

CROWN SERIES FOUNDERS EDITION  
**CLUB 32**

## ABOUT US

Dubai rewards the exceptional. Diamond Dreams introduces Club-32: a private recovery space for villas and signature suites, a personal sanctuary the size of a mini suite. Place it beside the home gym, by the pool lounge, or in a quiet open space. Step inside the Diamond Pod and close the world outside. Contoured massage releases tired muscles, hotstone warmth melts deep tension, ionaire oxygen comfort refreshes the mind, and red light supports skin renewal for a youthful glow.

Only thirty two limited edition, individually numbered Pods will be released in Dubai, each installed with concierge care, discreet service, and Founders privileges. Invitation only. Choose your number and claim your sanctuary.

ONLY THIRTY TWO INDIVIDUALLY NUMBERED PODS WILL BE  
RELEASED IN DUBAI.

Some moments can never be repeated.

Club 32 marks the official introduction of Diamond Dreams Dubai. Created to celebrate our launch, it offers the first 32 Diamond Pods as a special edition, each carrying a golden model number and accompanied by a Diamond Dreams Club 32 membership card. More than a product release, Club 32 establishes a community that shares in the foundation of Diamond Dreams in Dubai, setting the tone for innovation, elegance, and lasting distinction.

With your membership, you step into a circle that will forever remain closed after its first chapter. A private card, a numbered edition, a legacy tied to the very launch of Diamond Dreams in Dubai.

Club 32 is not about what you own. It is about where you stand, at the beginning of a story that only a few will ever tell.
