GREEN BUILDING CONCEPT

Ecological Sustainability

GREEN BUILDING CONCEPT refers to a type of construction where environmentally friendly solutions, methods and products are used and measured. DCI® shows its commitment to this approach by manufacturing products that are designed to save water and energy. We make faucets that fulfill different user needs and offer convenient ways of experiencing water, ecologically. In addition to the environment, cornerstones of our design include functionality, timeless design and durability.

Eco-Friendly Flow Control For a Better Tomorrow

Considering the green building awareness and promotions we are happy to announce that all our products (Excluding flushing systems and diverters) Offer you an option to choose from the following flow controllers at an additional cost of.

4L/min | 6L/min | 8L/min | 10L/min | 12L/min

**Sustainable
Solutions for
Water
Conservation**

DCI® respects the environment and strives to make living better-and greener!

future

Foundry

Induction furnaces, core shooters and gravity die-casting machines.

Casting

Virgin brass ingots are melted in the induction furnace and die-casted to be shaped in accordance with the technical designs.

Machining

Hi-speed Computer Controlled CNC Machine And In-house Tool Room.

State of Art Grinding & Polishing

Semi-automatic Polishing Machines, Multi Station, Multi Spindle Rotary Polishing Machines, Hi-tech Polishing Machines.

Electro Plating Line Surface Finishing

Chrome-plating Involve Finishing Of The Products Through Electroplating Standard Nickel.

Final Product Assembly

Experts Assemble Various Parts Using Pneumatic Tools

Product Testing

All Products Are Tested Under Both Hydraulic And Pneumatic Pressure As Recommended By The Bureau Of Indian Standard And As Per International Norms.

Standard

Performance and durability as per EN-200 and EN-817 Standard.

Packaging

Attractive Packaging With Cotton Pouches, Foam, Thermocol, And Bubble Sheets Is Used To Ensure Zero Surface Damage In Transit Or During Storage And The Finished Products Adorn Every Bathroom They Reach.

QUALITY STANDARDS TO PROTECT YOUR HEALTH

	Soft Water Flow
	Advance Glazing
	Higher Longevity
	Save Water
	Operates Smoothly

HIGH-QUALITY VALVE CORE

DCI adopts imported precision ceramic valve cores (the valve core is a core component of the faucet that regulates the opening and closing of the faucet as well as the flow of water), so it feels comfortable and light.

It features excellent quality and is still smooth and saves energy without leakage after more than 600,000 openings-and-closings.

(Based on 30 uses per day, resulting a service life of up to 60 years).

30 times opening and closing each day
up to 50 years of service life

Over
600,000
Cycle

WARRANTY

DCI BATH products are subjected to strict controls during every step of the production cycle to provide the best guarantees on the quality of the product. For this reason, the DCI BATH taps are warranted against manufacturing defects for a period of 10 years.

HAPPY TO HELP : 1800 121 33 1800

DETAILS MAKE A GOOD FAUCET

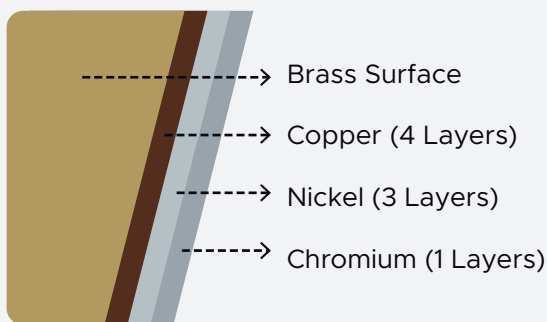

Modern Stylistic Elements

DCI faucets incorporate classic, simple, elegant and other different styles of products. In design terms, we have also introduced fashionable design elements and smooth lines, and with our 3-layer quality plating technology, the final product surface is always fine and smooth.

3-layer Fine Plating Process

DCI's advanced electroplating process coats its faucets under 3 layers of different coatings of copper, nickel, and chromium respectively. The chromium plating layer is more than 0.25 μm (inclusive) and the nickel plating layer is more than 8 μm (inclusive). This advanced process results in a bright and durable appearance with no paint used or needed.

Water-saving Bubbler

DCI's high-performance water-saving bubbler precisely calculates the mixing ratio of water and air and controls the effluent at 4L/min via the negative pressure air injection principle, which saves more than 40% of water compared to an ordinary bubbler.

Fine Brass Casting

Fine brass casting is a key process in crafting high-quality faucets. It involves melting brass alloy and pouring it into molds to create intricate and precise components.

High-quality ABS Material

DCI shower is made of high-quality ABS material. The product is characterized by toughness and impact-resistance, and it will not be affected by being dropped on the ground.

Top-class Ceramic Cartridge

We are manufacturer of top-class Ceramic Cartridge in the world, which is with fine quality for unvarying using with quality guaranteed through 100% Water tightness tested under water pressure. The rigidity of the DATE cartridge are high, Even under using condition with unstable water pressure, performing life 5,00,000 operating times are guaranteed.

All the metal parts of the internal cartridge, are made of extruded brass rod ensuring flawless performance for a longer period.

WHY DCI?

UNMATCHED CUSTOMER SUPPORT

At DCI Bath Fitting, we believe that exceptional products deserve exceptional service.

That's why we offer **DCI TruCare**, a comprehensive customer support system that ensures seamless assistance at every step. With our **toll-free contact number (1800-121-331-800)**, customers have direct access to our specialized digital services team, ready to address any inquiries or support needs swiftly and efficiently.

10 Year Warranty: A commitment to quality and trustworthiness.

EXTENSIVE PRODUCT RANGE

Product Categories: Faucets, sinks, showers, bathroom accessories and sanitary ware.

