

ACRYLIC POURING

DIRTY POUR

Materials:

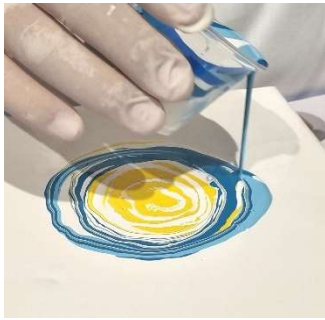

- Small Canvas 20 x20cm
- Premixed Acrylic Paint (or mix yourself)
1 part Acrylic Paint, 2 parts FLOETROL, 1 part Water
add 3 drops SILICON OIL for CELLS in paint (doesn't have to be in every colour, NEVER put oil in your first and last layer!)
- Pillow/Base paint (wall paint mixed with water)
- CUP 100ml or bigger, or use a SPLIT-CUP
- Gloves, cover for workspace, Wood Stick or Spatular, wet cloth

How to do:

1. Prepare your **CANVAS**. Put in the **wood keys** into the slots.
2. Choose **3 – 4 Colours** which mix well together.
Try on paper how they mix. Don't use complimentary colours (opposite on colour wheel)
In the beginning stay with monochromatic colours (neighbours, choose warm or cool colours, you can always add in one layer of a contrast colour)
3. Pour on **BASE PAINT - WHITE** for better flow. (wall paint mixed with water)
4. Start pouring the colours into your **CUP**.
Tilt cup – pour in colours **SLOWLY**
One colour after the other – layer the colours, repeat **3 to 4 times**, until cup is $\frac{3}{4}$ full.

5. Pour colours on your CANVAS. Start holding cup over middle of canvas.

Do slow zig-zag movements until cup is empty.

Go in circles or move around freely.

Don't go too far out to the edge, as paint will run over edge and you will lose more colour.

6. Start tilting the canvas – let the colour run over the edges.

Move slowly up and down until you get nice lines and shapes.

7. With a wood stick you can work out some fine lines and details.

8. Blow over with heat gun or hair dryer to remove air-bubbles in colour.

9. Let dry for 24 hours.

Finish up with a clear VARNISH (spray or liquid) to protect your painting.

You can also use coconut oil.

Enjoy and have FUN!

Paint Measure Chart:

Canvas Size*	Paint in ml	Cup
20 x 20 cm (8"x8")	70 ml (2 oz/60gr)	Dressing cup 100ml
		Slit cup 4x 1/3 full
30 x 40 cm (12"x16")	200 ml (7 oz/180gr)	Drink cup 250 ml
		Slit cup 4x nearly full
50x60 cm (20"x24")	450 ml (17 oz/500gr)	

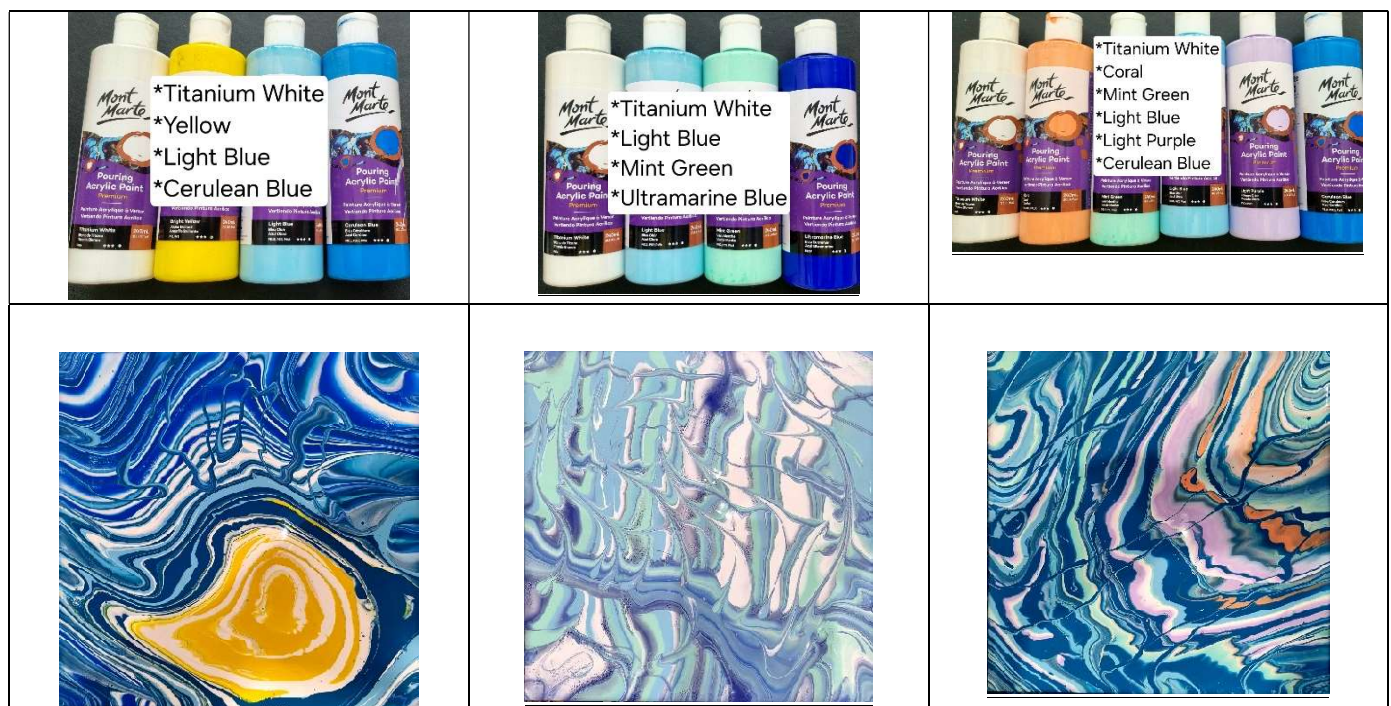

* small edges 1.5cm.

Canvas Size**	Paint in ml	Cup
25 x 25 cm (10"x10")	100 ml (4 oz/100gr)	cup 100- 150ml
		Slit cup 4x 1/2 full
30.5x30.5 cm (12"x12")	150 ml (5 oz/130gr)	Cup 200ml
		Slit cup 4x 3/4 full
40 x 50 cm (16"x20")	450 ml (13 oz/400gr)	cup 500 ml or 2x 250ml
		1 + 1/2 Slit cup 4x

**For deep edges 3.5cm you need more paint.

Colour Combinations:
