INTRODUCTION

Nexus Export Hub is a Pakistan-based export company supplying high-quality natural products to international markets. We operate with a strong focus on trust, consistency, and long-term business relationships.

Our business philosophy is clear:

Global Trade, Local Trust

Nexus Export Hub

Salt is a core product of Nexus Export Hub. We source premium **Spices** directly from **Pakistan's** natural Spices range and process it under strict quality standards.

Through reliable local partnerships and global trade expertise, we deliver pure, consistent salt suitable for food, industrial, and decorative use across international markets.

SPICES

RED CHILLI POWDER

Pakistan is home to some of the world's finest red chillies, and at Nexus Export Hub, we deliver premium-quality Red Chilli Powder with exceptional color, aroma, and heat.

Available Varieties:

- **Dundicut (Dandi Cut):** Small, round, and intensely hot with a smoky flavor, grown mainly in Kunri, Sindh.
- **Longi / Sanam:** Medium-hot with brilliant red color, widely cultivated in Punjab and Sindh Pakistan's most exported variety.
- **Kashmiri (Local):** Mild heat with deep red color, perfect for rich curries and tandoori dishes.
- **Byadgi (Desi):** Known for high color value with mild, earthy heat.

Quality Standards:

- ASTA Color Value: 60–120 (customizable)
- Heat Level: 15,000 to 80,000+ SHU
- Moisture: Below 10%
- 100% Pure no artificial colors or fillers
- Processed hygienically with stainless steel grinding

Packaging: Consumer pouches, jars, or bulk export bags (10kg–25kg). Private labeling available.

RED CHILLI WHOLE

Pakistan produces some of the world's most aromatic and richly colored whole red chillies. At Nexus Export Hub, we supply premium quality Red Chilli Whole, sourced directly from the best farms and processed for maximum freshness.

Available Varieties:

- **Dundicut (Dandi Cut):** Small, round, intensely hot, with a signature smoky aroma the pride of Kunri, Sindh.
- **Longi / Sanam:** Medium heat, bright red color, slender body Pakistan's most exported variety, ideal for grinding and cooking.
- **Kashmiri (Local):** Mild heat, deep red, slightly wrinkled perfect for extracting rich color in curries and pastes.
- **Byadgi (Desi):** Long, wrinkled, deep red with mild pungency valued for natural food coloring.

Quality Standards:

- ASTA Color Value: 60–120 (adjustable)
- Heat Level: 15,000 to 80,000+ SHU
- Moisture: Below 10%
- Stemless / With Stem option available
- Clean, sorted, and free from foreign matter

Packaging: Bulk export bags (5kg–25kg) with poly-liner. Custom packing and private labeling available upon request.

Black Pepper Powder

Pakistan does not grow black pepper commercially, but at Nexus Export Hub, we import the finest selected peppercorns and grind them fresh to deliver bold, aromatic Black Pepper Powder for global markets.

Available Varieties:

- **Bold/Heavy Grade:** Large berries, strong aroma, high volatile oil content ideal for premium table use and gourmet seasoning.
- **Fine/Grinding Grade:** Standard-sized berries with consistent pungency perfect for bulk food processing, spice blends, and ready-to-eat meals.

Quality Standards:

- Volatile Oil: 2.0% minimum
- Piperine Content: 4.5%–6.5%
- Moisture: Below 10%
- 100% Pure no fillers, no additives
- Fine mesh grinding for smooth texture and easy blending

Packaging: Bulk bags (10kg–25kg) with inner poly-liner, consumer pouches, or private label options.

SPICES

Black Pepper

At Nexus Export Hub, we supply premium Black Pepper Whole, carefully sourced and cleaned to deliver strong aroma, bold pungency, and high volatile oil content.

Available Grades:

- **ASTA Grade:** Bold, uniform berries with excellent density and strong bite – the top choice for international export.
- **FAQ Grade:** Medium-sized berries, slightly lighter, suitable for everyday use and cost-effective grinding.

Quality Standards:

- Volatile Oil: Minimum 2.0%
- Piperine Content: 4.5%–6.5%
- Moisture: Below 11%
- Machine cleaned, sorted, and free from dust, stones, and foreign matter
- Uniform dark brown to black color

Packaging: 10kg, 15kg, 25kg poly-lined jute or PP bags. Custom packing available.

Turmeric Finger

At Nexus Export Hub, we supply premium Turmeric Finger (Whole) – the raw, unprocessed roots of Pakistan's finest turmeric, harvested at peak maturity for maximum curcumin and natural aroma.

