Swift Path
CONSULTING™

ABOUT OUR COMPANY

Swift Path Consulting (SDVOSB) delivers federal project, program and portfolio leadership for large-scale IT and enterprise transformations. Core strengths include Project Management and PMO/PPM governance in IT Modernization, ERP/Finance Transformation, and Data Analytics/BI/Conversion.

CORE COMPETENCIES

- ✓ **Program & Project Management**
 - Stand up and mature enterprise PMO governance with integrated master schedules.
 - Execute multi-vendor transformations with risk/issue/change control.
 - Lead cutover readiness, adoption, stabilization, and executive reporting.
 - Enterprise Level Scheduling
- ✓ **IT Modernization**
 - Deliver legacy-to-cloud case management and mission platform rollouts.
 - Govern integrations, data conversion, SIT/UAT, and readiness checkpoints.
 - Enable training and benefits realization with compliance built in.
- ✓ **ERP/Finance Transformation**
 - Guide Oracle Federal Financials & PRISM programs across fit/gap through O&M.
 - Orchestrate shared services (ARC), ICDS/RTMs, interfaces, and ETL.
 - Improve close cycles, audit readiness, and stabilization of finance operations.
- ✓ **Data Analytics/BI/Conversion**
 - Lead large-scale data conversion from source analysis to reconciled sign-off.
 - Build portfolio and mission analytics with lightweight pipelines and lineage.
 - Support incremental rollout, adoption, and data quality governance.
