Portable lamp

Model: SL100

- Technical specifications :
- A. Battery Capacity: 100W
 - B. Battery Life: 8-10 hours
 - C. Charging Method: Public grid
 - D. Output Ports: 1 USB port
 - E. Light Type:
 - Flashlight
 - Continuous Light
 - Flashing Light
 - F. Dimensions: Diameter 13cm, Height 13cm
 - G. Weight: 0.3kg

Price: USD 12

Multipurpose solar chargers

Model: SL92-L2
(Portable System)

Battery life

Number of items	Items	Battery life
2	Led light (10W)	7 hours
1	Laptop (200W)	
1	Cell phone charger (5W)	
1	Router (5W)	

- Technical specifications:
- A. System capacity: 300 W
 - B. Battery type: LiFePO4
 - C. Charging method: solar, public grid
 - D. Output ports: 2 USB ports, 2 ports for connecting LED lights, 1 AC outlet
 - E. Integrated flashlight
 - F. Includes a 50 W photovoltaic panel
 - G. Includes two LED lights and their connection cables
 - H. System dimensions: 23.5 x 12.5 x 13 cm
 - I. System weight: 3.6 kg

One-year warranty against manufacturing defects

5% discount for cash or bank transfer payments

Price: USD 195

Multipurpose solar chargers

Model: SL79-L2
(Portable System)

Battery life

Number of items	Items	Battery life
4	Led light (10W)	7 hours
1	Laptop (200W)	
2	Cell phone charger (5W)	
1	Router (5W)	
1	Smart TV (150W)	

Technical specifications:

A. System capacity: 500 W

B. Battery type: LiFePO4

C. Charging method:

solar,

public grid

D. Output ports:

2 USB ports

4 ports for connecting LED lights

2 AC outlets

E. Integrated flashlight

F. Includes a 100 W photovoltaic panel

G. Includes 4 LED lights and their connection cables

H. System dimensions: 22.5 x 12.5 x 15.5 cm

I. System weight: 10 kg

One-year warranty
against manufacturing
defects

5% discount for cash or
bank transfer payments

Price: USD 350

Multipurpose solar chargers

Model: SL96
(Portable System)

Battery life

Number of items	Items	Battery life
2	Led light (10W)	7 hours
2	Laptop (200W)	
2	Cell phone charger (5W)	
1	Router (5W)	
1	Smart TV (150W)	
1	Refrigerator (220W)	

Technical specifications:

A. System capacity: 1500 W

B. Battery type: LiFePO4

C. Charging method:
solar,
public grid

D. Output ports:
6 USB ports
4 ports for connecting
LED spotlights
3 AC outlets

E. Two integrated flashlights

F. Includes four 100 W
photovoltaic panels

G. Includes two LED
spotlights and their
connection cables

G. System dimensions: 32.5 x
20 x 20 cm

H. System weight: 20 kg

One-year warranty
against manufacturing
defects

5% discount for cash or
bank transfer payments

Price: USD 998

Multipurpose solar chargers

Model: SL31
(Sistema portatil)

Battery life

Number of items	Items	Battery life
4	Led light (10W)	7 hours
1	Laptop (200W)	
1	Cell phone charger (5W)	
1	Router (5W)	

Technical specifications:
