Experience

S•P•A, A TRG Company

Design coop
Summer 2025

Worked with the structural design team to create and ideate on multiple different corrugate POP displays. Ideation was based on real world feedback provided by both customers as well as the sales division within the company. Software used within the job included ArtiosCAD, CAPE, Illustrator, and Photoshop.

Smurfit Westrock

Early Careers, Design
Fall 2024

Worked with the design team to create product packaging while using ArtiosCAD. Incorporated elements learned from the corrugated design theory process. Worked with the Technical Illustrator team to complete the documentation for Part Instructions and Retail Instructions while using Adobe Illustrator.
