Choose the word(s) closest in meaning to the underlined word(s).
Circle the correct word in the boxes.

Not only is Mount Fuji one of the most iconic mountains in Japan, it is also a prominent freestanding volcano. Fuji is an active volcano and it is one of the most (1) massive in the region. Near its summit, snow (2) extends down gentle slopes that have been (3) eroded by wind and rain over time. Fuji is one of the world's most (4) accessible high summits, attracting many visitors each year. Most climbers reach the peak with little more than a walking stick, proper clothing and most importantly (5) determination. The mountain holds great cultural significance and is often depicted in Japanese art. Its nearly perfect symmetrical shape makes it a popular subject for photographers and hikers alike.

1	substantial	considerable	vast	gigantic
2	expands	lengthens	increases	stretches
3	scoured	washed	worn down	battered
4	approachable	available	friendly	reachable
