## **MSRA Webinar Curriculum 2025**

This document outlines the full curriculum for the 2025 MSRA Webinar Series.

Each session is delivered by one or multiple experienced tutors.

The Clinical section includes Single Best Answer (SBA) questions in full MSRA format, with high-yield explanations tailored for exam success.

The Professional Dilemmas (PD) section features real-life situational judgement test (SJT) scenarios followed by Q&A and rationale breakdown to build strategic thinking.

 Webinars are held every Sunday at 14:00 BST.

### **1. 04/05/2025 – Best Techniques to Tackle Clinical Questions**

 Part 1 – Clinical: Best Techniques to Tackle Clinical Questions

Strategies for approaching SBAs, pattern recognition and time management.

SBA practice with MSRA-style explanations.

 Part 2 – SJT: Ethical experts will be invited to guide this component.

Topic: Best Techniques for SJT + Top Resources

Expect judgement-based scenarios with structured explanations and live Q&A to clarify the rationale behind ideal rankings.

### **2. 18/05/2025 – Respiratory System**

 Part 1 – Clinical: Respiratory System

Covers asthma, COPD, pneumonia, and PE recognition with radiology tips.

SBA practice with MSRA-style explanations.

 Part 2 – SJT: Ethical experts will be invited to guide this component.

Topic: Coping with Pressure

Expect judgement-based scenarios with structured explanations and live Q&A to clarify the rationale behind ideal rankings.

# AceSpecialityTraining

## 3. 01/06/2025 – Endocrinology / Metabolic

 Part 1 – Clinical: Endocrinology / Metabolic

Includes diabetes types, DKA, thyroid dysfunction, and adrenal disorders.

SBA practice with MSRA-style explanations.

 Part 2 – SJT: Ethical experts will be invited to guide this component.

Topic: Empathy and Sensitivity

Expect judgement-based scenarios with structured explanations and live Q&A to clarify the rationale behind ideal rankings.

## 4. 15/06/2025 – Gastroenterology / Nutrition

 Part 1 – Clinical: Gastroenterology / Nutrition

Focus on IBD, liver disease, malabsorption syndromes, and GI bleeding.

SBA practice with MSRA-style explanations.

 Part 2 – SJT: Ethical experts will be invited to guide this component.

Topic: Teamwork

Expect judgement-based scenarios with structured explanations and live Q&A to clarify the rationale behind ideal rankings.

## 5. 29/06/2025 – Neurology / Psychiatry

 Part 1 – Clinical: Neurology / Psychiatry

High-yield stroke, seizure, depression, anxiety, and psychosis scenarios.

SBA practice with MSRA-style explanations.

 Part 2 – SJT: Ethical experts will be invited to guide this component.

Topic: Ethical Dilemmas

Expect judgement-based scenarios with structured explanations and live Q&A to clarify the rationale behind ideal rankings.

## 6. 13/07/2025 – Musculoskeletal System

 Part 1 – Clinical: Musculoskeletal System

Includes back pain, arthritis types, fractures, and red flag symptoms.

SBA practice with MSRA-style explanations.

 Part 2 – SJT: Ethical experts will be invited to guide this component.

Topic: Patient Safety

Expect judgement-based scenarios with structured explanations and live Q&A to clarify the rationale behind ideal rankings.

# AceSpecialityTraining

## 7. 27/07/2025 – Paediatrics

 Part 1 – Clinical: Paediatrics

Common child presentations including fever, bronchiolitis, and safeguarding.  
SBA practice with MSRA-style explanations.

 Part 2 – SJT: Ethical experts will be invited to guide this component.

Topic: Cultural Competence

Expect judgement-based scenarios with structured explanations and live Q&A to clarify the rationale behind ideal rankings.

## 8. 10/08/2025 – Renal / Urology

 Part 1 – Clinical: Renal / Urology

Covers AKI, CKD, UTI management, and electrolyte disturbances.  
SBA practice with MSRA-style explanations.

 Part 2 – SJT: Ethical experts will be invited to guide this component.

Topic: Leadership

Expect judgement-based scenarios with structured explanations and live Q&A to clarify the rationale behind ideal rankings.

## 9. 24/08/2025 – Pharmacology & Therapeutics

 Part 1 – Clinical: Pharmacology & Therapeutics

Safe prescribing, interactions, adverse drug reactions.  
SBA practice with MSRA-style explanations.

 Part 2 – SJT: Ethical experts will be invited to guide this component.

Topic: Decision Making

Expect judgement-based scenarios with structured explanations and live Q&A to clarify the rationale behind ideal rankings.

## 10. 07/09/2025 – Dermatology / ENT / Eyes

 Part 1 – Clinical: Dermatology / ENT / Eyes

Common rashes, otitis media, tonsillitis, and red eye differentials.  
SBA practice with MSRA-style explanations.

 Part 2 – SJT: Ethical experts will be invited to guide this component.

Topic: Raising Concerns

Expect judgement-based scenarios with structured explanations and live Q&A to clarify the rationale behind ideal rankings.

# AceSpecialityTraining

## 11. 21/09/2025 – Reproductive Health

 Part 1 – Clinical: Reproductive Health

Covers antenatal care, contraception, menstrual disorders, STIs.

SBA practice with MSRA-style explanations.

 Part 2 – SJT: Ethical experts will be invited to guide this component.

Topic: Dealing with Mistakes

Expect judgement-based scenarios with structured explanations and live Q&A to clarify the rationale behind ideal rankings.

