Product Description:

In India, serving food on leaf dining plates is a long-standing tradition with its own cultural, religious, medicinal, and socioeconomic significance.

The leaf plates and bowls are made by pressing the hand-stitched leaves with a liner (3-ply corrugated sheet) or food-grade craft sheet using a hydraulic heat press.

The heat helps kill any bacteria/viruses and also removes moisture from the leaves to avoid fungus growing on the plates/ bowls.

- 100% Bio-degradable
- Handstitched leaf
- Help spread awareness about sustainable alternatives
- Home compostable.
