Dunman Secondary's Testimonial for DESIGN AND PRODUCTION OF DUNMAN SECONDARY'S YEARBOOK 2022

We've had several opportunities working with Apache and they have never disappointed. We often work around tight deadlines and we know we can depend on Apache for a quick turn around time. This has not only made the work process smooth but reduced the pressure of the deadlines for us. In their work, Apache has also been thorough in addressing our feedback and upfront in sharing of any limitations faced. We also appreciate the extra mile Apache goes to render assistance even after product has been delivered. Suffice to say, Apache delivers quality work from the heart.

School of Science and Technology Singapore (SST) Testimonial for DESIGN AND PRODUCTION OF SST YEARBOOK 2021/2022

At this juncture, I would like to express my gratitude for the working relationship established with Apache Art Enterprise and for personally working alongside you for the Yearbook 2021/2022 for the School of Science and Technology, Singapore.

It was a smooth-sailing project which was completed on time and kept to the timeline at every stage. I thank you for your patience, the coordinated approach to the content placement, suitable design elements and how the e-publication can be best presented to all audiences. Your cooperation is much appreciated, and I truly believe that future projects with Apache Art Enterprise will be encouraged and that the final output managed by you will be produced successfully and confidently.

Cheers!

To Whom it May Concern,

TESTIMONIAL

Gabriel Eng of Apache Art Enterprise was engaged by me, the author of the book "TIP OF THE SPEAR – 50 Years of the RSAF Fighter Force".

He was first engaged in mid-2018 to help develop the concept of the book and to take charge of the layout, cover design, proofing, and printing of the book. Through many iterations in the book content, the book was finally published in Jan 2022.

The long gestation of the book was due to the immense number of photographs that were sourced and the several changes in the book content. Besides that, due to the nature of the subject matter, there were many reviews done by the Authorities.

While working on the book layout, Gabriel had to manage over 1,000 photos and 350 colour profiles which were specially commissioned for the book. There were constant shifting and changes in the layout as more new materials surfaced and to accommodate inputs from various stakeholders.

Gabriel proactively researched and familiarized himself on the subject matter and provided valuable inputs to the flow and layout of the book. Though there was several stop-starts during the project, he took it in his stride and provided responsive support for the changes that were made, many requiring text updates/corrections, changes in photographs and re-layout affecting several pages each time.

The 240-page book was an immediate success on its launch in Jan 2022, with the first print sold out within a month. Many praised it for the comprehensive coverage of the RSAF Fighter Force graced by the huge collection of rare photographs and beautiful artwork.

Much credit obviously goes to Gabriel for his creative work to impress the reader by presenting the complex content effectively. His photograph editing skills assured many old, faded photographs are brought back to life for the book.

It was my pleasure to work with Gabriel again on a book project, this time more complex and challenging. His professional approach and skills in book design contributed much to the success of this book.

Afi-The RSAF Testimonial for FOCUS MAGAZINES (2022)

Testimonial for Apache Art Enterprise

To whom it may concern,

This letter serves as a testimonial for the outstanding services and close working partnership that Apache Art Enterprise has with the RSAF FOCUS magazine over the last few years.

Gabriel has been working with the RSAF FOCUS magazine editorial team since our 99th magazine Issue in February 2019, and the partnership has grown strength in strength since then. Gabriel's creative approach to designs in our magazines have proved to be engaging and eye catching to the readers, which would otherwise be mundane and dreary.

Gabriel understands the demands and intricacies that are required when working with a large organisation and he has been extremely attentive to our every needs and requirements for the magazine production, from the beginning of the design phase all the way through to the production and delivery of the magazines. He has done well in every regard and it has been an absolute pleasure working with him for these last three years. He has very strong work ethics and I have no qualms that he will continue to put his utmost professionalism in his work. He will be a great addition to any design project task given to him and we look forward to future partnerships with him and his company.

Lastly, I can be reached at 07070516 if there are any queries or clarifications needed to the testimonial that I've provided.

