## "AUTUM INSPIRES"

Autumn is more than pumpkin spice lattes and back to school sales. It is a time when both those who take joy from laboring in the garden and those who admire their efforts reap the full bounty of plants sown months before. The vibrancy of fall colors and diversity of flowers, vegetables, and fruits inspire each one of us. Some of us have creative talents that find expression in floral designs, cooking that incorporates fall's bounty, written word, or any of the visual or performing arts. For others it is enough to gaze upon autumn's splendor, take delight in it, and be thankful for the beauty before us.

Visitors to Saint Paul's Episcopal Memorial Church on the occasion of the 23<sup>rd</sup> Flower Festival will also experience awe as they view the architecture and stained-glass windows of this historic triple land-mark church. They will enjoy a musical concert and elegant afternoon tea in a space adorned with seasonal floral arrangements designed by Federated Garden Clubs of New York. Funds raised from this event enable Saint Paul's to continue its community services.
