## Reading Comprehension Exercise 1

Lower Primary Beginner English

### Liam and the Secret Tooth Fairy

When Liam lifted his pillow, he was shocked. A tiny fairy was tugging on the tooth he had left behind, but it was much too heavy for her. She tumbled backward and landed on Liam's arm.

"Whoa! A fairy? Is this real, or am I dreaming?" asked Liam. The little fairy's wings fluttered nervously. "I'm... I'm a tooth fairy! Please don't be angry!" she said.

"I'm not angry," Liam whispered. "I'm Liam. What's your name?" The fairy smiled. "I'm Silvermist. But please, don't tell anyone you saw me." She gently tapped her wand, and suddenly Liam felt his eyes closing as sleep washed over him. The next morning, Liam jumped up and checked under his pillow. His tooth was gone, but in its place lay a sparkling gold coin. His parents had no idea where it came from. Liam now knew it was a magical gift from the tooth fairy.
