Rupert Belono

To our Producers, Detra Deden & Silerios Simioni for your dedication and constant support during this and previous projects.

Recorded, produced and mixed between May 2021 & April 2022

Release date: 18th April 2022

SONIC WOMAN

I can't listen now No more, no more
Easy come, easy go
No more, no more.

I'd always seen
Something bad
And I've healed from all the scars
I think I've been, here before
This is how I know when I'm listening

My brain reacts, way past my fears
Do you really wanna blame me? Oh yeah..

I think once or twice When I'm listening...Hey!
Cuz hearing ain't what I'm used to
Passions run high when I look at you, yeah

Do you really wanna blame me?

I can't listen now No more, no more
I can't listen now No more, no more

SPEAK SO LOUD

Speak so loud, hate you now
Do you want me?
Sussed you out, there's no doubt
Cuz boy you're playing the game, the game
Which only excites you, excites you
It comes back to bite you
Hey I never really liked you

Speak so loud, echo's now

Love yourself, feel so proud
Can you tell me?
Shut your mouth, over and out
Cuz I told you that I liked you, liked you.
Which I know excites you, delights you
Always try to play me, play me
And now you say I'm crazy
Hey I never really liked you

Speak so loud, echo's now

I have never been fooled before
I can hear you laugh, I just can't take it anymore
You have no empathy anywhere
I could scream at you, you wouldn't even care

Speak so loud, in your crowd
Do you hear me?
Listen to me, let's just see
Cuz boy you're playing the game, the game
Which only excites you, ignites you
You'll pay a price believe me, believe me
It comes back to bite you
Hey I never really liked you

Speak so loud, echo's now

GET IT ON

Love is all around
It's why you're here
Our passion is loud and clear
So get it on, stand by dear
Let me love you here, oh be just still

Don't give me no bullshit
Don't you run and hide
Yeah you bring me to a high
And I can see why

I let you wait
Yes, night after night
Just holding each other, till early morning light
But I feel it's time
To give it a try, so hold my hand
I know I won't regret this
Cuz I want you

Baby I'm loving
Simply I'm craving
Oh please, get
Baby I'm loving
Simply I'm craving
Oh please, get
Get it on tonight

Love is all around
It's why you're here
Our passion is loud and clear
So get it on, stand by dear
Let me love you here, oh be just still

Oh can you believe, we are here
Oh passion centres me cuz I'm in love
That's right...I'm in love

LOST CAUSE

So amazing baby
I couldn't believe my ears
I don't know what I'm doing here
I guess it's a mess, so insincere
Cuz you ain't the one, its clear
Oh no, I need to clear out of here
Cuz of you..I've had enough

I'm giving up, I like for you to go
Ooooooh
You.....It's very clear, clear you're a lost cause

Chorus:
Will I ever find a way
I'm giving up a lot
I've wasted every piece of me
Now I see a lost
Lost cause
A lost cause, lost cause..Yeah

I ain't delaying baby
I'll finish my drink then leave
I guess you won't be seeing me again
I guess it's a mess, so insincere
Cuz you ain't the one, its clear
Oh no, I need to clear out of here
Cuz of you..I've had enough

The trouble is
I'm alone, It's true
The same game, different name
Failing me, again
I know, I know..Yeah
Should know better, should know better
I ain't gonna settle, my foot on the metal...I know
Mmmmm....Mmmmmm Yeah

TURN TO YOU

I ain't insecure
But I need a simple peace of mind

I'll be always yours
Till I die, till the end of time

Cuz I need ya, be here for ya
Heaven help me
I ain't begging to control me
Babe it's easy

I remember when a different place, something that's peace of mind
To be in love with you, was not a crime, Yeah I did my time

Cuz I need ya, be here for ya
Heaven help me
I ain't begging to control me
Babe it's easy

OK, cuz I'm a girl
You need to love me
When I'm down
I'm really happy, when I turn to you
Turn to you
Baby turn to you
Hey

OK, cuz I'm a girl
You need to love me
When I'm down
I'm really happy, when I turn to you
Turn to you
Baby turn to you
Hey

We've been here before
Travelled many roads, time after time
Hopeless case I'm sure
I just want really want peace of mind

TIZRE
THIS AIN'T WHAT YOU WANTED

HOW I LOST YOU

Prepared, I wonder how I lost you.
Unaware, now I regret all too soon

You're blameless baby now
My wrongs never told me how

I'll always be thinking how, thinking how, thinking how, thinking how I lost you.

