

Dress Code

I agree to dress in a way that honours God and is respectful and considerate of others, rather than in a way that pleases and serves myself, and rather than an unthinking submission to the ways of the world.

Specifically, the dress code required for the 2024 GLEF includes:

- No revealing clothing
 - For women: no exposed cleavage, bra-straps, underwear, midriff; no spaghetti-straps or tube-tops; no ripped clothing. All bottoms—skirts and shorts—must hit past the knee.
 - For men: no underwear exposure or ripped clothing
- Wear clothing that shows proper respect for Worship Service and for Forum meetings.

We do not intend these rules to encourage legalism, but rather to encourage a proper attitude toward God and others, bearing fruit in our dress and self-conduct.

Failure to adhere to the dress code may result in one of the following, depending on the frequency of transgression: a request to change your clothing, a request to leave the meeting, a retraction of scholarship.

I agree to the specified dress code:
