Hi Everyone,

This is Robert with MGM and I want to thank you each for being faithful to God no matter the hardship and patience that we endure as brothers in Christ...

1. Many ministries are complaining of funds, and we understand your concerns, however we live by the Grace of God and wait on his timing. If and when we have donations for you or your ministry available then we will notify you and inform you that funds have become available.
2. We have added new ways people can donate to the MGM community that are through e-commerce—including the ability to buy Jesus T-Shirts on Amazon and eBay. We are adding more each week to expand potential for new income opportunities. We in the Philippines are offering to rent out our ebike to tourists with the hope to expand and grow in our created Laguna Tourist Center facebook group.
3. Once the MGM shop is self-sustaining we will then open the possibility for monthly payouts towards our existing and faithful members. Remember please that achieving the promises of the Lord takes time, for some like David and Moses and Sarah upwards of 15-40 years. Following Jesus is not easy, but like Moses we encourage you to remain positive and find faithful ways to sustain yourselves while we continue to work and process this lifetime commitment to Christ through the MGM mission.

4. Unfortunately I have had to cut off some unfaithful relationships and mission partners due to their lack of commitment and support to this hard and difficult mission. I do not blame them, and I offer them forgiveness.

5. This mission is not light or easy, but the end will be much more rewarding for those who remain loyal behind the scenes, minding their own affairs while the Robert Love community faithfully grows onward towards the Promise Land of the Lord Christ.

6. I am intentionally not responding to or involved in any questions or inquiries, not because I do not Love you all, truly God knows I do, but that this was intended to help the process of weeding out the goats and those who would not have otherwise made it to fruition. Please do not take this personally—you are being prayed for and my family will not forget you.

7. The last bullet point is that we are strong in Christ, the one who suffered without cause. Let us therefore be encouraged and lay down our lives, denying ourselves daily, and knowing that angels and the Holy Spirit are keeping check each one of us by name.

You are Loved.

You are blessed.

When the time is right, you will see fruit...  
if you remain faithful to the Holy plan ahead.

Stay safe,  
God is with ~~you~~, us! (Emmanuel)
