

2026

ANNUAL SPONSORSHIP OPPORTUNITIES

Investing in Long-Term Healing and Sustainable Impact

Dahlia's Hope provides multifaceted, holistic, trauma-informed aftercare services by licensed and experienced therapists to survivors of sex trafficking and sexual violence. We further address the residual effects on their families and children, as well as future generational trauma. Our commitment is to meet each survivor where they are in their stage of recovery and help them build and maintain a successful, independent life with hope for the future.

Our Annual Partnerships invite values-aligned individuals and organizations to invest in either a Dahlia's Hope annual event, or in a full-year of survivor-centered impact. Together, these partnerships provide the stability needed to sustain trauma-informed care, grow experiential and animal-assisted programs, and ensure survivors receive consistent support throughout every stage of healing.
