SECTION 1 PROGRAM DESCRIPTION AND REQUIREMENTS

A. Background and General Information

The South Central Workforce Development Board (herein referred to as “SCWDB”) is a community-based organization created by statute to manage federal, state and local funding that serves our community’s workforce needs. Our 23-member Board of Directors, appointed by the panel of 10 County Judge Executives, keeps us on track and focuses on impactful, innovative solutions for the region. We oversee the Kentucky Career Center (our local American Job Center) in Bowling Green and 15 Access Points across the region to ensure support is always available for job seekers and employers alike. Our efforts are powered by collaboration, teaming up with our WIOA Direct Service Provider, the Career Development Office, the Office of Vocational Rehabilitation, the Office of Unemployment Insurance and the three Kentucky Adult Education providers. Together, we form the “public workforce system,” a network dedicated to helping employers find the right talent and guide job seekers on their career paths. The SCWDB, the Kentucky Career Center and our WIOA Direct Service provider engage over 15,000 individuals and hundreds of businesses each year.

The SCWDB concentrates strategic efforts towards engaging employers, aligning workforce system initiatives, educating and preparing job seekers, increasing regional workforce participation and ensuring organizational excellence to drive economic growth and workforce innovation in South Central Kentucky. While the public workforce system aims to assist and serve all individuals, the SCWDB has traditionally selected these five demographic groups, each with their own unique barriers to employment for innovative outreach and employment programming: 1) Opportunity Youth (ages 16 – 24) 2) Veterans and Transitioning Military Members 3) New Americans (Immigrants and Refugees) 4) Justice-Involved Individuals and 5) Older Adults (ages 45+). Read more about our strategic efforts to engage these groups and serve employees in our region in our [2025 – 2028 Strategic Plan](#). For more details about the SCWDB, visit www.southcentralworkforce.com.

The SCWDB issues this Request for Proposals to competitively procure a single service provider (“Contractor”) to deliver all WIOA Title 1 Adult, Dislocated Worker (DW), and Youth direct services, including Business Services, across the SCWDB’s ten-county region. The Contractor will provide comprehensive, aligned, and outcome-driven workforce services that measurably contribute to increased labor-force participation and improved regional talent outcomes. Provision of these services will be funded by WIOA Title I formula allocations, awarded to the SCWDB by the Kentucky Education and Labor Cabinet (ELC). All WIOA funded services must be delivered in accordance with WIOA rules and regulations, guidance from U.S. Department of Labor ([found here](#)), Commonwealth of Kentucky laws and regulations, and policies set forth by SCWDB ([found here](#)). Bidders are strongly encouraged to incorporate the SCWDB’s Strategic Objectives into their response to the RFP and to demonstrate a clear understanding of WIOA. Any contract entered because of this RFP may change from time to time in accordance with any guidance issued by the KY ELC or the U.S. Department of Labor. Accordingly, SCWDB reserves the right to modify the contract that is developed because of this proposal. All bidders must be committed to following and adapting to any changes in policy that may be issued by the SCWDB, the Commonwealth of Kentucky and the U.S. Department of Labor.

Opportunities for Additional Program Funding

The SCWDB has secured discretionary and supplemental funding and grants, including active National Dislocated Worker grants, for special projects and initiatives. The Contractor selected through this competitive RFP process may be eligible to receive additional WIOA and similar funding that becomes available and may be asked by the SCWDB to collaborate in fulfilling the requirements of additional grant funding.

B. RFP Overview

The SCWDB hereby solicits proposals, using a competitive bid process, to qualified organizations to provide Adult and Dislocated Worker and Youth Services for the South Central Workforce System in Kentucky. Services will include designing, delivering and improving high-performing workforce programs which will include career and training services and business services while leveraging resources and maintaining robust data tracking. Services may be expanded to include other applicable workforce opportunities as they become available regardless of the funding source. This RFP does not commit SCWDB to accept any proposal submitted, nor is the SCWDB responsible for any costs incurred by bidders in the preparation of responses to this RFP.

The SCWDB reserves the right to (a) reject any or all proposals, (b) to accept or reject any or all items in the proposal, and (c) to award multiple contracts as deemed to be in the best interest of the SCWDB. The SCWDB reserves the right to negotiate with the selected bidder after proposals are reviewed, if such action is deemed to be in the best interest of the SCWDB. The specifications outlined in this RFP have been determined to be a minimum acceptable standard. Bidders are encouraged to submit a proposal that will provide the ten-county region with the best quality and most cost-effective option for the services being requested.