COL(RET) GOH YONG KIAT's Testimonial for DEFENDING OUR SKIES (50th Anniversary of the RSAF) COFFEE TABLE BOOK

TESTIMONIAL

Gabriel Eng of Apache Art Enterprise was engaged by me, the author of the book "Defending Our Skies – The RSAF, a Full Spectrum Force" in May 2016 to design and produce the book. During the project, I provided him with the text and photographs for layout and design. He was also responsible for managing the printing and overall quality of the hard-cover book.

This book was written to help commemorate the 50th Anniversary of the Republic of Singapore Air Force (RSAF). From the beginning Gabriel was cognizant that we need to come up with a book that befits this important anniversary.

The final draft of the book was completed just before Christmas in 2017 and was published in January 2018 in time for its launch by the Chief of Air Force at the RSAF Family Day on 3 February 2018. The book was well received, and I have positive comments from all who have seen it. Much credit obviously goes to Gabriel for his creative work in managing the complex contents besides the cover design and overall approach in the book design.

Gabriel had to manage the layout of over 550 photographs and numerous images of insignias and badges to synergise them with the flow of the text. He was able to meticulously plan and present the complex web of information and photographs in an orderly and attractive way that impress the reader as each page is turned.

During the design phase of the project, Gabriel took the initiative and proactively research into the subjects to better understand the contents of the book. He provided invaluable feedback on the book design and suggested alternative solutions and approach when problems are encountered.

Gabriel's skills in photographic image editing resulted in many old photographs that were of bad quality being brought back to life. He is also flexible and able to accommodate changes with the objective to produce a book that befits the occasion.

I enjoyed working with Gabriel on this project. He is professional in his conduct and his calm demeanour makes interaction with him a most pleasant experience.

Dear Gabriel

I would like to show my greatest appreciation on your sincere efforts in the successful production and completion of our company's annual Traineeship Companies Publicity Brochure project in November 2015.

Your design and art work for the Brochure was refreshing and eye-catching, exactly what we envisioned in this new edition of the Brochure. Our partner companies were very satisfied with the coordination and attractive designs you had done for them for their respective company pages. The completed Brochure had a professional feel and able to engage the young readers.