Uncared, driven by the past
Protest, how long this guilt can last

You're blameless baby now
My wrongs never told me how

I'll always be thinking how, thinking how, thinking how, thinking how I lost you.

Pictures never see the lies
My eyes kept it all inside
I know, believe me I know.

Careless whisper in the night
This love won't hold me tight
I know, believe me, I know.

Crazy you, is crazy me
Begging for it's release
I know. Believe me I know.... believe me, I know.

Prepared, I wonder how I lost you.
Unaware, now I regret all too soon

You're blameless baby now
My wrongs never told me how

I'll always be thinking how, thinking how, thinking how, thinking how I lost you.

Uncared, driven by the past
Protest, how long this guilt can last

You're blameless baby now

My wrongs never told me how

I'll always be thinking how, thinking how, thinking how, thinking how I lost you.

LOVING YOU LATELY

I stood your ground and more for you
Cuz you asked, cuz you asked me to
I shared my thoughts, got deep with you
Cuz I wanted, wanted to
I don't care, I had some doubts, yeah that's right
Easy come, easy go, I won't put up a fight
I'll break this problem down for you
Cuz I need, cuz I'm needing to
It won't be easy hearing this
But I need to get it across to you

You've been growing colder
A chip upon your shoulder
You're wasting my time
Its been longer, than it should be
I'm not sure of this love I found
There's no resolve again

Loving you lately
Loving you
Loving you lately
Loving you lately
Loving you
Loving you lately

I moved heaven and earth for you
Cuz I wanted, wanted to
You shared your past, got deep with you
Cuz you wanted, wanted to
I despair, I had some doubts, yeah that's right
Easy come, easy go, I won't put up a fight

I've really tried, not to misbehave
Don't say a word, I feel betrayed
Well what can you say, no point anyway...anyway

I should fly back, yeah move away
Land of the free, home of the brave
Don't care what you say, no point anyway

THIS AIN'T WHAT YOU WANTED

Was it just a notion?
I felt your love come raining down
Oh it's coming....
Oh when I held you once, it's so profound
And I believe, the world turns round and round
You told me I should leave
Told me I should leave....now

It's just imagination
The burden bearing down
Oh it's coming
Oh the end you held to see
And I conceive, my dreams failing me
You told me I should leave
Told me I should leave....now

Now you're free, rid of me
But I know this ain't what you wanted

Now you're free, rid of me
But I know this ain't what you wanted

Our love, no complication
Angels crashing down
Oh they're coming...
Oh they're going to take my crown
And your trust in me, failing me, for all to see
You told me I should leave
Told me I should leave....now

Heading home without you here
We are done, it's loud and clear
No more tears, no more pain
Never to see you again

Now you're free, rid of me
But I know this ain't what you wanted

Now you're free, rid of me
But I know this ain't what you wanted

FUTURE FAKED

The moonlight says something
Paradigm
Shifting time of sand
Which falls
If shadows surround me
Light years away
Brought me here to you
I wanna go ahead
I want to believe in something
Souls across this land
I can't believe...It had me again...brought me here to you

You'll be the one that I lose
You'll be the one that I lose
You'll be the one that I lose, future faked by you
You'll be the one that I lose
You'll be the one that I lose
You'll be the one that I lose, future faked by you....future faked by you...