Contract

Bidders must propose a cost reimbursement contract. A cost reimbursement contract is one that establishes an estimate of total costs for the purpose of obligating funds and a ceiling that the bidder may not exceed (except at the bidder's risk). A line-item budget shall be based on all legitimate costs to be incurred by the Contractor in carrying out the services. The Contractor will be reimbursed for actual expenses according to the approved line-item budget. The SCWDB will negotiate and finalize these during the contract negotiation process.

Transition of Current (Carry-in) WIOA Participants

The SCWDB is committed to a seamless continuation of services to existing participants without an undue interruption of services. The SCWDB currently has a single contractor that provides Adult, Dislocated Worker and Youth services, as well as other forms of WIOA funding (such as National Dislocated Worker Grant and/or Statewide or Governors Reserve funds). If the current contractor does not bid and/or does not win the bid: a) the SCWDB will work with the chosen bidder for no less than 30 days from the date of the award of the contract to transition the systems, processes and procedures established to successfully carry out the services, including WIOA participants, of the winning bidder; b) the chosen bidder will budget and establish a plan with reasonable staff time to successfully transition the functions from the incumbent service provider; and c) the SCWDB will negotiate a budget with the chosen bidder for these transactional activities to occur prior to July 1, 2026.

Disclaimer

WIOA, policy, procedures, and guidance continue to be revised and developed at the federal, state, and local levels. Bidders for this RFP must be willing to creatively and quickly invent and implement new practices and processes, then evaluate and modify them as needed to best serve customers and to comply with new regulations and/or changes to available funds. Bidders should be cognizant of pending workforce system changes due to the passage/reauthorization of WIOA legislation.

Bidders should also describe the financial systems in place to operate the programs listed in the RFP and the internal controls present to ensure all costs are allowable and expenditures are tracked for reporting purposes. The chosen bidder will maintain a fiscal management and accounting system that is sufficient for the accurate and timely accounting and reporting of all financial transactions under the contract.
- d. If any bidder is proposing to be reimbursed for a Federally Approved Indirect Cost Rate (ICR), the bidder must submit a copy of the approved indirect cost plan that has been approved by the Federal cognizant agency for the organization for indirect costs to be considered for payment.
- e. Follow the guidelines established in the Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards. If the organization does not have an approved ICR, the SCWDB reserves the right to negotiate possible indirect costs with the chosen bidder after contract award.

- g. Bidders must demonstrate the ability to meet program and financial expectations with a minimum amount of administrative cost charged to the contract. Costs in this request are limited to staff who directly perform duties necessary to the program and other reasonable indirect costs that are indispensable to achieving the goals of the proposal.

 - If WIOA costs incurred become subsequently disallowed as a result of audit or monitoring, the bidder must explain how it will have the capacity to repay these funds and from what source.
- m. Provide financial and administrative experience in managing multiple funding sources.

Additional Budgeting Considerations

Bidders to this RFP should submit a combined budget for the Adult, Dislocated Worker, Youth and National Dislocated Worker Grant services. The proposed budget must not exceed the projected allocated funding for each program as identified in the accompanying chart. Bidders should note that the projected funding amounts represent the total available for the full ten-county region. The amounts shown in the funding chart are intended as guidelines and are subject to revision based on final notification of WIOA funding availability from the KY Education and Labor Cabinet. If additional narrative details are needed, please provide them as well. It is understood that participant expenses will be difficult to accurately predict at this time; however, a projection of these expenses based on plans for services to customers is requested. More detailed budgets will be developed after the service provider is selected and allocation amounts are more defined.

Proposed budgets must be within the amounts indicated and must be reasonable based on proposed staffing, service levels and service delivery plans. The amount awarded will be determined on a competitive basis but not necessarily based on the lowest proposed cost. Subsequent revisions and negotiations of final contract budgets may be required due to funding award decisions.

Since this is a reimbursement contract, service providers will be expected to incur the costs for all program services and make payments on behalf of the enrolled customers, then report each month's expenses by the 10th day of the following month for each of the fund sources in the contract. The monthly reimbursement submission will include a line-item invoice, with budgets, current month expenses, unexpended balances, and accrued expenses. As backup to the invoice, a summary line-item expenditure report and detailed line-item expenditure reports by fund source that support the invoice amounts should be submitted each month.

