

## FABTECH FRONT LOADING WASHING MACHINE

Fabtech Equipments washing machines are built for all types of laundry jobs, including technical and enzyme washing. They are available in various types and sizes to handle fabrics such as denim, cotton, rayon, knitted, and woolen garments.

**CAPACITY  
AVAILABLE FROM  
15 KG TO 100 KG**

### HEAVY DUTY DESIGN

A stainless steel washtub and outer drain tub combine with a rugged suspension system for long-lasting performance.

### IMPROVED EFFICIENCY

Our machines are engineered to deliver 55–70% savings in water, electricity, and chemicals, ensuring higher efficiency, lower operating costs, and eco-friendly performance.

### ELECTRICAL CONTROL PANEL

Digital control panel with temperature control, heat and supply settings, cycle timer, and start/stop functions for accurate, safe, and easy operation.

### LESS VIBRATION

Stronger frame is designed to reduce sound and vibration levels.

Parameter/Models	FWS 15	FWS 30	FWS 60
Capacity/Charge	15 KG	30 KG	60 KG
Basket Size Volume	750 dia x 450 mm / 213 LTS	950 dia x 500 mm / 340 LTS	1100 dia x 650 mm / 700 LTS
Wash Motor	0.37 KW	0.75 KW	1.5 KW
Water Connection	1.5" BSP / 60 Ltrs/Fill	1.5" BSP / 120 Ltrs/Fill	2" BSP / 240 Ltrs/Fill
Steam Connection	0.5" BSP / 15 Kg approx.	0.5" BSP / 25 Kg approx.	0.5" BSP / 50 Kg approx
Electric Heating	6–12 KW	12–18 KW	18–24 KW
Diesel Consumption	1.5 Ltrs/hr, Temp +2°C/min	1.5–2 Ltrs/hr, Temp +2°C/min	3–4 Ltrs/hr, Temp +2°C/min
Dimensions (WxDxH)	1050 x 1000 x 1600 mm	1150 x 1350 x 1700 mm	1350 x 1450 x 1800 mm
