accurate, I have changed their names. In the next couple of days I will be adding those that died, four from suicide thanks to the beatings and trauma they experienced from the

worst a\$\$hole\$ that America has produced. We have had four years of lies that the election was stolen, now we have to listen to a convicted felon lie about how great he is, how everyone always calls him "Sir!"

Please take a minute and read of the true heroes on Jan 6, 2021. We will not forget the destruction to both life and limb.

“January 6 was a violent attack on the law enforcement officers defending the Capitol, and it was an unprecedented attack on a cornerstone of our system of government — the peaceful transfer of power from one administration to the next,” Garland said in a statement on Monday, Jan. 6, 2024, on his last Jan. 6 as attorney general.

“Over the past four years, our prosecutors, FBI agents, investigators, and analysts have conducted one of the most complex, and most resource-intensive investigations in the Justice Department’s history,” he said.

“They have analyzed massive amounts of physical and digital data, identified and arrested hundreds of people who took part in unlawful conduct that day, and initiated prosecutions and secured convictions across a wide range of criminal conduct. We have now charged more than 1,500 individuals for crimes that occurred on January 6, as well as in the days and weeks leading up to the attack,” Garland said.

Thank you!

A real American Patriot!
