Your eyes below the surface

Perform your own inspections in minutes and **identify problems** before any incidents happen. **No need to wait** for divers or ROV operators. Simply take your own eyes below the surface and **stream live video** feed from your underwater drone to remote experts and decision-makers.

A seamless customer experience

Blueye provides a **frictionless customer experience** for professional underwater inspections. We help our customers **evaluate conditions, perform work, follow regulations, report to stakeholders, or increase safety** for operations.

" When we want to carry out inspections, we used to need divers, and that had to be organized sometime in advance. With the Blueye ROV we can eliminate all that risk and expenses associated with divers, plus save time.

— Chief Engineer, TechnipFMC

Products & Services

Item & Description	Quantity	Unit Price	Total
Blueye X1 Includes the Blueye X1 ROV, Wireless Surface unit, Tether Quick Connect, Battery charger, Blueye App and Blueye Observer App, universal mount, and spare parts plus tools. HS Code: 85.25.8000 Read more about the product	1	\$13,914.00	\$13,914.00
Blueye High Capacity Battery 212Wh Smart Battery providing you with up to five hours of runtime. Compatible with all Blueye ROVs. HS Code: 85078000 Country of Origin: Norway Read more about the product	1	\$2,695.00	\$2,695.00
150 m QC tether on reel Customized reel fitted for the Surface Unit. Tether with Quick Connect. Note that a Patch Cable on your ROV is required to connect the tether. HS Code: 85.29.9090 Read more about the product	1	\$1,540.00	\$1,540.00
Blueye Xbox Controller Bundle Xbox Controller with OtterBox Phone Clip. Compatible with both iOS and Android devices. HS Code: 95049090 Country of Origin: China Read more about the product	1	\$325.00	\$325.00
Aluminum Transportation Case Customized Zarges transportation case with wheels. Foam inset with fittings for Blueye ROV with accessories and tether reel. 800 x 400 x 455 mm. HS Code: 42021910 Country of Origin: Germany Read more about the product	1	\$2,965.00	\$2,965.00
Subtotals			
One-time subtotal			\$21,439.00 ex.VAT
	Total		\$21,439.00 ex.VAT

Purchase terms

Blueye Terms and Conditions: <https://www.blueyrobotics.com/legal/terms-and-conditions>

Shipping EX-WORKS. Prepayment before delivery unless otherwise agreed. Shipping cost not included unless stated. Does not include any local vat or taxes (if applicable).

Other relevant products

Item & Description	Unit price
Laser Tools Sea Beam Scaling Laser	\$5,155.00
Underwater Lasers are intended to be used by ROVs (Remote Operate Vehicles) using video images to take general measurements. By paralleling two laser beams that are calibrated for set distances, accurate measurements from video images are possible.	ex.VAT
HS Code: 901580	
Country of Origin: United States of America	
Cygnus Ultrasonic Thickness Gauge	\$15,891.00
Contents: Ultrasonic Thickness Gauge - power and data test cable - gauge (4-way 'Impulse' connector) to umbilical (flying) lead - 'Impulse' blanking plug - 9-way D connector, K3 RS422 to RS232 converter - RS232 to USB Serial interface cable - CygLink data logging software - silicone grease - spare 'O'-rings - ultrasonic & membrane couplant - 15mm/0.5" steel test block - manual & carry case - Probe S2C 2.25MHz 13mm (1/2") 1m cable for Cygnus Underwater/MINI ROV	ex.VAT
HS Code: 90.31.8080	
Country of Origin: United Kingdom	
Blueye GPS & DVL Combo	\$15,145.00
The Blueye GPS is mounted on top of the ROV and enables live position data at the surface. The DVL sensor provides velocity measurements relative to the seabed with a range of up to 50 meters altitude. This combo connects both units in a single Blueye Smart Connector giving you positioning above and below the surface.	ex.VAT
Country of Origin: Norway	
SeaTrac USBL Positioning System	\$16,790.00
The SeaTrac Lightweight system contains both an X150 USBL beacon and an X010 transponder beacon, suited for tracking the Blueye ROVs real-time position down to a depth of 300m.	ex.VAT
HS Code: 90158040	
Country of Origin: United Kingdom	
Oculus M750d Dual-Frequency Multibeam Sonar	\$36,237.00
The Oculus M-Series offers single and dual-frequency models, unparalleled image quality in a compact, rugged form factor, and a depth rating of 500 m.	ex.VAT
HS Code: 9015.8040	
Country of Origin: United Kingdom	
Micron Gemini Multibeam Sonar	\$18,575.00
The sonar has a 90° horizontal field of view and a range of 50m. It has a speed of up to 20Hz, which makes it capable of recreating environments in real-time. Another advantage of this sonar is the compact size and light weight which does not affect the driving characteristics of the ROV.	ex.VAT
HS Code: 90158040	
Country of Origin: United Kingdom	
250 m QC tether on reel	\$3,278.00
Customized reel fitted for the Surface Unit. Tether with Quick Connect. Note that a Patch Cable on your ROV is required to connect the tether.	ex.VAT
HS Code: 85.29.9090	
DVL A50	\$13,310.00
The DVL A50 is the smallest DVL on the market with outstanding performance. This sensor provides velocity measurements relative to the seabed with a range of up to 50 meters altitude.	ex.VAT
HS Code: 9014.8000	
Country of Origin: Norway	
Newton Subsea ROV Gripper / Blueye Quick Connect edition	\$1,707.00
The Newton gripper with Quick Connect from Blue Robotics enhances the Blueye ROVs capability to solve tasks. You can mount the gripper with the claws in a vertical or horizontal orientation.	ex.VAT
HS Code: 8501.10.60	
Country of Origin: United States of America	

Item & Description	Unit price
Reach Alpha Two-Axis Rotating Gripper The Reach Alpha Two-Axis ROV Gripper is a rotating grabber which combines high-strength linear and rotary actuators. HS Code: 8479.50.00 Country of Origin: Australia	\$13,749.00 ex.VAT
Rugged Controller Bundle Tab5 A rugged and weatherproof controller bundled with the Samsung Galaxy Tab Active 5 Android tablet. Compatible with the Blueye App. Includes the S Pen. HS Code: 9504.9090 Country of Origin: Denmark	\$5,668.00 ex.VAT
Blueye Standard Smart Battery 96Wh battery that provides approx. 2 hours of normal runtime. Compatible with all Blueye underwater drone models. HS Code: 8507.60.00 Country of Origin: Poland	\$1,293.00 ex.VAT

Made in Norway / Made to last

Our underwater drones are designed, developed, tested, manufactured, and supported right here in Norway. As a **leading ocean nation** with one of the longest coastlines in the world, we take **great pride in our knowledge of the sea**. Our team work everyday to uphold this legacy and prove why people continue to put their **trust in Norwegian design and quality**.

We develop hardware & software with the **user in mind**, and innovations are triggered by **customer feedback**. Our products & services are **built to last** and are **easy to use & maintain**, backed up by our internal goal of **0 returns** and an average **support satisfaction score of 95 %**.