Beautiful lips, fill me up
Makes no difference at all
I'd just believe, believed in me
Don't echo, what it was
You know you fooled me babe
Just leading, leading me on this way
Brought me here to you

I wanted to believe in something
Fools across this land
If shadows surround me
Brought me here to you

You'll be the one that I lose
You'll be the one that I lose
You'll be the one that I lose, future faked by you
You'll be the one that I lose
You'll be the one that I lose
You'll be the one that I lose, future faked by you....future faked by you...

I'LL NEVER GIVE UP

Why was it that you broke my heart
The sun don't shine since we've been apart
Time stood still since we reached the end
We reached the end

Don't lose sight, your heart will mend...I know
You know I felt the pain
You need a reason to start again
We conceive, we need to believe, I know
You need a blessing, I know
Its heartache that stops you again

You don't understand how I fell apart
A wicked game to tear my heart
Thoughts of you really haunt me
You've haunted me

Come on boy, I need to make you see
You need the live your life
Can you do this for me?
I'll love you as a friend

I'll never give up as long as I'm alive
That's the truth
Cuz dreams you see disappear with me
That's the truth
I'll never give up as long as I'm alive
That's the truth
Cuz dreams you see disappear with me
That's the truth

Why was it that you broke my heart
The sun don't shine since we've been apart
Time stood still since we reached the end
We reached the end

Don't lose sight, your heart will mend...I know
You know I felt the pain
You need a reason to start again
We conceive, we need to believe, I know
You need a blessing, I know
Its heartache that stops you again

I really can't accept we're apart
My dream said follow your heart
I really can't accept we're apart
We're apart, we're apart

POPULATION ONE

Population one
Make believe for me
It feel's so shallow
Minds so narrow

Population one
Never done me wrong
It feels so hollow
There's no tomorrow

Sunlight, makes you feel bright
Let's go there, but beware
Moonlight, makes you feel right
Standing there, we're unaware

Population one
Make believe for me
It feel's so shallow
Minds so narrow

Population one
Never done me wrong
It feels so hollow
There's no tomorrow

There's fun, I don't see none
Mislead you there, they don't care
Love is, is a false quiz
Sitting there, they're unaware

Brought to you by satellite
Sponsored by a meteorite
Its' all deployed to scare you
Wait...ooh wait..where did you go?
Hey where, where...where did you go?

Typically, see what you see
But don't see, see you there
Solo, the world I know
Sitting there, they're unaware

NEED YOU HERE WITH ME

IS IT ME THAT'S CONFUSED?
EMPTY HEART, I'M FEELING BRUISED
PLEASE TAKE MY PAIN AWAY
THE WORDS, I'D HEARD YOU SAY

I JUST CAN'T LIVE ALONE
I CAN'T STAND IT ON MY OWN
THE SPACE IS TOO BIG TO FILL
OUR LOVE YOU HAD TO KILL

YOU DISAPPEARED
OVER THAT HILL
SOLITUDE IS LEFT FOR ME
WE HAD A BELIEF
IT'S JUST YOU AND ME
YOU'RE THE PUZZLE, THAT'S LOCKED IN ME
NEED YOU HERE WITH ME...

OH....
YEAH....
OOOH...
NEED YOU HERE WITH ME
HAVE TO FIND A WAY THROUGH THE DARK

NEED YOU HERE WITH ME
I'VE LOOKED NEAR AND FAR
NEED YOU HERE WITH ME
I'VE LOOKED NEAR AND FAR
NEED YOU HERE WITH ME
BABY, I JUST CAN'T LET YOU GO

I'M BRUISING SO SLOWLEY
I FEEL LIKE A CLOWN
SADNESS AND HEARTACHE
THE CROWD JUST SEES A FROWN
IF I COULD JUST SEE YOU
I'D MAKE IT WORK
LET'S MEET FOR FORGIVENESS
LET'S TURN BACK THE CLOCK

