

PALS

Parents of Lycée in Sydney PALS List for the School Council (CEc)

Remember to **also vote** for the PALS List for School Committee

Fiona Macgregor

Year level: **Y5**

I hold a Masters of Laws (LLM) from ANU and have practised law for 12 years. I currently work as a lawyer at the Australian Securities and Investments Commission (ASIC) and prior to joining ASIC, worked as a Senior Federal Prosecutor with the Commonwealth Director of Public Prosecutions. I have enormous respect for the education, culture and values taught at the school and am keen to contribute to Council to help foster open and collaborative discussions to achieve the best learning outcomes for the school's students.

Sandra Germay

Year level: **Y1, Y7, Y9**

I am Belgian (french-speaking). Before moving to Australia, we spent ten years in London. I am a homeopath and currently also studying naturopathy. Our children began their education in the English system; however, we wanted them to develop their French and French culture knowledge while benefiting from an international environment. Lycée Condorcet Sydney offers them this opportunity. I am a past member of the School Council.

Seb Mackinnon

Year level: **PS, GS**

We just moved back to Australia in 2021 and are thrilled to have two girls in Maternelle section. I've moved around multiple continents with nearly 20 years in aviation negotiating workable solutions to complex problems. Plenty of experience getting the difficult questions agreed by committee inside and outside work. Huge respect for the values of the school and the benefits of cross-cultural education so keen to do my small part helping the next generation build bridges. I am looking to take a consultative approach to problem-solving and to focus on pragmatic outcomes that work for children, parents, staff and the institution.

Valentina Chioub

Year level: **PS**

I have lived and worked in France, London and Sydney and am married to a Frenchman. Currently a full-time mother to Oscar (3.5yo) and Oliver (18mo). We are pleased that Oscar has joined PS at the school this year. I worked for 2 years in a Petite Section in Aix En Provence in the south of France as an English teacher. In Australia I started a business called Academic excellence as a tutor focussed on high achieving academic students, I ran this business for 15 years until I gave birth to my first son. I am a huge believer in the value of education, both in academic achievement and personal development. Both my husband and I are passionate about our children sharing our belief in an international identity, believing the world is getting smaller and that we must be respectful of different cultures, values and beliefs.
