MOROCCAN HAND-MADE ZELLIGE

MOROCCAN ZELLIGE

SPACES
WHERE
MOROCCAN
TRADITION
TRANSCENDS
MODERNITY

At the heart of the Almira Workshops lies the desire to sublimate Moroccan zellige, this fired clay mosaic, handmade following an age-old process.

Through our collections, we bring forth a creative dimension to the zellige's original and authentic beauty, to adapt it to all the requirements of contemporary design and to the imagination of a unique interior decor.

All of our zellige patterns were designed and crafted in a perfect synergy involving all stakeholders, from the style and architectural design definition phase all the way to the final laying of the zellige panels.

PRE - ASSEMBLED ZELLIGE A UNIQUE INNOVATION

Almira launched a unique innovation :

The “pre-assembled, ready-to-install, push-in zellige”.
A real revolution, exclusively developed and pioneered by the
Almira Workshops.

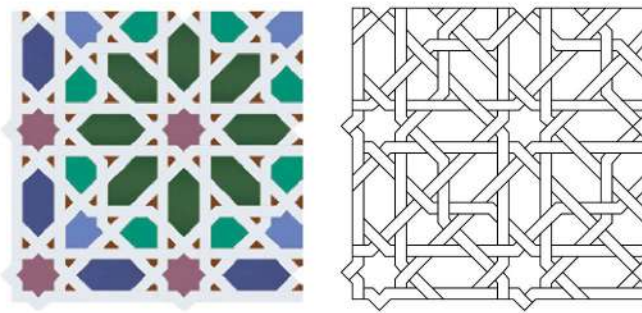

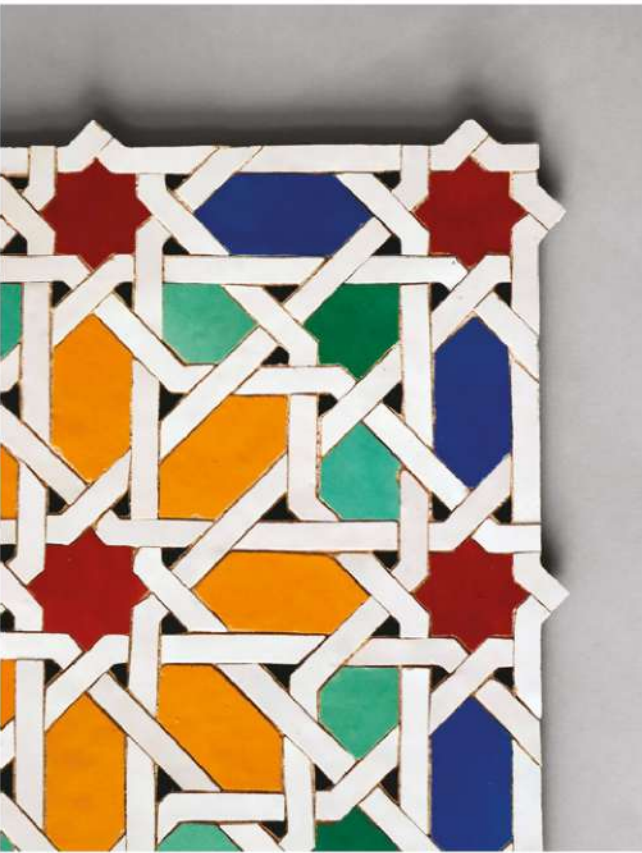

As such, through unique know-how and building on their
mastery of traditional zellige techniques originating from Fes,
the Almira Workshops developed new application techniques.

This resulted in an exclusive process for manufacturing zellige
patterns in pre-assembled form, making it possible to install
the zellige as easily and rapidly as conventional tiles.