IS IT ME THAT'S CONFUSED?
EMPTY HEART, I'M FEELING BRUISED
PLEASE TAKE MY PAIN AWAY
THE WORDS, I'D HEARD YOU SAY

I JUST CAN'T LIVE ALONE
I CAN'T STAND IT ON MY OWN
THE SPACE IS TOO BIG TO FILL
OUR LOVE YOU HAD TO KILL

YOU DISAPPEARED
OVER THAT HILL
SOLITUDE IS LEFT FOR ME
WE HAD A BELIEF
IT'S JUST YOU AND ME
YOU'RE THE PUZZLE, THAT'S LOCKED IN ME
NEED YOU HERE WITH ME...

OH....
YEAH....
OOOH...
NEED YOU HERE WITH ME
HAVE TO FIND A WAY THROUGH THE DARK

NEED YOU HERE WITH ME
I'VE LOOKED NEAR AND FAR
NEED YOU HERE WITH ME
I'VE LOOKED NEAR AND FAR
NEED YOU HERE WITH ME
BABY, I JUST CAN'T LET YOU GO

FROM THE FIRST DAY

Hopeless case of loving you
I saw your eyes
Made me shimmer

Blown away by your mind
It made me think
I wanna see you again

Don't know how you do it
It feels so nice
It makes me want to tell my feelings
Don't know how we seem connected
It makes me, it makes me want to tell my feelings

You're simply are amazing babe
I need to discover more about yer..yeah
I never felt this before you came
So let me tell you, how much you colour up my mind

Colour blinded by your rainbow baby
Prism lights reflect in you
Now there's no doubt in my mind
Spellbound....

Your strength boosts my pride
It makes me live
You make it easy, to take me

Fields of gold, surrounding me
You pull me up
An angel shines with me
I don't know how you do it

Don't know how you do it
It makes me, it makes me want to tell my feelings
Don't know how we seem connected
It feels so nice.....It makes me want to tell my feelings

THE PAST

Photographs in the fire
Every flame destroys desire
It feels OK, a funeral pyre
Burn the past with me, with me

Remember dreams don't last forever
I live in the now or never
If you come with me, then come
We'll burn our past be free, free

Some may I say, I'm a liar
Its not ok, it got me higher
If you feel upset, this I get
Burn the past with me, with me

I tried to change, to make you love me
Was it good enough, to need me
I guess it's not, you forgot
We'll burn our past

Burn up the past, and leave this place
Burn up the past as we fall from grace
Burn up the past as we say goodbye, say goodbye...say goodbye

Photographs in the fire
Every flame destroys desire
It feels OK, a funeral pyre
Burn the past with me, with me

Flames in my soul, let me go, let me go
The past burns my soul, let us go, let us go
Pictures of you, let me know, let me know
The memories of you, burn away, burn away

Burn up the past, and leave this place
Burn up the past as we fall from grace
Burn up the past as we say goodbye, say goodbye

Remember dreams don't last forever
I live in the now or never
If you come with me, then come
We'll burn our past be free, free

ENOUGH TIME

Falling
I just keep falling
Will it come around
The one
I just need the one
But everyday I'm filled with doubt
I guess I lost the toss
Never had a sense of loss
We could go back to how it was yeah
I'm not scared, be prepared
I'm sure..You're there somewhere

Left or rights confusing
I feel the game of love I'm losing
When we play this game
I just can't believe I'm choosing
Find the one, is so inconclusive
So how can I refuse it
Even though I'm the one whose losing
I just can't believe I'm choosing
Find the one is so inconclusive

I believe babe
This swiping left or right is driving me mad
Please understand
I worry everyday, because
Enough time
I can't believe, I'll find the one
Enough time
Not sure I can do it.

Calling,
Then you stop calling
Will it come around
The one
I just need the one
But everyday I'm filled with doubt
I guess I lost the toss
Never had a sense of loss
We could go back to how it was yeah
I'm not scared, be prepared
I'm sure, You're there somewhere
