

AG520 6 INCH GASOLINE EARTH AUGER

The AiPower 6 inch Gasoline Powered Earth Auger makes the exhausting work of digging holes easier and quicker to dig even and consistent holes from 6 inches to 34 inches deep for fencing, tree planting, display signs, deck supports, fence posts, and general construction projects. Powered by a 52cc 2-stroke gasoline-powered engine, the Earth Auger provides easy to use power you need to dig deep and keep on digging. Back-saving features like a breakaway clutch and shock absorbing spring help users navigate through obstacles like rocks and roots as safely as possible. The 6 in. auger bit comes complete with a hardened blade and fishtail point designed specifically for the earth drilling application. Fast forward your project from doing to done with a AiPower Earth Auger.

MODEL	AG520		FEATURES
Drilling	Drilling Depth	Up to 34 inch	Powerful and Efficient The 1.9 kW AiPower engine combines the advantages of a two-stroke and a four-stroke engine - it is economical, smooth, responsive and powerful. It produces less emissions and doesn't need an oil service. Tough and Durable Aluminum castings, alloy gears, and ball bearings- these are the materials used to make a transmission that can withstand repeatedly drilling into the ground. Steel welded handlebars offer the rugged durability needed at any jobsite. Long-life Air Filter System Together with the compensator that is integrated into the carburettor, the long-life air filter system offers long cleaning intervals and reliable engine protection. QuickStop Drill Break The Quickstop drill brake release lever stops the drill immediately when it gets stuck in the ground, It also serves as a reverse rotation lock - a stuck bit can then be easily unscrewed manually. Shock Absorbing A breakaway clutch minimizes torque transfer to the user when encountering rocks, roots and other obstacles during the digging process. The heavy-duty spring is designed to be shock absorbing allowing for safer and smoother operation. Multi-function Handle All operating elements for the engine control are integrated into the right-hand handle, enabling the drill to be operated by finger pressure. The hand always remains in a working position.
	Auger Drill Blade Diameter	6 inch (152mm)	
	Auger Drill Blade Length	800mm	
	Shaft	7/8 inch	
	Drilling Rotational Speed	170 U/Min	
Motor	Fuel Type	Gasoline	
	Stroke	2	
	Displacement (cc)	52 cc	
	Horse Power	2.2HP	
	Output	1.9 KW	
	Mixed Petrol/Oil Ratio	50:1	
	Rated Speed	8500rpm	
	Torque	8.0N.m	
	Starting Type	Recoil Pull Start	
	Fuel Capacity	1.1L	
	Lubricating Type	Oil	
Packing	Net Weight (kgs)	13	
	Gross Weight (kgs)	15	
	Powerhead Dimensions (L*W*H,mm)	550x335x339	
	Auger Bit Dimensions (L*W*H,mm)	810x210x210	
	Q'ty (20GP/40HQ)	278/650