## 12. 05/10/2025 – Infectious Diseases / Haematology / Immunology

 Part 1 – Clinical: Infectious Diseases / Haematology / Immunology

Focus on sepsis, anaemia, immunodeficiencies.

SBA practice with MSRA-style explanations.

 Part 2 – SJT: Ethical experts will be invited to guide this component.

Topic: Maintaining Confidentiality

Expect judgement-based scenarios with structured explanations and live Q&A to clarify the rationale behind ideal rankings.

## 13. 12/10/2025 – Cardiovascular System

 Part 1 – Clinical: Cardiovascular System

Hypertension, ACS, heart failure, arrhythmias with ECG review.

SBA practice with MSRA-style explanations.

 Part 2 – SJT: Ethical experts will be invited to guide this component.

Topic: Coping with Pressure

Expect judgement-based scenarios with structured explanations and live Q&A to clarify the rationale behind ideal rankings.

## 14. 19/10/2025 – Respiratory System

 Part 1 – Clinical: Respiratory System

Covers asthma, COPD, pneumonia, and PE recognition with radiology tips.

SBA practice with MSRA-style explanations.

 Part 2 – SJT: Ethical experts will be invited to guide this component.

Topic: Ethical Dilemmas

Expect judgement-based scenarios with structured explanations and live Q&A to clarify the rationale behind ideal rankings.

# AceSpecialityTraining

## 15. 26/10/2025 – Endocrinology / Metabolic

 Part 1 – Clinical: Endocrinology / Metabolic

Includes diabetes types, DKA, thyroid dysfunction, and adrenal disorders.

SBA practice with MSRA-style explanations.

 Part 2 – SJT: Ethical experts will be invited to guide this component.

Topic: Empathy and Sensitivity

Expect judgement-based scenarios with structured explanations and live Q&A to clarify the rationale behind ideal rankings.

## 16. 02/11/2025 – Gastroenterology / Nutrition

 Part 1 – Clinical: Gastroenterology / Nutrition

Focus on IBD, liver disease, malabsorption syndromes, and GI bleeding.

SBA practice with MSRA-style explanations.

 Part 2 – SJT: Ethical experts will be invited to guide this component.

Topic: Teamwork

Expect judgement-based scenarios with structured explanations and live Q&A to clarify the rationale behind ideal rankings.

## 17. 09/11/2025 – Neurology / Psychiatry

 Part 1 – Clinical: Neurology / Psychiatry

High-yield stroke, seizure, depression, anxiety, and psychosis scenarios.

SBA practice with MSRA-style explanations.

 Part 2 – SJT: Ethical experts will be invited to guide this component.

Topic: Patient Safety

Expect judgement-based scenarios with structured explanations and live Q&A to clarify the rationale behind ideal rankings.

## 18. 16/11/2025 – Musculoskeletal System

 Part 1 – Clinical: Musculoskeletal System

Includes back pain, arthritis types, fractures, and red flag symptoms.

SBA practice with MSRA-style explanations.

 Part 2 – SJT: Ethical experts will be invited to guide this component.

Topic: Cultural Competence

Expect judgement-based scenarios with structured explanations and live Q&A to clarify the rationale behind ideal rankings.

# AceSpecialityTraining

## 19. 23/11/2025 – Paediatrics

 Part 1 – Clinical: Paediatrics

Common child presentations including fever, bronchiolitis, and safeguarding.  
SBA practice with MSRA-style explanations.

 Part 2 – SJT: Ethical experts will be invited to guide this component.

Topic: Leadership

Expect judgement-based scenarios with structured explanations and live Q&A to clarify the rationale behind ideal rankings.

## 20. 30/11/2025 – Renal / Urology

 Part 1 – Clinical: Renal / Urology

Covers AKI, CKD, UTI management, and electrolyte disturbances.  
SBA practice with MSRA-style explanations.

 Part 2 – SJT: Ethical experts will be invited to guide this component.

Topic: Dealing with Mistakes

Expect judgement-based scenarios with structured explanations and live Q&A to clarify the rationale behind ideal rankings.

## 21. 07/12/2025 – Pharmacology & Therapeutics

 Part 1 – Clinical: Pharmacology & Therapeutics

Safe prescribing, interactions, adverse drug reactions.  
SBA practice with MSRA-style explanations.

 Part 2 – SJT: Ethical experts will be invited to guide this component.

Topic: Professional Integrity

Expect judgement-based scenarios with structured explanations and live Q&A to clarify the rationale behind ideal rankings.

## 22. 14/12/2025 – Dermatology / ENT / Eyes

 Part 1 – Clinical: Dermatology / ENT / Eyes

Common rashes, otitis media, tonsillitis, and red eye differentials.  
SBA practice with MSRA-style explanations.

 Part 2 – SJT: Ethical experts will be invited to guide this component.

Topic: Raising Concerns

Expect judgement-based scenarios with structured explanations and live Q&A to clarify the rationale behind ideal rankings.

# AceSpecialityTraining

## 23. 21/12/2025 – Reproductive Health

 Part 1 – Clinical: Reproductive Health

Covers antenatal care, contraception, menstrual disorders, STIs.

SBA practice with MSRA-style explanations.

 Part 2 – SJT: Ethical experts will be invited to guide this component.

Topic: Empathy and Sensitivity

Expect judgement-based scenarios with structured explanations and live Q&A to clarify the rationale behind ideal rankings.

## 24. 28/12/2025 – Full Mock Exam – Clinical + SJT

 This is a full mock session replicating the real MSRA structure:

- Clinical SBA: Timed mock exam with realistic question formats and feedback.
- SJT/PD: Exam-style scenarios with detailed answer breakdown and strategy tips.
