## Company Profile

### OVERVIEW

EnergeticNP is a diversified business organization specializing in three core sectors: Trading, Contracting, and Hospitality Services. Established in 2024, our company has built a reputation for delivering high-quality services, exceeding client expectations, and adapting to the evolving needs of the market. With a global presence and a deep understanding of local and international markets, we strive to provide integrated solutions tailored to the needs of our clients.

### MISSION

Our mission is to provide exceptional and innovative services in trading, contracting, and hospitality that contribute to the success and satisfaction of our clients. We aim to operate with integrity, professionalism, and dedication to delivering value in every sector we engage with.

### VISION

To be a leading company known for excellence and reliability in trading, contracting, and hospitality services, offering sustainable growth and fostering long-term partnerships.

# CORE SERVICES

## 1. Trading Services

EnergeticNP is an active player in the trading sector, specializing in the import and export of high-demand goods and commodities across multiple industries. Our trading expertise spans:

### Trading of Animal Feed Products

- We trade a variety of feed ingredients such as grains, protein meals, vitamins, minerals, and premixes. Our products support the growth and health of livestock, poultry, aquaculture, and pets.

### Custom Feed Solutions

- We work closely with farmers and animal nutritionists to provide tailored feed solutions that match the specific nutritional needs of different animal species.

### Supply Chain Management

- We ensure a seamless supply chain, sourcing high-quality ingredients from reliable suppliers and ensuring on-time delivery to customers worldwide.

### Sustainability and Eco-Friendly Practices

- We prioritize sustainable practices, sourcing feed ingredients that are responsibly produced and contributing to the reduction of environmental impact.

## 2. Contracting Services

At EnergeticNP, we are proud of our extensive experience in the contracting sector, offering top-tier services in construction, renovation, and project management. Our contracting services include:

### General Contracting

- Full-service construction and renovation of residential, commercial, and industrial buildings, including the management of subcontractors and coordination of all phases of the project.

### Specialized Contracting

- Offering services like electrical, plumbing, Split, window AC installation, all kind of painting, polishing and more, we ensure that each aspect of the project is executed with precision and adherence to industry standards.

### Project Management

- Our expert team provides oversight and guidance on construction projects from start to finish, ensuring timelines, budgets, and quality standards are met.

## 3. Hospitality Services

In the hospitality sector, EnergeticNP delivers world-class services that ensure memorable experiences for guests, whether traveling for business or leisure. Our hospitality services include:

## **Hotel and Resort Management**

- We manage a range of accommodations, from luxury hotels to boutique resorts, offering exceptional guest services, event hosting, and recreational facilities.

## **Restaurant and Catering Services**

- We operate fine dining establishments and cater for private events, corporate functions, and large gatherings, offering high-quality cuisine and unparalleled service.

## **Event Planning and Management**

- From corporate conferences to weddings, our event planning team ensures seamless execution, coordinating every detail from venue selection to catering and entertainment.

## **Housekeeping Services**

- We offer professional cleaning for offices, corporate spaces, retail outlets, and industrial facilities. Our services include regular office cleaning, deep cleaning, carpet and upholstery care, restroom sanitation, and waste management.
- Our team provides customized cleaning solutions for homes, apartments, and residential buildings, covering general housekeeping, deep cleaning, and move-in/move-out services.
- Removing debris, dust, and construction waste from newly built or renovated spaces.
- Comprehensive cleaning services for after-event spaces, including floors, seating areas, and common spaces.
- We offer advanced sanitization and disinfection services, especially for high-touch areas, to ensure hygiene and health safety.
- We provide regular janitorial services for businesses, ensuring that your premises stay clean and organized on a daily or weekly basis.
- Specialized floor cleaning, buffing, waxing, and polishing services for all types of flooring, including tiles, carpets, hardwood, and vinyl.
- We prioritize the use of green, eco-friendly cleaning products to ensure a safe and healthy environment for both our clients and the planet.

## **WHY CHOOSE US ?**

### **Expertise Across Multiple Industries**

- We leverage our diverse expertise in trading, contracting, and hospitality to offer comprehensive solutions to our clients, ensuring synergy across all our services.

### **Global Reach, Local Focus**

- We combine the global outlook of a trading company with a deep understanding of local needs, providing services that are both internationally competitive and locally relevant.

## Commitment to Quality

- Our company maintains a strict quality control process in all aspects of our operations. Whether it's the goods we trade, the construction projects we manage, or the experiences we offer in hospitality, quality is at the forefront.

## Sustainable Practices

- We prioritize sustainability and environmental responsibility in all our projects and services, ensuring minimal impact on the environment while providing excellent service.

## OUR VALUES

**Integrity:** We adhere to the highest ethical standards in all our business dealings.

**Customer Satisfaction:** Our clients are at the heart of everything we do. We ensure that each project or service meets their needs and expectations.

**Innovation:** We embrace new technologies and methodologies to improve efficiency and service quality across all sectors.
