

Creative Writing - Describe Weather

Lower Primary Beginner English

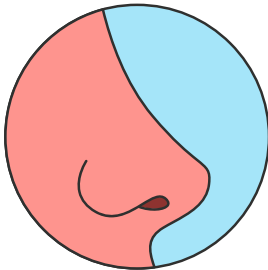

We use our 5 senses in our descriptive writing to share our experiences with the reader.

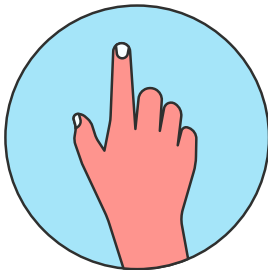

To convey sight in descriptive writing, use vivid, specific details that help the reader picture the scene or character clearly in their mind.

To convey sound in descriptive writing, use lively, sensory language and specific sound words that help the reader hear and feel the noise as if they are present.

To convey smell in descriptive writing, use rich, precise adjectives and comparisons that help the reader imagine the scent and its emotional impact as if they are experiencing it themselves.

Use detailed, vivid adjectives and comparisons in descriptive writing about smell to help readers fully imagine the scent and feel its emotional effect as if they were experiencing it firsthand.

To convey touch in descriptive writing, use vivid and precise sensory language that describes texture, temperature, pressure, and emotional reactions to make the reader feel the sensation as if it were happening to them.

Creative Writing - Describe Weather

Lower Primary Beginner English

Use the 5 senses to describe the weather to set the mood in your story. You can put it in your introduction paragraph. Set the time of the day or change in climate will help to describe a setting.