Available Types:

- **Kasur/Desi Fingers:** Bold, well-developed, deep orange-yellow core, high curcumin – grown mainly in Punjab, Pakistan's flagship turmeric.
- **Rajapuri / Polished:** Smooth, shiny outer skin, medium curcumin content, attractive appearance – preferred for display and retail.

Quality Standards:

- Curcumin: 2.5%–5.5%
- Moisture: Below 10%
- Machine cleaned, sorted, double-polished
- Free from pests, mould, and foreign matter
- Available in single or double-polished finish

Packaging: 10kg, 15kg, 25kg mesh, jute, or poly-lined bags. Custom packing on request.

Turmeric Powder

Pakistan's fertile lands yield vibrant, aromatic turmeric, and at Nexus Export Hub, we grind it into rich, golden Turmeric Powder perfect for kitchens and food industries worldwide.

Available Varieties:

- **Kasur/Desi Turmeric:** Bright yellow-orange, strong earthy aroma, high curcumin – the most prized Pakistani variety, mainly from Punjab.
- **Hybrid/High-Yield:** Slightly lighter color, good curcumin content, ideal for bulk industrial use and cost-effective formulations.

Quality Standards:

- Curcumin Content: 2.5%–5% (customizable)
- Moisture: Below 10%
- 100% Pure – no artificial color, no fillers
- Fine mesh, silky smooth texture
- HACCP-compliant processing with stainless steel grinding

Packaging: 10kg, 15kg, 25kg poly-lined bags. Private labeling and custom packaging available.

SPICES

Ginger Powder

Nexus Export Hub brings you aromatic, warm Ginger Powder, finely milled from premium dried ginger to deliver a strong, pungent kick and rich flavor for culinary and medicinal use.

Available Types:

- **Desi/Indigenous Ginger:** Fibrous, highly pungent, bold aroma – sourced from local Pakistani farms, ideal for traditional cooking and tea blends.
- **Imported/Nigerian Variety:** Lower fiber, smooth texture, balanced pungency – processed in Pakistan, suitable for bakery, beverages, and seasoning mixes.

Quality Standards:

- Volatile Oil: 1.5%–2.5%
- Moisture: Below 9%
- 100% Natural – no additives, no artificial color
- Fine mesh powder with strong aroma retention
- Hygienic stainless steel grinding

Packaging: 10kg–25kg poly-lined bags. Retail pouches and private labeling available.

Dry Ginger

Nexus Export Hub offers premium Dry Ginger (Whole) – dehydrated fresh ginger slices with concentrated pungency, strong aroma, and long shelf life, perfect for food processing and herbal applications.

Available Types:

- **Sliced/Flaked:** Uniform thin slices, quick to grind, easy to process – ideal for powdering and bulk extraction.
- **Whole Split:** Halved or quartered dried ginger, retains maximum volatile oils – preferred for beverages, pickling, and traditional remedies.

Quality Standards:

- Volatile Oil: 1.5%–2.5%
- Moisture: Below 8%
- Clean, sulphur-free, sun-dried or mechanically dehydrated
- Free from mould, pests, and foreign matter
- Strong, pungent, and naturally aromatic

Packaging: 10kg–25kg poly-lined bags. Custom packing and private labeling available.

Cloves

Nexus Export Hub delivers premium-quality Cloves – the intensely aromatic dried flower buds known for their strong, pungent flavor and high essential oil content, sourced from the finest origins and processed in Pakistan.

Available Grades:

- **Hand-Picked / No.1 Grade:** Bold, plump, reddish-brown buds with intact heads, high oil content – ideal for premium retail and gourmet use.
- **FAQ / Standard Grade:** Slightly smaller, darker buds, excellent aroma – suitable for bulk grinding, spice blends, and industrial use.

Quality Standards:

- Essential Oil: 15%–18%
- Moisture: Below 10%
- Head intact, clean, free from stems and foreign matter
- Strong, penetrating aroma and sharp flavor
- Sorted and packed hygienically

Packaging: 5kg, 10kg, 25kg poly-lined bags. Retail packaging and private labeling available.

SPICES

Green Cardamom

Nexus Export Hub offers exquisite Green Cardamom (Elaichi) — the "Queen of Spices" — prized for its intense floral aroma, refreshing flavor, and versatile culinary uses.

Available Varieties:

- **Bold / 7-8mm (Jumbo):** Large, fully developed pods, deep green color, highly aromatic — top grade for premium export.
- **Medium / 6-7mm:** Rich color, strong flavor, popular for everyday use and grinding.
- **Small / 5-6mm:** Compact pods, bold aroma, cost-effective for cardamom tea and spice blends.