WIOA funds are distributed through a process of drawdowns from the US DOL and then from the Commonwealth of Kentucky to the SCWDB' Fiscal Agent. Since this is a reimbursement process, the time from incurred expense to receipt of reimbursement may take up to 30 to 60 days. Bidding organizations must have the fiscal ability to operate under this timeframe. Since the program year and fiscal year run from July 1st through the following June 30th, final payment for each program year's WIOA expenses will occur with the June invoice that will be submitted by the service provider to the SCWDB during the month of July, along with end-of-year Financial Closeout documents. Service providers are expected to meet, but not exceed, contracted amounts for each program year.

D. Available Funds

The SCWDB anticipates that there will be negotiations with the chosen bidder for the costs of any of the services in this solicitation based on the proposed budget found in the bidder's response. The chart below represents the PY 2025 WIOA formula funds currently allocated to the WIOA Service provider. Bidders will use the following amounts for planning purposes, including the Budget and Budget Narrative.

Allocations for PY 2025

<i>(July 1, 2025 through June 30, 2026) WIOA</i>	<i>Allocation to Service Provider</i>
Adult	\$352,067
Dislocated Worker	\$252,480
Youth	\$360,453
National Dislocated Worker Grant (per year through PY27)	\$118,895
TOTAL	\$1,083,895

E. Authorized Signatory Authority

The bidder's authorized signatory authority must sign all signature documents in the proposal. This individual should typically be the director, president or chief executive officer of the organization or any individual who has the authority to negotiate and enter into and sign contracts on behalf of the bidder's organization.

F. Subcontracting

Any intent to subcontract must be clearly identified in the proposal narrative and approval must be provided by the SCWDB prior to contract execution. If the bidder currently subcontracts certain functions or activities and intends to do so as part of this proposal, the subcontractor must be identified and an original signed letter from the subcontractor attesting to agreement to the terms of the proposal and any resulting contract must be included in the proposal. Subcontractor performance is the responsibility of chosen bidder, and the chosen bidder/primary contractor is liable for all actions and/or lack of action on the part of all subcontractors.

G. Attachments

Bidders are encouraged to attach best practice materials, evidence of innovative workforce strategies and/or WIOA strategies that meet the most complex challenges faced by workforce agencies and One Stop providers.

B. Youth Scope of Services

The SCWDB is responsible for providing an integrated system and sound youth development practices that enable youth and young adults in the ten-county region to obtain the skills they will need to succeed in the workplace. Accomplishing this outcome requires a diverse partnership of public and private providers of education, workforce, and supportive services. An integrated WIOA youth workforce development system

should link services to local labor market needs, community youth programs, and services that effectively connect academic and occupational learning and provide for the holistic development of youth. The intensity and methods of delivering services should be flexible and responsive to the individual needs of youth participants as they develop and progress through a continuum of customized services.

SCWDB provided core services to Youth participants (including supportive services follow up) as follows:

South Central WIOA Participants PY 2024 (July 1,2024 - June 30, 2025)

In-School Youth (ISY) = 3

Out-of-School Youth (OSY) = 34

South Central WIOA Participants PY25 (July 1,2025 – January 31, 2026)

In-School Youth (ISY) = 2

Out-of-School Youth (OSY) = 24

In accordance with WIOA, at least 75% of WIOA Youth Program funding must be spent on Out-of-School Youth. The SCWDB is focusing primarily on providing services to disconnected Out-of-School youth and young adults. It is also allowable to propose services to In-School youth as a small percentage (less than the WIOA allowable 25%) of the bidder's overall program. As such, the SCWDB reserves the right to request/collect other key data and metrics from the chosen bidder.

The SCWDB has developed a systematic monitoring system for evaluating the quality and effectiveness of program services and fiscal expenses. Monitoring is the quality control system whereby the SCWDB gathers and analyzes information to detect problems, identify strengths and weaknesses, and propose improvements to the services. Monitoring activities are conducted regularly to determine whether services are following contractual agreements, SCWDB policies, WIOA regulations, and SCWDB requirements. SCWDB monitors performance, programming, and fiscal activities. In many instances, the different types of monitoring are interrelated and conducted simultaneously.

