John was my English students in the village when he was in primary school. After that he continued to study high school and lived in PVH dormitory for 4 years. After graduated High school he studied university then he passed the exam to continue study at the Police Academy for bachelor degree. I took photo while he was sent to protect the refugees camps past few weeks. Praise God ! And thanks Evangel Global Missions (HKOMB) for supporting students to study so that everyone have the opportunity.