Quality Standards:

- Essential Oil: 6%–8%
- Moisture: Below 12%
- Deep green, uniform, machine-cleaned
- Free from splits, yellow pods, and foreign matter
- Fresh, camphoraceous, sweet flavor profile

Packaging: 5kg, 10kg, 25kg poly-lined jute or cartons. Private labeling available.

Star Anise

Nexus Export Hub presents premium Star Anise (Badian) — the beautifully star-shaped spice with a distinct licorice-like sweetness and strong, aromatic warmth, essential in both Eastern and global cuisines.

Available Grades:

- **Premium/Hand-Picked:** Large, well-formed, 8-pointed stars, shiny reddish-brown, intact seeds — ideal for premium retail and visual appeal.
- **Standard/Broken:** Smaller, partial stars or loose seeds with same strong aroma — cost-effective for grinding, tea blends, and industrial use.

Quality Standards:

- Essential Oil: 7%–9% (Anethole rich)
- Moisture: Below 10%
- Clean, insect-free, no mould
- Uniform color, strong sweet aroma
- Sorted and packed in food-grade facility

Packaging: 5kg, 10kg, 25kg poly-lined cartons or bags. Custom packing and labeling available.

Cinnamon Powder

Nexus Export Hub delivers finely ground Cinnamon Powder — warm, sweet, and aromatic — milled from carefully selected cinnamon bark to provide superior flavor for baking, cooking, and beverages.

Available Types:

- **Ceylon Cinnamon (True Cinnamon):** Light brown, fine texture, delicate sweet flavor, low coumarin — ideal for health-conscious and premium markets.
- **Cassia Cinnamon:** Darker, stronger, spicier punch — the bold flavor most common in global markets, excellent for food processing and seasoning blends.

Quality Standards:

- Volatile Oil: 1.5%–3.5% (depending on type)
- Moisture: Below 10%
- 100% Pure — no fillers, no artificial flavor
- Fine mesh, consistent texture
- Strong, warm, sweet aroma

Packaging: 10kg, 15kg, 25kg poly-lined bags. Retail pouches and private labeling available.

SPICES

Cinnamon & Cassia

Nexus Export Hub provides both premium Cinnamon Sticks (Ceylon) and Cassia Bark (Chinese/Indonesian) — two distinct forms of nature's most beloved warming spice, each with unique characteristics for diverse culinary needs.

Available Types:

- **Ceylon Cinnamon (True Cinnamon):** Thin, multi-layered, light brown rolls (quills), soft and brittle with a delicate sweet flavor. Low coumarin — the healthier, premium choice.
- **Cassia Bark:** Thick, single-layered, dark reddish-brown hard bark, bold spicy-sweet punch, stronger and more intense — the globally popular variety.

Quality Specifications:

- Ceylon: Cut length 5–8 inches, uniform quills, sweet mild aroma, thin rolling
- Cassia: Whole bark / broken / rolled, dark color, strong spicy flavor
- Moisture: Below 12%
- Essential Oil: 1%–3% (Cassia higher)
- Clean, mould-free, and well-dried

Packaging: 10kg, 20kg, 25kg poly-lined cartons or bags. Custom specifications and private labels available.

Nutmeg Powder

Nexus Export Hub offers finely ground Nutmeg Powder, prized for its warm, sweet, and slightly nutty flavor — ideal for baking, savory dishes, beverages, and spice blends.

Available Types:

- **Premium Grade:** Milled from hand-picked whole nutmegs, rich in essential oils, strong sweet aroma — perfect for gourmet food and high-end retail.
- **Standard Grade:** Consistent quality, balanced flavor and aroma — suited for bulk food processing, seasoning mixes, and commercial use.

Quality Standards:

- Essential Oil: 6%–8%
- Moisture: Below 8%
- 100% Pure — no fillers, no added starch
- Fine, silky texture with strong, fresh aroma
- Hygienic stainless steel grinding

Packaging: 10kg–25kg poly-lined bags. Consumer packs and private labeling on request.

Nutmeg Whole

Nexus Export Hub supplies premium Nutmeg Whole — the aromatic seed of the Myristica tree, selected for its rich oil content, fresh aroma, and long shelf life.

Available Grades:

- **Bold / Hand-Picked:** Large, uniform, oval-shaped, light brown nutmegs with high volatile oil — top export grade.
- **FAQ / Standard:** Medium to small whole nutmegs, same rich flavor, slightly lower oil — ideal for grinding and industrial use.

Quality Standards:

- Essential Oil: 6%–9%
- Moisture: Below 8%
- Free from mould, pests, and cracks
- Clean, sorted, and well-dried
- Strong, sweet, warm aroma

Packaging: 10kg, 15kg, 25kg poly-lined jute or PP bags. Private labeling and custom packing available.

