## Our Mission

Crime Watch is a community of concerned citizens in Greenville County dedicated to preventing crime and promoting safety. We provide members with the tools and resources to protect their homes and families, while also organizing neighborhood crime watches to create a united front against criminal activities.

## Why you need to Contact Us

What is the statistical probability that you will be a victim and much more?

According to neighborhood scout: "January 2, 2024 - With a crime rate of **44 per one thousand residents**, Greenville has one of the highest crime rates in America compared to all communities of all sizes - from the smallest towns to the very largest cities. **One's chance of becoming a victim of either violent or property crime here is one in 23.**" [Click Here](#) The neighborhood scout website has other data other than simply crime. For example: School ratings data.

***TO SAFETY***

We help neighborhoods setup and connect with the Neighborhood Watch Program with the Greenville County Sherriff’s Office.

We help unite concerned neighbors to develop their own “homeland security network” of volunteer leaders to work with their local law enforcement officers.

This partnership helps fight against crime more efficiently as well as enabling communities to prepare for all types of emergencies, and natural disasters.

## “Benefits of Neighborhood Watch

There are obvious benefits Neighborhood Watch volunteers and their communities have experienced throughout the years such as:

- a reduction in crime
- a better quality of life
- a greater sense of security, responsibility, and personal control<sup>3</sup>
- building community pride and unity
- preparing for helping others and ourselves in our community
- providing law enforcement agencies with volunteer support year round
- becoming the extra “eyes and ears” of law enforcement personnel and therefore reduce law enforcement’s burden”

## “Community Members

Neighborhood Watch members have several responsibilities. One of the most important things a member can do is to remain active. An active member will help create and maintain a level of excitement about the program and will help recruit more members, leading to a higher level of crime prevention. It is the responsibility of members to stay informed about issues in their neighborhood and community. This information should be shared with others to keep members motivated and to prevent the group from becoming stagnant.” NSA\_NW\_Manual pages 3