The SCWDB will prepare performance reports and conduct weekly audits of participant files that are newly enrolled, active and in follow-up status. Performance Reports will be prepared from: WIOA Title I Performance

Outcomes in compliance with any applicable local, state, or federal reporting requirements; Fiscal Records (invoices, contracts, etc.); and other SCWDB Data Collection and Analysis. Performance metrics will include both negotiable and non-negotiable metrics. The chosen bidder must consistently track and report on these performance metrics, using the data to inform service delivery improvements and course corrections as needed. The SCWDB will conduct monthly meetings to review progress toward performance metrics, discuss challenges, and identify corrective actions as needed. The SCWDB will actively collaborate with the chosen bidder to address challenges and design course corrections throughout the contract's duration. Any additional work will be discussed in the future and price will be negotiated at that time.

C. Payments will be made by the SCWDB’s Fiscal Agent to the Contractor after acceptance of a properly completed invoice. ATTACHMENT B: SCWDB RFP PROTEST PROCESS (ADOPTED January 2018)

Funding decisions are the sole responsibility of and are made at the sole discretion of the SCWDB. Any formal protest to the SCWDB's final funding decisions must be based on at least one of the following conditions: the action of SCWDB is at variance with the law; and/or the action of SCWDB contravenes current SCWDB policy, and/or; the Bidder is alleging improprieties occurred during the proposal evaluation period. Any Bidder has the right to file a protest that meets the conditions set out above. In addition, a Bidder that submitted a proposal may protest the award only if it meets all the following conditions: the Bidder has submitted a proposal that it believes to be responsive to the RFP document; the Bidder believes that its proposal meets the administrative and technical requirements of the RFP, proposes services of proven quality and performance, and offers a competitive cost; or the Bidder believes that SCWDB has incorrectly selected another Bidder submitting a proposal for an award. Protests must be received no later than five (5) business days after the protesting party is sent a Non-Award letter.

Form of Protest: A Bidder who is qualified to protest should submit the protest to the SCWDB CEO, who will forward the protest to the Protest Review Panel (the Panel) seated for the specific RFP. The Panel consists of three individuals, the SCWDB CEO and two SCWDB board members who were not proposal reviewers. Members will be appointed by the SCWDB Chair for the sole purpose of reviewing a protest and each of whom has no conflict of interest regarding the protestor. Protests must meet the following requirements to be considered: the protest must be in writing and sent by certified or registered mail, or overnight delivery service (with proof of delivery); the protest shall include the name, address, telephone and facsimile numbers, and email address of the party protesting or their representative; the protest must include the title of the RFP under which the protest is submitted; the protest must include a detailed description of the specific legal and factual grounds of protest, together with any supporting documentation; and the protest must include the specific ruling or relief requested. The Panel, at its sole discretion, may make a decision regarding the protest without requesting further information or documents from the protestor. Therefore, the initial protest submittal must include all grounds for the protest and all evidence available at the time the protest is submitted. If the protestor later raises new grounds or evidence that was not included in the initial protest but which could have been raised at that time, the Panel will not consider such new grounds or new evidence.

Determination of Protest Submitted After Notice of Intent to Award: Upon receipt of a timely and proper protest, the Panel will investigate the protest and will provide a written response to the protestor within 10 business days of receipt of the protest. If the Panel requires additional time to review the protest and is not able to provide a response within ten (10) business days, the Panel will notify the protestor. SCWDB at its sole discretion, may elect to withhold the contract award until the protest is resolved or denied or proceed with the award and implementation of the contract. The determination of the Panel is final.

Protest Remedies: If the protest is upheld by the Panel, SCWDB will consider all circumstances surrounding the procurement in its decision for a fair and reasonable remedy, including the seriousness of the procurement deficiency, the degree of prejudice to the protesting party or to the integrity of the competitive procurement system, the good faith efforts of the parties, the extent of performance, the cost to the SCWDB, the urgency of the procurement, and the impact of the recommendation(s) on the SCWDB. SCWDB may recommend any combination of the following remedies: re-solicit the requirement; issue a new RFP; award a contract consistent with statute or regulation, or other such remedies as may be required to promote compliance. Notwithstanding that a protest is upheld, SCWDB reserves the right to proceed with the protested selection or award of contract, and to implement a contract with the firm selected or awarded the contract.