SPICES

Cumin Powder

Nexus Export Hub brings you aromatic, earthy Cumin Powder, freshly ground from the finest cumin seeds to deliver a warm, peppery punch – a must-have spice in kitchens and food industries worldwide.

Available Types:

- **Desi / Punjabi Cumin:** Bold, dark brown, intensely earthy and slightly bitter – traditionally grown in Pakistan's Punjab region, perfect for authentic desi cooking.
- **Iranian / Sweet Cumin:** Lighter color, sweeter, more delicate aroma – ideal for breads, yogurt dips, and subtle seasoning blends.

Quality Standards:

- Volatile Oil: 2.5%–4%
- Moisture: Below 9%
- 100% Pure – no fillers, no artificial color
- Uniform fine mesh, strong lingering aroma
- Hygienic stainless steel grinding

Packaging: 10kg, 15kg, 25kg poly-lined bags. Retail packs and private labeling available.

Corriander Powder

Nexus Export Hub delivers fresh, citrusy Coriander Powder, milled from premium coriander seeds to offer a mild, earthy, and slightly sweet flavor – an essential base for countless spice blends and dishes.

Available Types:

- **Desi / Local:** Bold, brownish-green, strong aroma with intense citrus notes – traditionally grown in Punjab and Sindh, ideal for authentic Pakistani and Indian cuisine.
- **Badami / Lighter Variety:** Slightly lighter color, subtle sweet flavor – preferred for mild seasoning, soups, and European culinary applications.

Quality Standards:

- Volatile Oil: 0.5%–1.5%
- Moisture: Below 9%
- 100% Pure – no husk powder, no fillers
- Fine mesh, smooth texture
- Fresh, lemony, warm aroma

Packaging: 10kg, 15kg, 25kg poly-lined bags. Private labeling and customized packaging available.

Fenugreek Powder

Nexus Export Hub offers premium Fenugreek Powder (Methi Powder) – a slightly bitter, nutty spice ground from golden fenugreek seeds, valued for its unique flavor and health benefits in cuisines worldwide.

Available Types:

- **Desi Methi:** Small, golden-brown seeds, strong bitter-sweet aroma – traditional Pakistani variety, ideal for pickles, curries, and spice blends.
- **Kasuri Methi (Dried Leaf):** Not a powder, but sun-dried fenugreek leaves with an intense herbaceous fragrance – often requested alongside seed powder.

Quality Standards:

- Moisture: Below 8%
- 100% Pure – no fillers, no added starch
- Fine grind, rich golden-brown color
- Strong characteristic aroma
- Hygienic stainless steel milling

Packaging: 10kg, 15kg, 25kg poly-lined bags. Retail packs and private labeling available.

SPICES

Curry Powder

Nexus Export Hub brings you expertly blended Curry Powder — a harmonious mix of Pakistan's finest spices, roasted and ground to perfection, delivering a balanced, aromatic, and mildly spicy flavor for global cuisines.

Available Blends:

- **Classic Pakistani Curry:** Coriander, cumin, turmeric, red chilli, black pepper, and fenugreek — the authentic desi taste for traditional curries and gravies.
- **Mild / Universal Curry:** Lower heat, extra turmeric and coriander, subtle sweetness — perfect for soups, stews, and international recipes.
- **Custom Blend:** Tailored to your market's taste — hot, mild, or specialty formulations available on request.

Quality Standards:

- 100% Natural — no artificial colors, flavors, or preservatives
- Freshly roasted and ground for peak aroma
- Moisture: Below 8%
- Consistent color, texture, and flavor batch-to-batch
- HACCP-compliant processing

Packaging: 10kg, 15kg, 25kg poly-lined bags. Retail pouches and private labeling available.

Cornstarch Powder

Nexus Export Hub supplies pure, high-quality Cornstarch Powder (Corn Flour) — a fine, white, multipurpose thickening agent essential for food processing, baking, sauces, and industrial applications.

Available Grades:

- **Food Grade:** Ultra-fine, brilliant white, neutral taste — ideal for soups, sauces, custards, batters, and confectionery.
- **Industrial Grade:** Consistent viscosity, pure starch content — suitable for paper, textile, and pharmaceutical use.

Quality Standards:

- Purity: 99%+ Starch Content
- Moisture: Below 12%
- pH: 5.0–7.0
- White, silky fine powder, no lumps
- Gluten-Free, Non-GMO options available
- Lab-tested, food-safe packaging

Packaging: 10kg, 20kg, 25kg poly-lined paper or PP bags. Private labeling and custom packing on request.