CARE & INSTALLATIONS

DCI constantly strives to interact with consumers and make its products consumer friendly. The company's trained staff and executive maintain a direct interface with consumers, educating them about the product quality, convenience and maintenance. The guidelines are:

DCI TruCare**1800 121 331 800**

DURING INSTALLATION

- Use 25mm pipeline instead of 20mm to ensure better flow of water. Lay the pipelines straight and vertical as far as possible.
- More than required number of bends throttle the pressure of water. Keep the number of bends in the pipelines to a minimum. All the supply lines must have vent pipes which helps in giving a smooth flow of water from the fittings.
- Center to center distance of pipe fitting for Hot & Cold inlet for all types of wall mounted mixtures should be maintained at 165mm by which any of our wall mixers can be easily installed without any problem.
- Place the outlet point in the overhead tank at least 2.5cm above the ground level of the tank. This prevents the flow of foreign particles, sand, etc. along with water supply into the fittings avoiding the possible damage to the working parts.

POST INSTALLATION

- Cover the taps with poly pack before or after their installation till they are put to actual use to protect the fine finish of fittings from dirt, stains and other damages.
- Do not use harsh cleaning agents containing abrasives and acids. Instead use of soft sponge or wet cloth with soapy water / diluted vinegar to protect the colour finish.
- Clean the aerators provided in the items at regular intervals for a perfect flow of water from the fittings. To clean the aerator, remove it, knock out the silver insert and rinse through with water.
- Clean the overhead tank thoroughly before the supply starts. It is suggested that the overhead tank must be cleaned at regular intervals to avoid deposition of foreign particles. To avoid any foreign material to pass through the taps use jali.

WARRANTY DETAILS

THANK YOU FOR CHOOSING DCI BATHWARE PRODUCTS!

Our team has been committed to providing high-quality products & attentive service, we hope to get your satisfaction. Our products are designed as per international standards to provide you with the highest level of quality & trouble-free usage.

All DCI products are warranted against any defect in manufacturing or faulty workmanship for the period mentioned below beginning from the invoice date of purchase.

Warranty includes repairing defective products/parts and does not apply to damage resulting from normal wear & tear, abnormal use, misuse, abuse, neglect, or accident.

Warranty Chart		
Products	Residential Use	Commercial Use
All Faucets (Taps, Diverters, Thermostats)	10 years	7 years
Showers (Rain Showers, Body Showers)	1 year	6 Months
Hand Showers, Hoses & Toilet Spray Health Faucets	1 year	6 Months
All Sensors, Led, Electronic Circuits, Electric Assemble	1 year	6 Months
Flexible Pipe	NIL	NIL
Any Kind Of Batteries	NIL	NIL
Surface Damage Due To Lime & Hard Water	NIL	NIL

Cleaning of aerators is mandatory at regular intervals for the perfect flow of water from the fittings.

Do not use harsh cleaning agents & acids to clean your fittings.

All mixers, faucets & showers are included with a mesh sieve to prevent dirt & foreign particles. The presence of the sieve must be ensured during installation.

TERMS & CONDITIONS:

1. Customers are requested to keep their warranty card & invoice safe.
2. For all the units installed beyond the municipal limits of the jurisdiction of the company service Center/authorized service associate, the expenses incurred with regards to deputing the service personnel towards & for travel, conveyance & other incidental will be borne by the customer
3. The company & its authorized service center reserves the right to retain any part or components replaced at its discretion in the event of a defect noticed in the product during the warranty period.
4. In case of any damage to the product/customer abuse/misuse detected, the warranty conditions are not applicable & repairs will be done subject to the availability of parts & on a chargeable basis.
5. This warranty is not valid and ineffective if the products are not installed according to the instruction manual, the product is found tempered/misused, any warranty norms are violated, the customer is

unable to produce a copy of the invoice at the time of service visit, the breakdown is not arising out of manufacturing defect, but due to external reason such as water impurities, masonry, electrical, plumbing error, water hardness beyond permissible limits, inadequate or excessive water pressure, non- usage of product for more than 6 months, usage of abrasive cleaners, ammonia, bleach, acid, wax, alcohol, solvent or any other non recommended items on product, or improper care and cleaning of the product.

6. While the company will make every effort to carry out repairs at the earliest, it however is made expressly clear that the company is under no obligation to do so in a specified time.

7. The warranty shall not cover any consequential or resulting liability, damage, or loss to property or life arising directly or indirectly out of defects in the DCI products. The company's obligation under this warranty shall be limited to repair or providing replacement of defective parts only under the warranty period.

8. The warranty does not cover the installation of the product purchased.

9. The warranty does not cover components like washers, rubbers, springs & other plastic items.

10. Internal and external cleaning of the products, such as in-wall tank, drain and drain plugs, aerators, shower nozzles, and faucet finishes are not covered under the DCI warranty

11. Warranty does not cover defects caused by improper use, as determined by the service personnel, dealer & company.

12. In the event of any repairs/replacement of any parts of the product, this warranty shall thereafter continue and remain in force only for the unexpired period of the warranty. Any time consumed for the repair/replacement of parts including the transit of the product or its parts or any period during which the product has not been used whether under warranty or otherwise shall not be excluded from the warranty period and no extension of the warranty period will be granted

13. Warranty does not cover defects caused by the natural calamities caused by the act of god.

14. The warranty period will start from the date of invoice and shall automatically terminate upon the expiry of the warranty period even if the product has not been installed after purchase or has not been in use for any part or whole of the warranty period for any reason whatsoever.

15. Doorstep service will be restricted to fixed units, please contact your purchase dealer for the other issues along with the warranty card

16. In case of conflict of opinion, the final decision should be vested with the DCI company.

17. In case of any dispute, this warranty is subject to Rajkot jurisdiction only