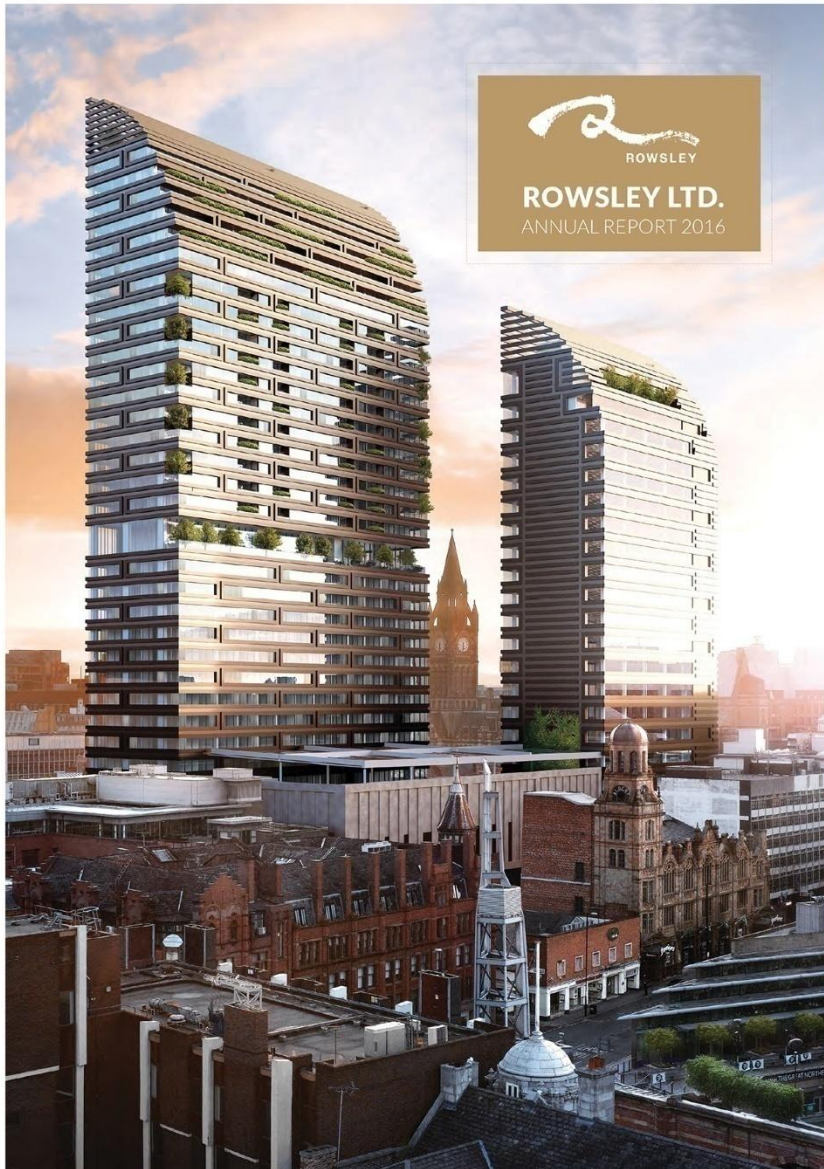

I am especially thankful for your patience and swift response in making design changes whenever we call for it. You have definitely gone the extra mile to ensure the project met its milestones.

Finally, I would like to express my gratitude to you for your excellent service. Thank you very much. I look forward to our future collaboration.

Sincerely,

ROWSLEY's Testimonial for ROWSLEY LTD Annual Report

“ I am very satisfied with Gabriel and APACHE for the design and production of Rowsley Annual Report 2016.

Apache had far surpassed my expectations in terms of service, design and quality of the Annual Report.

Gabriel was constantly in contact with us and had been top notch in managing the design and production of our Annual Report.

I would highly recommend Apache to potential clients, and look forward to more projects together in the years to come.

Rowsley Ltd.

Operations Review

Rowsley continued to expand its businesses in design and engineering, real estate development and hospitality in 2016.

OVERVIEW
2016 has been a challenging year as our Group was affected by major external events and weak market conditions. In the UK, Brexit has created much market uncertainty and led to a depreciation of the British Pound. In Singapore, the private property market saw lacklustre performance, while Malaysia experienced continued uncertainties and an extended decline in the Ringgit.

Notwithstanding these headwinds, Rowsley continued to expand its business in design and engineering, real estate development and hospitality in 2016. The Group made two acquisitions, Square Mocha and Ariva Hospitality, completed its 50% acquisition of the Stock Exchange Hotel in Manchester, entered into a partnership with the National Football Museum of UK, and franchised its Café Football brand to Singapore.

FINANCIALS
For the financial year ended 31 December 2016 (FY16), the Group reported a net loss attributable to equity holders of \$63.3 million, mainly due to asset impairments, up from a net loss of \$26.5 million for the financial year ended 31 December 2015 (FY15). Including impairments and fair value gains, \$811.8A, stood at approximately \$4.0 million, supported by double-digit top-line growth.

Impairments of \$72.9 million were taken against three businesses - RSP (\$37.6 million), Hotel Football (\$34.2 million) and CC Collectors (\$1.1 million). RSP was affected by a weak property market in Singapore. However, the business continues to be profitable and key projects secured last year related masterplanning for the Mandalay nature precinct and design of the Esplanade.

Earnings for Hotel Football in Manchester had trailed below management's projections, resulting in an impairment loss. The impairment reflects a conservative approach. In view of the uncertain market ahead due to Brexit, Hotel Football has tremendous brand value and growth potential. The impairment does not consider the value that would arise from an expansion of the brand.

Our UK hospitality management arm, CC Collectors, had been affected by lower income from Hotel Football. Therefore, an impairment had been made against the goodwill arising from this acquisition.

Group revenue rose 24% to \$103.1 million, against \$83.0 million in FY15. They included a full-year contribution from the UK hospitality business, which was acquired in November 2015, and revenue contributed by Square Mocha, which was previously an associated company but became a wholly owned subsidiary of the Group in August 2016. The 31.7% stake in RSP India, acquired in August 2015, also contributed a full-year share of earnings to the Group.
