BE A PART OF THE NEW
SUNRISE INDUSTRY

WITH NOTOVOLT **SOLAR EPC** SOLUTIONS

PROVIDING SOLUTION ON
ENERGY REQUIREMENT FROM
RENEWABLE RESOURCES SINCE
2012

MANUFACTURING:

- UPS INVERTERS
- SOLAR HYBRID INVERTERS
- SOLAR PCU
- SOLAR GRID TIE INVERTER
- SOLAR PUMP DRIVES
- HIGH MAST LIGHTS
- BATTERIES
- CONTROL PANELS
- ACDB/DCDB

SERVICES:

- SOLAR POWER PLANT EPC
- ENERGY AUDIT AND
ELECTRICALS EPC
- SOLAR POWER PACKS
- HIGH MAST POLE EPC

ABOUT US

We are among the fastest growing companies in the renewable energy sector, sheet metal fabrication, and inverter manufacturing and home automation. We are also engaged in the business of providing utility scale end-to-end solar energy solutions.

We specialize in the development of 'ready-to-build' renewable energy infrastructure under our Co-Development Business model and providing engineering, construction and procurement ("EPC") services for renewable power projects. We are among the leading players in the solar industry with a demonstrated track record, along with being one of the pioneers of the Co-Development Business model.

Across our key business models, we have executed and / or are executing projects across 4 States in India such as Maharashtra, Karnataka, Telangana and Tamil Nadu. In addition, we have executed solar EPC projects with a cumulative capacity of 640 MWp across the country. We always believe in Developing and implementing new Technology to better our future

OUR MISSION

WE INTEND TO
OFFER BETTER
TOMORROW WITH
AFFORDABLE
RENEWABLE
SOLUTIONS

BUSINESS VERTICALS

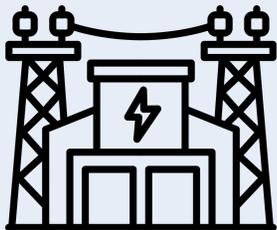

Solar Power Project

- 15 years of Experience in Technological implementation towards Solar industry. In house manufacturing of Inverters, PV panels and MMS structure.

Fabrication

- We started our fabrication unit as a subsidiary part for our solar power projects, with our sheet metal fabrication unit we develop Module mounting structure(MMS) for solar power projects and started to support various solar power projects across India. With our laser bending–sharing machine power, our unit can supply 15+ tons of MMS per day.

Electrical

- With our academics & professional experience over Electricals and Electronics, we started our first ventures by manufacturing UPS-Inverters, Solar Hybrid inverters and Solar Grid -Tie Inverters. With our Electrical license partners we have done 66KVA/33KVA Substation Commissioning and Implementation of SCADA for KPTCL & IPP's.

FMCG

- Fast moving consumable goods with our ancestors technique we produce, store and process the food products at our food processing and packing unit. We supply and export the produced food and also process fast moving consumable food items across the globe. We brand it as Amruthphala our focus is to bring the food straight from produced lands to your doorstep, with exceptional quality and taste
