

## **Maths Revision Audit: Foundation Tier**

Use this audit to check which topics you feel confident with, which ones you need more practice on, and which ones you're unsure about. This will help you focus your revision time more effectively.

<b>Topic</b>			
<b>Numbers</b>	<b>Not sure</b>	<b>Needs Practice</b>	<b>Confident</b>
Integers and place value			
Decimals & rounding			
Factors, multiples and primes			
Fractions, decimals and percentages			
Indices and roots			
Standard form			
Estimation			
<b>Alegbra</b>	<b>Not sure</b>	<b>Needs Practice</b>	<b>Confident</b>
Algebraic expressions and simplifying			
Substitution			
Expanding and factorising			
Equations & inequalities			
Sequences			
Graphs of functions			

Please visit [www.GCSEsaturdayschool.co.uk](http://www.GCSEsaturdayschool.co.uk) for information about our fantastic Saturday and holiday courses for GCSE pupils

<b>Ratio, Proportion &amp; Rates of Change</b>	<b>Not sure</b>	<b>Needs Practice</b>	<b>Confident</b>
Ratio and proportion			
Percentages			
Compound measures			
Direct and inverse proportion			
<b>Geometry &amp; Measures</b>	<b>Not sure</b>	<b>Needs Practice</b>	<b>Confident</b>
Angles and properties of shapes			
Perimeter, area and volume			
Circles and sectors			
Transformations			
Units & scale drawings			
Bearings			
<b>Probability</b>	<b>Not sure</b>	<b>Needs Practice</b>	<b>Confident</b>
Basic probability			
Experimental probability			
Venn diagrams & sets			
Tree diagrams			
Statistics			
Averages and range			
Representing data (bar charts, pie charts, etc.)			
Scatter graphs and correlation			

Please visit [www.GCSEsaturdayschool.co.uk](http://www.GCSEsaturdayschool.co.uk) for information about our fantastic Saturday and holiday courses for GCSE pupils

Statistics	Not sure	Needs Practice	Confident
Averages and range			
Representing data (bar charts, pie charts, etc.)			
Scatter graphs and correlation			
Averages and range			
Representing data (bar charts, pie charts, etc.)
